STATE TICKET

For Associate Justice of the Supreme Court A. M. POST of Platte.

REPUBLICAN COUNTY TICKET

For District Judge: S. M. CHAPMAN. For Clerk of the District Court: A. SALISBURY.

THE REPUBLICAN PLATFORM

The republican party of the state of Nebraska gives renewed expression of its devotion to the principles of the republican party and declares that those principles, as expressed by the national republican convention, should be the strong point of union between all republicans in the state of Nebraska.

We congratulate the people upon the marvelous prosperity attending the development and growth of the state of Nebraska during its twenty-four years of statehood under republican administration, and which has brought us to the front rank among the leading states of the union; and we can fearlessly assert that the state which has been controlled by democratic power, during any considerable time of the same period, can compare with us in the economical management of public affairs, in the rapid ratio of increase in population, wealth and general prosperity, notwithstanding the fact that there are within the borders of the state a number of dissatisfied persons who took advantage of the general financial depression which swept over the entire country to pave their way into temporary prominence by declaiming against the welfare of our people and slandering the fair name of our state.

We rejoice in the restoration of dignity, vigor and statesmanship in the conduct of our foreign affairs under the guiding hand of America's favorite son, James G. Blaine.

We approve of the silver coinage act of the present administration, by which the entire product of the silver mines of the United States is added to the currency of the people, but we denounce the democratic doctrine of free and unlimited coinage of silver as a financial policy liable to precipitate the people of every city and every state in the Union in a prolonged and disastrous depression, and delay the revival of business enterprise and prosperity so ardently desired and now so apparently near.

We congratulate President Harrison upon his eminently wise, loyal and courageous administration, and declare our absolute confidence in his integrity, ability and patriotism, and pledge him our cordial support in the discharge of the duties devolving upon him as the chief magistrate of the nation.

We rejoice in the restoration of dignity, vigor and statesmanship in the conduct of our foreign affairs under the guiding hand of America's favorite son, James G. Blaine.

A cleaner, abler, more reliable set of men were never nominated by a convention than the republican nominees for this year. The people realize that and will deposit their votes accordingly.

THE Columbus Sentinel, an independent paper published at the home of Judge Post, is severe in its criticism of the World-Herald in its contemptible abuse of Judge Post. This and the democratic paper of that place is doing valiant work for the cause of justice this year.

THE Journal was certainly caught napping when it said that "politically, the democratic party has everything to gain by Nebraska going independent this year—and next year." One might well infer if he should read no further that they expect to lead the independent party, body and soul, into the councils of the deceitful democratic con-

cern just as the republican press has been claiming. But the enthusiastic journalist with another mighty swoop of the quill, comes out boldly and says that in the event an opportunity is given the independent congressmen to have any voice in the matter it is expected to be for democratic candidates.

We admire the genius of that heroic statesman, William McKinley, Jr., whom the people of Ohio will make their next governor as a recognition of his magnificent services to the country. We also commend and endorse that policy of reciprocity by which the Central and South American nations and the Spanish Indies are being opened up to our trade upon favorable terms and by which all the surplus products of our country may find a market and by which all our people shall receive in exchange therefore

a long line of products which do not produce ruinous competition among our own people nor destroy the developing industries of our country.

We are heartily in favor of the general provisions of the interstate commerce act, and we demand the regulation of all railway and transportation lines in such a manner as to insure fair and reasonable rates to the producers and consumers of the country.

We favor such legislation as will prevent all illegal combinations and unjust exactions by aggregated capital and corporate powers. We insist upon the suppression of all trusts, combines and schemes designed to artificially increase the price of the necessities of life.

We regard the world's Columbian exposition as an important event in the world's history, and we are in hearty sympathy with every effort to make it a success. We should make a creditable exhibit of Nebraska's products, and we favor an additional appropriation by the next legislature for this purpose, that our prosperity and greatness may be fully exemplified. We take pride in this state. We recognize that its growth and power, its prosperity and good name have been the fruits of its industrial people, and we believe in such policies, state and national, as will promote justice and widen the opportunities among these classes. To their support in the future, as in the past, we pledge our most intelligent judgment and most sincere endeavor.

