Deepness might made miserable that terrible cough Shilob's remedy is the cure for you, by F. G. Beck and O. H. Snyder.

Croup frequently finds a household unprepared for its visit, while it rapidly with which it develops calls for instant treatment. For this dangerous disease Ayer's Cherry Pectoral is an admirable remedy, saves many lives every year, keep in the house.

**SHOTS HIS WIFE.**

A Weeping Water Husband assault his wife with a Revolver.  
Startling news was received in this city this morning to the effect that Chas. Blake, who resides about four miles from Weeping Water had shot his wife. Investigation shows that they were married about one year since but have since separated. Since that time Mrs. Blake has been teaching school north of Weeping Water, and as she was returning home in the evening on horseback she overtook a carriage. As she passed by Chas. Blake fired three shots at her, one of which took effect in the thigh. The would-be-murdered was captured in this city and is now lodged in jail here. His trial will take place in the district next Monday.

**Political**

Those interested in the discussion of the political issues of the day, from the democratic and independent stand points will be afforded an excellent opportunity this evening to listen to representative exponents of the respective doctrines. The democrats have secured the services of Congressman Hyman, of Indiana, one of the ablest men in the democratic ranks. His speech will be purely democratic and the gentleman is worth a good audience.  
The independents will be represented by Congressman McKeighan of the second district. He is a representative member of his party and doubtless he will show up the doctrines of his party in their best light.  
The democratic speaking will be held in the opera house at 7:30; the independents at Rockwood Hall at the same hour.

**District Court**

The case of Rowe vs. Smith, on a charge of assault and battery was tried this morning. The prosecution was conducted by County Attorney Travis, and Sullivan and Gering defended. Our readers will doubtless remember that THE HERALD gave a full account of the circumstances some time since, in which it appeared that Smith two assistants unmercifully and without sufficient provocation beat Rowe over the head. The jury is still out.

As we go to press a case, State vs. Smith, that was appealed from Justice Martin's court of Union, is being tried. The defendant is charged with using obscene language in the presence of ladies. A verdict will probably be rendered this evening.  
LATER: The prisoner has been discharged.

E. E. Nickerson, the eminent cornet virtuoso and leader of the Black Hussar band with "A Social Session" company, is another of our young American musicians who has made rapid strides in his chosen profession, and, though but twenty-seven years of age, already occupies a prominent place among the leading cornetists of the world. His solos between the first and second acts of "A Social Session" is one of the pleasing features of that entertainment, and does away with the usual tedious entre-acts music that makes the time between curcials seem so long and monotonous. Remember this grand performance will take place at the opera house next Monday night and you cannot afford miss it.

J. P. Antill will give you a dish of milk stew oysters for only 25 cents, cash.

**THE FAIR.**

Has just opened up a full line of ladies, Gents and Childrens all wool underwear and before you buy your Fall or Winter goods. Don't fail to call and see our prices. We beat 'em all.  
Have you seen those nobly Misses Caps, all pretty shades, 55, 65 and 75 cents each?

**CARS ARTISTICALLY DECORATED.**

The Train-Charming Arrangement of the Displays-Cass County to the Front-The Exhibitors-A Commendable Enterprise.

The advertising train of which a great deal has been said the past few weeks through the columns of nearly every paper in Nebraska, arrived in the city at 4:45 last evening enroute for its long pilgrimage through the eastern and middle states.

In the neighborhood of 2000 interested spectators had assembled at the station at this place long before the train was due, all waiting patiently to get a glimpse of the train designated to represent the products of Nebraska soil and designed to envelop the citizens of the east in a halo of amazement and wonder.

The train embraces an engine, baggage car, two coaches besides two pullman cars for the representatives. The engine and baggage car are furnished, gratuitously, by the U. P. The baggage car will be used for an office and repository for the advertising matter to be carried on the trip. The exterior portion is appropriately though not so profusely decorated as the cars in which the exhibits are placed. These are large passenger coaches with seats removed. The use of the first car was donated by Fremont Elkhorn & Missouri Valley R. R. This car is artistically decorated with corn of all colors and varieties; it reminds an observer of a corn palace, on a small scale. Small grains and grasses are also used with good effect, and flags, bunting and banners float from the top and adorn the sides. But the exterior, embellished as it is, does not afford the observer an adequate conception of the wondrous capabilities of our people, as does a trip through the car. In this car the counties of Box, Butte, Buffalo, Adams, Holt, Dodge, Hayes, Cummings, Sheridan and Douglas have exhibits. The display of each county occupies a space of 12x10 feet with every available inch well filled with creditable samples of every product that grows in the Northwest.

The B. & M. car, if possible, is even more profusely decorated and elaborately equipped than the other, being completely covered with corn, grains, grasses, flags, bunting and banners arranged with an aptitude rarely excelled. The counties of Merrick, Kearney, Antelope, Burt, Hall, Cass, Polk, Custer, Boone and Lancaster are represented in this car.  
We were particularly interested in the display of Cass county and after a hasty comparison we were firmly convinced that it compares favorably with the displays of other counties and the exhibit of fruit, beyond question, surpasses any exhibit on the train. Among the Cass county exhibitors, R. F. Dean, of Murray, has apples and beets and a head of cabbage weighing twenty-eight pounds.  
Will Murray, Plattsmouth, fifty cars red and white corn that are seldom equaled.  
J. B. Thompson, of Cedar Creek, has a head of cabbage weighing twenty-seven pounds, and fifty ears of giant corn.  
Wm. Crawford, of Plattsmouth, has peanuts, beets, carrots, onions, okra, asparagus in fact the finest collection of garden fruit that can be found in Cass county.  
C. Bengen, of Plattsmouth, furnishes fine specimens of wheat and oats.  
H. Rickenbary, a ninety-eight pound squash; and Mrs. Eikenbary has a very fine collection of canned fruit.  
W. J. Koons, the photographer, displays a good photograph of the high school, the Hotel Riley and the B. & M. bridge.  
V. V. Leonard furnishes a fine photograph of the court house.  
Ed Somers has a barrel of the finest apples that could be picked from a collection of 1000 bushels.  
W. J. Heiser displays some specimens of plants that can leave no

doubt as to the possibilities of our climate in that direction.  
H. C. McMaken furnishes a photograph of an apple tree whose limbs support twenty-three bushels of fine apples; also, some very fine varieties of apples.  
Other displays are made, the names of the exhibitors of which we did not learn.  
That this enterprise will have the effect apprehended there can be little doubt. Advance agents have already been sent and advertising matter is being scattered along the route notifying the people of the train and the marvelous resources it will represent. The newspapers in every county through which they pass will have a favorable mention of the train, thus turning the thoughts of thousands of people in the direction of Nebraska.  
H. N. Dovey, H. C. McMaken and Mrs. Samuel Waugh are entitled to special mention for their zealous and untiring efforts in behalf of the Cass county exhibit.

**A Small Blaze**

Last evening at 8:15 the fire alarm was sounded and in a few moments hundreds of people were enroute for the scene of the disturbance which proved to be the residence of C. A. Priatz on the corner of Eighth and Rock streets. The fire had been placed under control before the fire company reached the place. The damage done is trifling as only a small portion of the roof was damaged.  
It is apparently the work of an incendiarian.

During balance of picking season I will continue to pay the highest market price for good varieties of winter apples at canning factory.
