AN INTERESTING TRAIN

Nebraska on Wheels Arrives and is Visited by Many.

A Fine Exhibit of the Resources of the State by Thirty Representative Business Men.

The advertising cars sent out by the Nebraska Business Men's Association arrived here this morning. They are four in number. The first car was a gaily decorated baggage car containing advertising matter. Next came "Nebraska exhibit, Fremont, Elkhorn & Mo. Valley R. R." The sides of the car were decorated with corn and other products of the state in the most gorgeous manner.

This car was followed by "48, Nebraska the State," also fixed up in most attractive style, the principal thing being the corn arranged on the car in all sorts of designs, making a very neat and striking effect. The third car was the vestibuled sleeping car, "Riverton," in which the Nebraska delegation of 30 business men, representing 19 counties and the cities of Fremont, Broken Bow, Omaha, Lincoln, Kearney, Holdrege, Grand Island and Alliance.

When the train pulled in at Ft. Wayne depot a Review reporter climbed on board, and while the train was being switched back and forth over the yard until a suitable place for it to stand could be found, the reporter had become acquainted among the Nebraskans and was shown through the cars filled with vegetable wealth of nineteen counties of Nebraska. The first county to which attention was called was Douglas. A big ear of sweet corn eleven and one-half inches long was exhibited. The Chicago Herald offers \$100 in gold to anyone who can show an ear of corn of equal size.

The whole exhibit is a wonderful one embracing good specimens of grain, fruit and vegetables indigenous to Nebraska. The gentlemen in charge are very courteous and have a delightful way of explaining the exhibits which pack the car. Mr. Hodgkin, the secretary, said that at Ft. Wayne, Indiana, at least 100000 visited the car.—Alliance (Ohio) Daily Review.

The Independents Have an Evening.

Hon. Jesse Harper spoke at the opera house last evening as per announcement. Owing to the fact that there were less than 200 people in the house when the speaker began his recital of the oppressed condition of the American people, he deemed it unnecessary to speak from the rostrum.

The speech on the whole was decidedly a tame affair. It was naturally expected that the live issues of the day would be discussed, but in this all were disappointed. The tariff and silver questions, which are really the only live issue of the day were denominated as "unimportant" and were barely alluded to by the distinguished statesman. The democratic and republican parties were both bad for the people not differing materially, and both having as the prime object their oppression of the people. The only hope the speaker had for the people was that they adopt the principles of the independent party, and even some of these would be modified by the speaker had he the opportunity. The last half hour of the speech was devoted to a discussion of the sub-treasury system and in defense of the old fiat money doctrine that was buried years ago with the greenback party. After Mr. Harper had been afforded the distinguished honor of nominating Abraham Lincoln for the presidency, he had certainly accomplished his mission here. It is evident that he has long since outlived his usefulness to any party.

A New Adventure.

G. F. S. Burton has finally concluded to experiment in the newspaper arena. The first issue of the paper, The Evening News, will probably make its appearance next Monday. The paper will be independent in politics.

We suppose that Mr. Burton has carefully counted the cost of maintaining a daily and is prepared to meet discouragements and surmount difficulties that may be presented. THE HERALD extends the right hand of fellowship and welcomes the newcomer into the ring.

Prof. J. E. Leyda.

If there is a candidate upon the republican county ticket that should receive the full party support it is Prof. J. E. Leyda. He has been a permanent resident of the county for nearly thirteen years and is thoroughly in sympathy with the promotion of every movement calculated to better the condition of our people. As to his qualifications for discharging the duties of the office of county superintendent, there can be no question. He is recognized as one of the most efficient and popular teachers of the county, and by his close connection with the rural schools of the county he is thoroughly conversant with their needs.

Mr. Leyda did not seek the nomination, was not a candidate, and only after the earnest solicitation of his friends did he allow his name to go before the convention after it had assembled. The young men should rally to his support, because he is one of their number; the laboring men and farmers should support him because of his eminent fitness and his sympathy for their cause.

REGISTER TO-DAY.

Attend to the Duty of the Present Hour.

Every voter should remember that the registration books will be closed at 9 p. m. this evening, not to be re-opened before election. To the end that no man may be deprived of his vote, every voter should see that every other voter has his name on the books.

If you wish to vote you must register to-day.

Lookout for the cold wave tomorrow.

Make an X after the name of each republican candidate next Tuesday.

Don't fail to see the London skirt dancer specially engaged for the Fireman's Ward Co. Prices, 75, 50, and 35 cents.

Coming, at the opera house one night only, Thursday, Nov. 5, the Firemen's Ward Co., with special scenery. Prices, 75, 50 and 35 cents.

Indications are that fully 300 will go on the special train to Weeping Water to-night. The train leaves at 5:30, remember.

This office has been rushed with job work for the past three weeks. We appreciate this evidence of satisfaction on the part of the public.

The only danger to the republican nominees is a lack of sufficient interest in the matter to vote and work for the ticket. Let a full vote be polled.

A Social Event.

A social was given at the residence of V. V. Leonard last evening under the auspices of the commercial students of the public school. There were about fifty in attendance, representing all ages. The presence of the older ones doubtless served to encourage the member for whom it was held. Two hours were whiled away playing the modern and popular game high five when each partook of refreshments before retiring to his home. The proceeds will net the class a neat little sum and from a social standpoint, doubtless all feel amply compensated.

Vote the straight republican ticket next Tuesday and you will have done your duty.

To be Given Away 2,000 Copies of 10 cent Music.

The time has come for you to get good sheet music free of charge! J. P. Young will give with every cash purchase of twenty-five cents or more, one piece of ten-cent sheet music, free of charge. This is no cheap music, but the same kind sold by him for ten cents, and would cost you elsewhere from forty to seventy-five cents a sheet. All goods will be sold at the very lowest cash price. This is a chance of a lifetime. Don't forget the place: J. P. Young's, 509 Main street. d2w1

The Duty of Republicans.

Register to-morrow. Vote early Tuesday morning. See that your neighbor registers. See that every eligible republican casts a vote for the straight ticket. Hold yourself in readiness to make every legitimate effort for the success of the republican nominees.

Card of Thanks.

W. J. Hesser desires to publicly thank the neighbors and friends for the many manifestations of sympathy and for material aid rendered in the brief sickness and death of his aged mother.

We take pleasure in announcing to the people of Plattsmouth and surrounding towns that we have succeeded in getting another line of sample shoes. Our success with the last line was phenomenal and hundreds were disappointed because they came too late to secure some of the bargains that we offered. This line is better if anything than the last, being Walter H. Tammy & Co., of Boston, Mass., full line consisting of Ladies, Misses, Childrens, Mens and Boys shoes of all kinds and of all descriptions. Among them is 300 pair of boys and Mens boots, in which we can give the best value for your money that you ever "laid eyes on." Don't think that because we don't ask high prices for shoes that the shoes are not of any high quality. We have among these shoes that are as fine as any shown in the city, everything extrinsic is stripped away and the shoes that you buy of us stands on its intrinsic worth. We dig at the root of values and give you the worth of your money.
