STATE TICKET

For Associate Justices of the Supreme Court A. M. POST of Platte.

REPUBLICAN COUNTY TICKET

For District Judge: S. M. CHAPMAN. For Clerk of the District Court: A. SALISBURY.

THE REPUBLICAN PLATFORM

The republican party of the state of Nebraska gives renewed expression of its devotion to the principles of the republican party and declares that those principles, as expressed by the national republican convention, should be the strong point of union between all republicans in the state of Nebraska.

We congratulate the people upon the marvelous prosperity attending the development and growth of the state of Nebraska during its twenty-four years of statehood under republican administration, and which has brought us to the front rank among the leading states of the union; and we can fearlessly assert that no state which has been controlled by democratic power, during any considerable time of the same period, can compare with us in the economical management of public affairs, in the rapid ratio of increase in population, wealth and general prosperity, notwithstanding the fact that there are within the borders of the state a number of dissatisfied persons who took advantage of the general financial depression which swept over the entire country to pave their way into temporary prominence by declaiming against the welfare of our people and slandering the fair name of our state.

We congratulate President Harrison upon his eminently wise, loyal and courageous administration, and declare our absolute confidence in his integrity, ability and patriotism, and pledge him our cordial support in the discharge of the duties devolving upon him as the chief magistrate of the nation.

We rejoice in the restoration of dignity, vigor and statesmanship in the conduct of our foreign affairs under the guiding hand of America's favorite son, James G. Blaine.

We approve of the silver coinage act of the present administration, by which the entire product of the silver mines of the United States is added to the currency of the people, but we denounce the democratic doctrine of free and unlimited coinage of silver as a financial policy liable to precipitate the people of every city and every state in the Union in a prolonged and disastrous depression, and delay the revival of business enterprise and prosperity so ardently desired and now so apparently near. The free and unlimited coinage of silver would tend to the hoarding of gold and to force the use of cheap money in the payment of wages in every workshop, mill, factory, store and farm, and tend to the scaling down of the wages of the toilers and weakening the purchasing power of the dollar which would be used to purchase the products of the farmer.

We are in favor of having every dollar as good as any other dollar. We demand the maintenance of the American system of protection to American industry and labor, the policy that has been identified with every period of our national prosperity.

We admire the genius of that heroic statesman, William McKinley, Jr., whom the people of Ohio will make their next governor as a recognition of his magnificent services to the country. We also commend and endorse that policy of reciprocity by which the Central and South American nations and the Spanish Indies are being opened up to our trade upon favorable terms and by which all the surplus products of our country may find a market and by which all our people shall receive in exchange therefore

a long line of products which do not produce ruinous competition among our own people nor destroy the developing industries of our country.

We are heartily in favor of the general provisions of the interstate commerce act, and we demand the regulation of all railway and transportation lines in such a manner as to insure fair and reasonable rates to the producers and consumers of the country.

We favor such legislation as will prevent all illegal combinations and unjust exactions by aggregated capital and corporate powers. We insist upon the suppression of all trusts, combines and schemes designed to artificially increase the price of the necessities of life.

We regard the world's Columbian exposition as an important event in the world's history, and we are in hearty sympathy with every effort to make it a success. We should make a creditable exhibit of Nebraska's products, and we favor an additional appropriation by the next legislature for this purpose, that our prosperity and greatness may be fully exemplified. We take pride in this state. We recognize that its growth and power, its prosperity and good name have been the fruits of its industrial people, and we believe in such policies, state and national, as will promote justice and widen the opportunities among these classes. To their support in the future, as in the past, we pledge our most intelligent judgment and most sincere endeavor.

