THE REPUBLICAN PLATFORM.

The republican party of the state of Nebraska gives renewed expression of its devotion to the principles of the republican party and declares that those principles, as expressed by the national republican convention, should be the strong point of union between all republicans in the state of Nebraska.

We congratulate the people upon the marvelous prosperity attending the development and growth of the state of Nebraska during its twenty-four years of statehood under republican administration, and which has brought us to the front rank among the leading states of the union; and we can fearlessly assert that no state which has been controlled by democratic power, during any considerable time of the same period, can compare with us in the economical management of public affairs, in the rapid ratio of increase in population, wealth and general prosperity, notwithstanding the fact that there are within the borders of the state a number of dissatisfied persons who took advantage of the general financial depression which swept over the entire country to pave their way into temporary prominence by declaiming against the welfare of our people and slandering the fair name of our state.

We arraign the democratic party as the enemy of labor, scheming to break down the defense of protective laws, to block the wheels of home industry, and to degrade the masses of the people—a party controlled by aristocratic and sectional tendencies, the legacy of slavery. The republican party of Nebraska appeals to the intelligence and to the integrity of the people of this state and from all good citizens we invite support.

among our own people nor destroy the developing industries of our country.

We are heartily in favor of the general provisions of the interstate commerce act, and we demand the regulation of all railway and transportation lines in such a manner as to insure fair and reasonable rates to the producers and consumers of the country.

We favor such legislation as will prevent all illegal combinations and unjust exactions by aggregated capital and corporate powers. We insist upon the suppression of all trusts, combines and schemes designed to artificially increase the price of the necessities of life.

We regard the world's Columbian exposition as an important event in the world's history, and we are in hearty sympathy with every effort to make it a success. We should make a creditable exhibit of Nebraska's products, and we favor an additional appropriation by the next legislature for this purpose, that our prosperity and greatness may be fully exemplified. We take pride in this state. We recognize that its growth and power, its prosperity and good name have been the fruits of its industrial people, and we believe in such policies, state and national, as will promote justice and widen the opportunities among these classes. To their support in the future, as in the past, we pledge our most intelligent judgment and most sincere endeavor.

We denounce the Grand Island platform of the democratic party as framed with the deliberate purpose to mislead and deceive; wherein sympathy is expressed where none is felt; wherein help is proposed where none is rendered; wherein purposes are avowed which are not entertained. In support of this indictment we point to the pretended friendship for the soldier, while at the same time the democratic party has always proclaimed against the granting of liberal pensions; to the free silver plank, intended to deceive the supporters of free and unlimited coinage of silver, when it is known that many of the leaders of the party are opposed to the doctrine; to the failure to give the relief from exorbitant freight rates while it was afraid to either approve or censure the action of its acting alien governor for vetoing the Newberry bill.

We denounce the democratic party for its insinuations against the integrity of the supreme court of the state as an effort to make the judicial powers subordinate to political parties and as disgraceful to a political organization.

We denounce the democratic party for its double dealing with the civil and political rights of the people, wherein it appears to favor free and untrammeled elections in the state of Nebraska, but never raises its voice against the political outrages practiced against the republican voters, white and black, throughout the democratic states of the south.

We arraign the democratic party as the enemy of labor, scheming to break down the defense of protective laws, to block the wheels of home industry, and to degrade the masses of the people—a party controlled by aristocratic and sectional tendencies, the legacy of slavery. The republican party of Nebraska appeals to the intelligence and to the integrity of the people of this state and from all good citizens we invite support.

DEAL FAIRLY. DON'T forget that Blaine said the McKinley bill would not make a market for a single bushel of wheat or barrel of pork. It has not done it yet.—Journal.

As to what the writer of the above hopes to receive as a reward, THE HERALD is at a loss to determine. He surely knows that it cannot be substantiated by facts and thus it cannot serve to deceive voters as is apparently intended. Mr. Blaine used the words attributed to him by the Journal, in advocacy of the reciprocity feature of the bill. After the reciprocity clause became attached, Mr. Blaine's ideal plan for extending our markets and the plan which called for the words as quoted from him, was incorporated in the bill. Hence he was perfectly satisfied. Why could not our esteemed contemporary have stated the facts as they really were? Has this bill extended our markets? We answer in the affirmative and proof is very positive. By admitting Germany's beet sugar without duty, she accepts our pork. Similar negotiations are pending with France and Austria. Under the provision of the bill our wheat and etc is received in South American countries without duty while from all other countries a duty is exacted. Under the provision of the bill tinsplate industries have been established employing hundreds of men and thereby consuming large quantities of the commodities in question.

Such unwarranted attacks as the above were made by the democracy prior to the practical application of the bill, and last fall they had the desired effect, but now, that the fruits of the bill are plainly manifest there is no excuse for longer continuing this tirade of abuse and deception.

