**Silver Wedding Anniversary.**  
On last Friday, Oct. 2, '91, Mr. and Mrs. Wm. Gilmore, living about three miles south of Plattsmouth, celebrated their silver wedding anniversary. Although the weather was somewhat disagreeable being threatened with rain and roads being very muddy, the people began to gather by eleven o'clock and ere noon the house was overflowing with friends, each laden with tempting delicacies for the inner man.  
The day was spent in interesting conversation and talk of by gone days.  
Mr. Gilmore came to Nebraska long years ago and can therefore be classed among the old settlers of Cass county. He was married to Miss Lucy Towner, Oct. 2, 1866. A great many present were old settlers of this county and perhaps could give surprising accounts of the early life in Nebraska, the value of land, experiences of home life and travel and most of their could tell of events thirty and forty years ago in many of the most eastern states that made impressive and wondrous transformations in social and civil life. Of course there has been more sunshine than shadow in all those years, but most of the company could tell of disappointments, bereavements, and all kinds of heartaches that would melt the stoutest heart to pity. Some are getting old, even some gray headed, but their long lives prove that they have lived with much regard for the laws of their well being, prudent and industrious and are indeed loyal people.

The ladies had before hand prepared a sumptuous dinner and in order to understand just how the table groined, you would need to have been there and enjoyed with us the good things to eat. The ladies of this neighborhood can carry off the prize when it comes to preparing for the inner man.  
Mr. and Mrs. Gilmore were presented with some costly presents and after wishing that their days of life and prosperity may be long in the land, the guests bade host and hostess "good bye" each departing to their respective home.  
The names of those present were Messrs. and Mesdames, W. J. Hessler and daughter, D. A. Young, F. M. Young, Sr. and daughter, F. M. Young, Jr. and son, Joseph Sands, H. Smith, Ivan White, Anderson Root, Hiram McDonald, W. Hutchinson, J. W. Conn, Wm. Taylor, Levi Churchill, Frank Moore, Wm. Loughridge, Lee Oldham, G. C. Edson, Joshua Gapek, J. W. Edmonds, W. A. Brown, J. F. Marshall, H. W. Livingston, Wm. Murray, R. F. Dean, Wm. Morrow, Harry Todd, and Mesdames Armick and son, Carina, Livingston, Miss Blanche Hanning, Mr. Wm. Young and daughter.

Wales, of Bridgeport, Conn. has agreed to visit Omaha Oct. 8th and will be at the Millard Hotel. Mr. Wales is the inventor of the Sound Discs, which has attracted such widespread attention throughout the civilized world, and to the use of which is largely credited the decrease in deafness shown in the late census.

S. R. Whitticker, an employee at the B. & M. shops, met with quite a painful accident this morning. Dr. Livingston was at once summoned and at present the patient is doing well and his recovery assured.

**A Concert**

An interesting programme has been prepared by the Sunday School, and everything is being done by the young people to make the decorations attractive and appropriate. There will be an admission fee of ten cents—proceeds for state missions.

**A Big Salmon Crop**  
This is a great year for big crop. Now it is the salmon crop that exceeds anything in the history of the country. Puget Sound is reported to be so filled with salmon, making their annual run to the sound shores and the fresh water streams for feeding and spawning, that the steamboats seem to be floating on a solid mass of fish. The paddles kill hundreds of them and are choked with their bodies. The sound steamer captain describe the run as an unbroken string of salmon thirty miles long, the water for that distance being fairly abys with them.  
Neither the oldest inhabitants nor the aged Indians remember such a big salmon run. The result of the enormous run is a big reduction in price. Usually good salmon sell for ten to twenty-five cents apiece, but now at one cent each the market is glutted with the finest quality of fish. At Port Williams a few days ago two casts of a seine netted over 3,000 fine salmon. Everybody is fishing.
