Births
BORN—To Mr. and Mrs. Bert Pollock, a daughter. Bert apprehends that there will be a boom in the banking and loan business owing to the increase of population.

The home of Mr. and Mrs. Chas. Parmele was gladdened by the appearance of a daughter last Friday.

A Cass County Potato Grower.
 C. K. White, of Nehawka, has proved to be the most expert potato grower of whom we have heard. From one bushel of seed he recently stored away fifty bushels and one peck. One vine measured eight feet in length and produced seventy-two potatoes all of which were of marketable size and quality. They are of the White Elephant variety, samples of which may be seen at this office.

October Weather.
 Prof. Hicks, the weather prophet, has the storms down for this month as follows:

Storms originating in September will reach their crisis Oct. 2. A smart dash of early winter will appear on the heels of these storms. Equinox of Venus on the 7th will greatly intensify reactionary disturbances on the 8th and 7th. The 10th to 13th will call for dangerous storms, especially on the lakes. The most concerned please note this fact. Cold and freezing will follow to the north until higher temperature on the 17th and 18th reacts into secondary storms. From the 22d to the 25th is a period in which Vulcan, Mercury, Venus and Moon will combine their disturbing forces. Lake and sea navigators ought to be watchful of such indications. Snow in extreme north and west with sleet. Reactionary storms about 28th, followed by frosty close.

District court convenes to-day at 2 p. m. In all probability regular sessions will be held each day during the week.

We have sold Ely's Cream Balm about three years, and have recommended its use in more than a hundred special cases of catarrh. The unanimous answer to our inquiries is, "It's the best remedy that I have ever used." Our experience is, that where parties continued its use, it never fails to cure. J. H. Montgomery, & Co., Druggists, Decatur, Iowa.

When I began using Ely's Cream Balm my catarrh was so bad I had headache the whole time and discharged a large amount of filthy matter. That has almost entirely disappeared and have not had headache since. J. Sommers, Stephney, Conn.

Apples.
 During balance of picking season I will continue to pay the highest market price for good varieties of winter apples at canning factory, 28th.

Ladies who use cosmetics or powders to cover up or hide a bad complexion, do not know that O. H. Snyder can furnish them with Blush of Roses, which is clean water, purifies the skin, and positively removes black heads and all skin diseases, takes the shiny look from the face and whitens it soon as applied.

Nebraska in Illinois.
 The special correspondent for the Bee writes as follows regarding the attention paid the train in Illinois:

"PEORIA, Ill., Oct. 16—The Nebraska special advertising train now enroute, made its first stop for exhibition at this city, where it arrived at 7:15 this morning. The trip from Omaha to Peoria was altogether uneventful, with the exception of a stop of ten minutes at Plattsmouth to receive a portion of the Cass county exhibit. A crowd of 400 had assembled at the Plattsmouth depot, but had to content themselves with worshipping afar off, as the cars were not opened. The train stopped at Red Oak for supper. The run from Red Oak to Creston was made at exactly the rate of a mile a minute. A great number of people have visited the train here and all express unqualified surprise and admiration over the great variety and high quality of the Nebraska products which are exhibited.

"At Mendota a stop of three hours will be made. Sunday will be spent in Chicago, Monday morning at Valparaiso and Monday afternoon at Plymouth.

"GALESBURG, Ill., Oct. 16—The train was visited at Peoria by fully 2,500 people prior to its departure at 1 o'clock this afternoon, and when the hour of departure came there was a large crowd assembled who had been unable to gain admission. The train reached Galesburg at 3:30 this afternoon and was immediately surrounded by several hundred person gathered at the depot. All told, nearly or quite 6,000 people have passed through the train to-day, inspected the exhibits and express their praise and wonder in no measured terms. The members of the board and of the entire party are using every effort to impress visitors with the high character of the exhibit and are greatly pleased with the results of their labors. The surprise at the real character of the products exhibited is no greater than the surprise evidenced on all sides that the much circulated calamity and starvation stories could ever have obtained credence. The train will remain in Galesburg until 8 a. m. to-morrow."

Business Education Free.
 Nebraska boys and girls will find in the following offer a good opportunity of securing a business education free:

To any one sending us seventy-five yearly subscribers to the Weekly State Journal, at 100 per year, we will present a life scholarship in any department of the Lincoln Business College. Value, \$500.00.

For fifty such subscriptions we will present a three months' scholarship in any department. Value, \$300.00.

For twenty subscriptions, a three months' course in typewriting. Value, \$120.00.

A cash commission will be allowed on these subscriptions, liberally paying you for your work, in addition to these free scholarships. We will supply you with sample copies.

For further particulars, address **WEEKLY STATE JOURNAL, Lincoln, Neb.**

A Novel Idea.

We have received a very unique and attractive souvenir, which reads on one side "compliments of the Michigan Stove Company," and upon the other side, "This is a sample of aluminum which is mixed with the iron from which Garland stoves and ranges are made." If this material can be used effectually as is claimed, it will doubtless be a great improvement owing to its light weight and its strength, being three times lighter than steel and much stronger. The stoves are sold by leading dealers everywhere.

The Time Extended.
 Owing to the success of the Sioux City Corn Palace exposition the authorities have concluded to extend the time of the exhibit from the 17th to the 25th. The B. & M. will continue to sell tickets at one and one-third fare for the round trip good to return on the 20th.

Police Court.
 In the police court to-day a case, Warden vs. Frye, suit for amount due for labor performed, was continued until Nov. 2.

The B. & M. road will sell round trip tickets upon the certificate plan between the dates of Oct. 22 and 25, on account of the annual meeting of the Brotherhood of St. Andrews.

He is said to be a pleasant speaker and an earnest, enthusiastic Christian worker. The meeting last evening was a decided success. A cordial invitation is extended to all.

Attend the Night School.
 The night school will convene this evening at the usual hour. Prof. Halsey desires that every member will endeavor to be present at the appointed time. There is a disposition on the part of a few members, it appears, to absent themselves from the school occasionally for the purpose of attending the theatre. It is hoped that the members will not underestimate the importance of being regular in attendance at the school and not overestimate the value of the lessons to be learned at the theatre.

In the night school a golden opportunity is offered those who cannot attend the day session and it is hoped that the opportunity will not be neglected.

The Sprague Comedy.
 Sprague's company of comedians arrived this morning and are stopping at the Riley. The play is said to be intensely humorous and has always had the effect to amuse the audience. The company has secured the services of the famous Black Hussar band which has but few equals in the country. The street parade was attractive and the music rendered was pronounced by critics to be strictly first class.