We denounce the Grand Island platform of the democratic party as framed with the deliberate purpose to mislead and deceive; wherein sympathy is expressed where none is felt; wherein help is proposed where none is rendered; wherein purposes are avowed which are not entertained. In support of this indictment we point to the pretended friendship for the soldier, while at the same time the democratic party has always proclaimed against the granting of liberal pensions; to the free silver plank, intended to deceive the supporters of free and unlimited coinage of silver, when it is known that many of the leaders of the party are opposed to the doctrine; to the failure to give the relief from exorbitant freight rates while it was afraid to either approve or censure the action of its acting alien governor for vetoing the Newberry bill.

We denounce the democratic party for its insinuations against the integrity of the supreme court of the state as an effort to make the judicial powers subordinate to political parties and as disgraceful to a political organization.

We denounce the democratic party for its double dealing with the civil and political rights of the people, wherein it appears to favor free and untrammelled elections in the state of Nebraska, but never raises its voice against the political outrages practiced against the republican voters, white and black, throughout the democratic states of the south.

We arraign the democratic party as the enemy of labor, scheming to break down the defense of protective laws, to block the wheels of home industry, and to degrade the masses of the people—a party controlled by aristocratic and sectional tendencies, the legacy of slavery.

The republican party of Nebraska appeals to the intelligence and to the integrity of the people of this state and from all good citizens we invite support.

THE platform of a candidate for a judicial office should be the constitution, the law and the solemn oath of office that he takes. That oath of office implies the duty of administering the law truly and impartially between the rich and the poor, between the high and the low, between the poorest and the humblest citizens and the richest and wealthiest corporation.

Judge A. M. Post in his speech of acceptance.

If we are to cling to the old parties we might as well tear down our school houses, burn our churches and write on the vault of heaven "Satan has triumphed over God" and turn all the imps of hell loose on our country.

J. W. Edgerton in a speech at Kearney.

THE Ledger ventures the assertion that in the person of Mr. J. E. Leyda our people will find a gentleman who will discharge the duties of county superintendent to their entire satisfaction. Mr. Leyda has been a teacher in this county the past eleven years and his experience qualifies him to look after our schools. We do not wish to be understood as speaking against Mr. Noble, but we know that Mr. Leyda is just as competent to discharge the duties of the office and in addition is a permanent resident and a tax payer in Cass county. A vote for Leyda is a vote in recognition of his past good work in our schools.

THE Lincoln State Journal is entitled to the thanks of all honest people, regardless of party affiliations, for the thorough investigation made of the Post scandal, and the exposition of the villainous attempt of the World-Herald to malign the name of a man simply to assist in elevating a man, with such an unenviable record as possessed by Edgerton, to the supreme bench.

PREPARE for the great republican landslide less than one week hence.

ITALY has raised the embargo from American pork. Another laurel in McKinley's crown.

EACH voter should study the essential points concerning the method of voting under the Australian ballot law.

WHY does not the World-Herald publish the resolutions recently adopted by the Masonic lodge at Leon, Ia., that were sent to that paper for publication?

THE republican county ticket has not a weak candidate upon it. It merits the approval and will receive the support of every true blue member of the party.

IT is now conceded by leading democrats that the voters of Ohio will signify their approval of the McKinley tariff law by giving McKinley a roasting majority in November.

S. W. DUTTON, the republican nominee for member of board of county commissioners, is a man of good judgment, whose integrity is above question and if elected to the position to which he aspires, he will guard the interests of his constituency with care.

THE World-Herald met with a timely rebuke when the editor of the Leon Reporter (dem.) returned the fifty copies containing the scandalous article concerning Judge Post, accompanied by a decidedly curt letter severely reprimanding the villainous fake for its dastardly work.

Is it a significant fact that in every state that national questions are at issue, the republicans are confident of victory. The democrats attempt to console themselves with the probable success of Boies, Beer & Co. in Iowa and the faint hope that Edgerton will be elected in Nebraska.

WE have heard prominent democrats say that the sensational attack upon Judge Post has made that gentleman thousands of votes. Just as we expected. Are they prompted to make that assertion because they regard the statements made by the World-Herald as false, as they have been proved, or is it because they believe the charge and admire the man for having been guilty?