THE annual convention of the Iowa state farmers' alliance next week promises to be of unusual interest. The contest between the radical and conservative elements in the organization is certain to be renewed, and the result will determine whether the alliance is to continue on the lines it has thus far pursued and thus depart wholly from its original purpose. The con-

servatives have hitherto been victorious, but they have a harder fight on hand now than ever before, and the most sincere friends of the alliance are apprehensive. It is to be hoped their fears will prove to be unfounded, for the alliance will cease to be a power in the interest of the farmers the moment it becomes a political machine to be operated by demagogues for their personal advantage.—Bee.

THE fact that L. C. Eickhoff, republican candidate for county treasurer, will carry his own precinct solid, is surely sufficient evidence that he is held in the highest esteem by all who are acquainted with him. This is, perhaps, more than can be said of his opponents. No republican should neglect to vote for him.—Louisville Courier-Journal.

EVEN tin ware is cheaper now than it was three months since, notwithstanding the duty that was placed upon tin plate. This fall in price is accounted for by the fact that nearly 100 tinsplate manufacturers have begun operating in this country and the Wales monopolist, upon whom we were formerly forced to depend, has been brought to time by spirited competition. Let the good work go on.

THE republican county convention showed good judgment in renominating A. C. Mayes, of Plattsmouth for surveyor. Mr. Mayes has made a good surveyor, giving universal satisfaction to the people, and why not re-elect him? We know him to be qualified for the position and because he is a poor man is no reason we should kick him out and put in another. This paper is for A. C. Mayes for surveyor, first last and all at the time.—Louisville Courier-Journal.

SATISFACTORY evidence is being given in many instances that members of the republican party that were enticed into the independent camp last year, are becoming disgusted with the calamity organization and like the prodigal are returning to the party of their choice. On this point Judge Reese is quoted as follows:

Judge Reese, Broken Bow: In every township and every neighborhood in Custer county are men who have left the independent party and returned to the republicans, while I do not know a single instance in which a man will vote the independent ticket this fall, that did not do so last year. The West Union alliance that contained some eighty members last fall has gone to pieces and I am told others in the county find it hard work to get up any enthusiasm at their meetings which are being very slimly attended.

STAND BY THE TICKET.

WHEN your democratic friend accuses you and eloquently urges that you should "lay aside your party prejudice" and vote for the candidate for his party, "because it is just a little county office" and "his election would not signify anything of a political nature," etc., just politely inform him that the wind blows in the direction the straws point. Yielding to just such argument as this has given the democratic party the ascendancy in this state and actuated the party to make strides for even greater supremacy. If every republican had voted the straight ticket at the last election there would not be a democratic official in the county, and if the republican party regains what it has lost it will be necessary for every member to remain loyal. Just as certainly as the democrats elect a portion of their ticket this year, they will be referring to the fact that Cass county is democratic, and as proof of this assertion, point to the offices that are filled by members of that party. If you are a republican, now is the time to show your colors. Remain loyal to the old party and success will be assured.

John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by F. G. Wonderful. E. W. Sawyer, of Rochester, Wis., a prominent dealer in general merchandise, and who runs several peddling wagons, had one of his horses badly cut and burned with a lariat. The wound refused to heal. The horse became lame and stiff notwithstanding careful attention and the application of remedies. A friend handed Sawyer some of Haller's Barb Wire Liniment, the most wonderful thing ever saw to heal such wounds. He applied it only three times and the sore was completely healed. Equally good for all sores, cuts, bruises, and wounds. For sale by all druggists.

A Cure for Paralysis. Frank Cornelius, of Purcell, Ind. Ter., says: "I induced Mr. Pinson, whose wife had paralysis in the face to buy a bottle of Chamberlain's Pain Balm. To their great surprise before the bottle had all been used she was a great deal better. Her face had been drawn to one side; but the Pain Balm relieved all pain and soreness, and the mouth assumed its natural shape." It is also a certain cure for rheumatism lame back, sprains swellings and lameness. 50 cent bottles for sale by F. G. Fricke & Co., Druggists.

Capt. W. A. Abbott, who has long been with Messrs. Precival and Hatton, Real Estate and Insurance Brokers, Des Moines, Iowa and is one of the best known and most respected business men in that city says: "I can testify to the good qualities of Chamberlain's Cough Remedy. Having used it in my family for the past eight years, I can safely say it has no equal for either colds or croup." 50 cent bottles for sale by F. G. Fricke & Co., Druggists.

Some of the most startling, interesting discoveries of the life and customs of buried Egypt are now being made through extensive excavations. These discoveries are exciting a great interest. Many discoveries are, however, being made in our country that are remarkable, among which we may mention that of Haller's Pain Paralyzer which effects entire relief, and in many cases a complete cure of that terrible disease rheumatism, and which also relieves pain of all kinds. For sale by all druggists.