We denounce the Grand Island platform of the democratic party as framed to mislead and deceive; wherein sympathy is expressed where none is felt; wherein help is proposed where none is rendered; wherein purposes are avowed which are not entertained. In support of this indictment we point to the pretended friendship for the soldier, while at the same time the democratic party has always proclaimed against the granting of liberal pensions; to the free silver plank, intended to deceive the supporters of free and unlimited coinage of silver, when it is known that many of the leaders of the party are opposed to the doctrine; to the failure to give the relief from exorbitant freight rates while it was afraid to either approve or censure the action of its acting alien governor for vetoing the Newberry bill.

We denounce the democratic party for its insinuations against the integrity of the supreme court of the state as an effort to make the judicial powers subordinate to political parties and as disgraceful to a political organization.

We denounce the democratic party for its double dealing with the civil and political rights of the people, wherein it appears to favor free and untrammelled elections in the state of Nebraska, but never raises its voice against the political outrages practiced against the republican voters, white and black, throughout the democratic states of the south.

We arraign the democratic party as the enemy of labor, scheming to break down the defense of protective laws, to block the wheels of home industry, and to degrade the masses of the people—a party controlled by aristocratic and sectional tendencies, the legacy of slavery.

The republican party of Nebraska appeals to the intelligence and to the integrity of the people of this state and from all good citizens we invite support.

THE STRAIGHT TICKET

THE republicans are confident of victory throughout the whole country.

A. C. MAYES has practically no opposition in his race for the surveyorship.

THIS is a bad year for calamity yelpers. Crops are too good and prices too high.

Do you believe that a man who has been repudiated by his own townsmen is a fit candidate for supreme judge?

THE Journal fails to tell its readers that Travis failed to convict a single criminal in his term's district court. An able jurist that man Travis would make.

A cleaner, abler, more reliable set of men were never nominated by a convention than the republican nominees for this year. The people realize that and will deposit their votes accordingly.

THE Columbus Sentinel, an independent paper published at the home of Judge Post, is severe in its criticism of the World-Herald in its contemptible abuse of Judge Post. This and the democratic paper of that place is doing valiant work for the cause of justice this year.

THE Journal was certainly caught napping when it said that "politically, the democratic party has everything to gain by Nebraska going independent this year—and next year." One might well infer if he should read no further that they expect to lead the independent party, body and soul, into the councils of the deceitful democratic con-

cern just as the republican press has been claiming. But the enthusiastic journalist with another mighty swoop of the quill, comes out boldly and says that in the event an opportunity is given the independent congressmen to have any voice in the matter it is expected to be for democratic candidates.

JUDGE POST AT HOME

That Judge Post has an enviable character and enjoys the high esteem and fullest confidence of those who know him best, there can be no question. THE HERALD has published several evidences of this. The latest is from the Columbus Telegram, the democratic paper of that place. It says:

"Although a democratic paper, the Telegram cannot refrain from referring again to the villainous attack made by certain independent papers upon the life and character of one of Columbus' most honorable and respected citizens, A. M. Post, republican candidate for supreme judge. Not a man in Columbus who has known Judge Post during the years he has lived here, believes the charges made against him, and we can safely say that he is the last man in the world about whom such stories would be believed. He has not posed as a Sunday school superintendent or a leading light in church affairs, but his daily conduct during the fifteen years of his life here has been most exemplary. He is a devoted husband and father and has a family of whom any man in the world could feel proud. The scandalous charges have only intensified the feeling of respect which the people of Platte county feel for him, and his complete exoneration will come in the shape of a practically unanimous vote for him in Columbus and almost overwhelming majority over his opponent in the county."