THE exact financial position of the Prince of Wales is not known. There have been rumors that he is greatly in debt, but I question their correctness. When the prince came of age he became possessed of the accumulations realized during his minority from the Duchy of Cornwall. A portion of them was expended in the purchase of the Sandringham estate, and the remainder became his. With this nest egg, with an income of £110,000 pounds per annum, one of £10,000 for his wife, a separate provision for his children, and with Marlborough House kept up for him at the public cost there seems no reason why his expenditures should outrun his means. His hospitalities are not greater than those of the French president, who, with less than half his income, does not get into debt.—Henry Labouchere in Forum.

AN Approach to Aerial Navigation. Of course I hope to succeed, and from the data obtained from experiments, and from the information I have obtained from other sources, it seems almost certain that I shall do so. Still I may not. It may, however, be remarked that for many years engineers and scientists have admitted that the navigation of the air is certain to come so soon as a motor could be discovered which had sufficient energy in proportion to its weight.

THIS motor has been found, its power has been tested and its weight is known. It would therefore appear that we are within measurable distance of a successful machine for navigating the air, and I believe it is certain to come within the next ten years, whether I succeed or not.—Hiram S. Maxim in Century.

A Queer Sect. M. Bonckelliff is the leader of a sect in Russia which preaches suicide as an absolute necessity for salvation. At one of his great "revivals" in Kiel, he preached so hard in favor of murder and suicide that several of his followers cut one another's throats. There are dozens of other fanatical religious bodies in the empire of the czar, many of whom practice blood-curdling sacrificial ceremonies.—St. Louis Republic.

His Protest was Effective. A citizen of Paris, Ky., who was fined seven dollars for allowing his own cat on his own premises to kill his own chickens, protested so vehemently against this interference with a man's enjoyment of an inalienable right that the judge, per force, remitted the penalty.—Louisville Courier-Journal.

Water, it should be known, can easily be kept cool without ice by infolding the earthen pitcher or jar which receives it in three folds of cotton or flannel cloth kept constantly wet.

Colonel Theodore A. Dodge makes the startling statement that "every shot from a big gun consumes \$1,000." At this rate war has become a very expensive luxury.

We have sold Ely's Cream Balm about three years, and have recommended its use in more than a hundred special cases of catarrh. The unanimous answer to our inquiry is, "It's the best remedy that I have ever used." Our experience is, that where parties continued its use, it never fails to cure.—J. H. Montgomery, & Co., Druggists, Decora, Iowa.

When I began using Ely's Cream Balm my catarrh was so bad I had headache the whole time and discharged a large amount of filthy matter. That has almost entirely disappeared and have not had headache since.—J. Sommers, Stephney, Conn.

Mr. C. B. Jones, of Spring Hill Iowa, says: "I have used Chamberlain's Pain Balm for severe and painful burns with better effect than anything I have ever tried. It relieves the pain instantly and cures without leaving a scar." Pain Balm is one of the most useful medicines that any families can be provided with, especially for rheumatism, lame back, sprains, bruises, toothache, ear ache and like ailments. One application will relieve the pain and a fair trial insure a cure. 50 cent bottles for sale by F. G. Fricke & Co. Druggists.

Capt. W. A. Abbott, who has long been with Messrs. Precival and Hutton, Real Estate and Insurance Brokers, Des Moines, Iowa and is one of the best known and most respected business men in that city says: "I can testify to the good qualities of Chamberlain's Cough Remedy. Having used it in my family for the past eight years, I can safely say it has no equal for either colds or croup." 50 cent bottles for sale by F. G. Fricke & Co., Druggists.

Will you suffer with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. 2

The Girl of the Future. Now John, if I say yes, its on one condition—will you promise? You had better say yes—well, its that you will get me a bottle of Haller's Pain Paralyzer. Why? Because its the best thing for headache and rheumatism I ever heard of and then its so nice for babies when they have the colic and diarrhea.