THE TARIFF AND WHEAT

Mr. John W. Bookwalter, of Springfield, Ohio, predicts that the time is coming when the United States will not produce any more grain than our own people need. This is true, and that time will be here very speedily. At the present rate of growth, the consuming population is gaining faster than the grain production of the country. Several very careful estimates have been published within the past two years upon this point, with the result of showing that if grain production continues at its present rate of increase, and our consuming population increases in the same ratio as in the past, it will only be from seven to ten years until we will be able to consume all the grain raised in America.

This will bring the tariff directly home to the farmers of the country. Already it is possible to bring wheat from India to San Francisco at a profit and sell it a shade lower than the home-grown wheat sells in that market, and there is no doubt it would be done, were it not that we have an import duty of twenty cents per bushel upon it. Two years ago the price of grain in India was such that it could have been brought by steamers to British Columbia, shipped over the Canadian Pacific road, and thence down to Chicago, at a profit, had it not been for the duty imposed by the tariff.—Toledo Blade.

DURING the six years in which Judge Russell held the position of county judge he gave almost universal satisfaction. He has never been a practicing attorney, but he has always been a close student of law and, if elected, he will discharge the duties to the satisfaction of his constituency.

THE Journal, evidently, has not heard that the democratic party has no state ticket in the field. In view of the fact that the party is a back number this year, it would be well for that paper to have the ticket from the head of the list.

A Little Girl's Experience in a Light-house

Mr. and Mrs. Loren Treacott are keepers of the Gov. Lighthouse at Sand Beach, Mich., and are blessed with a daughter, four years. Last April she taken down with Measles, followed with dreadful Cough and turned into a fever. Doctors at home and at Detroit treated, but in vain, she grew worse rapidly, until she was a mere handful of bones. Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at F. G. Fricks & Co. Druggists.

We have sold Ely's Cream Balm about three years, and have recommended its use in more than a hundred special cases of catarrh. The unanimous answer to our inquiries is, "It's the best remedy that I have ever used." Our experience is, that where parties continued its use, it never fails to cure.—J. H. Montgomery, & Co., Druggists, Decorah, Iowa.

When I began using Ely's Cream Balm my catarrh was so bad I had headache the whole time and discharged a large amount of filthy matter. That has almost entirely disappeared and have not had headache since.—J. Soumers, Stephyne, Conn.

A POPULAR FAMILY

JENNIE: "How is it, Kate, that you always seem to 'catch on' to the latest new thing? Do what I may, you always seem to get ahead of me." KATE: "I don't know; I certainly do not make any exception in that direction." JENNIE: "Well, during the last few months, for example, you have taken up painting,

without any teacher; you came to the rescue when Miss Lafarge deserted her Deboutte class so suddenly, and certainly we are all improving in grace under your instruction; I heard you telling Tommy Jones last evening how his club made mistakes in playing baseball; you seem to be up on all the latest facts, and know just what to do under all circumstances; you entertain beautifully; and in the last month you have improved so in health, owing, you tell me, to your physical culture exercises, when do you get any magazine information from in this little out-of-the-way place—for you never go to the city?"

KATE: "Why, Jennie, you will make me vain. I have only one source of information, but it is surprising how it meets all wants. I very seldom hear of anything new but what the next few days bring me full information on the subject. Magic? No! Magazines! And a great treasure it is to me, for it really furnishes the reading for the whole household; father has given up his magazine that he has taken for years, as he says this one gives more and better information on the subjects of the day; and mother says that it is that makes her such a famous housekeeper. In fact, we all agree that it is the only really smart magazine published, as we have sent for samples of all of them, and find that one is all for men, another all for women, and another for children only, while this one suits every one of us; so we only need to take one instead of several, and that is where the economy comes in, for it is only \$2.00 a year. Perhaps you think I am too rich in my praise; but I will let you see ours, or, better still, send 10 cents to the publisher, W. Jennings Demorest, 15 East 14th Street, New York, for a sample copy, and I shall always consider that I have done you a great favor; and may be you will be cutting us out, as you say we have the reputation of being the best informed family in town. If that be so, it is Demorest's Family Magazine that does it."

A liberal offer—only \$3.00 for THE WEETLY HERALD and Demorest Family Magazine. Send your subscription to this office.
