REPUBLICAN COUNTY TICKET

THE REPUBLICAN PLATFORM

The republican party of the state of Nebraska gives renewed expression of its devotion to the principles of the republican party and declares that those principles, as expressed by the national republican convention, should be the strong point of union between all republicans in the state of Nebraska.

We congratulate the people upon the marvelous prosperity attending the development and growth of the state of Nebraska during its twenty-four years of statehood under republican administration, and which has brought us to the front rank among the leading states of the union; and we can fearlessly assert that no state which has been controlled by democratic power, during any considerable time of the same period, can compare with us in the economical management of public affairs, in the rapid ratio of increase in population, wealth and general prosperity, notwithstanding the fact that there are within the borders of the state a number of dissatisfied persons who took advantage of the general financial depression which swept over the entire country to pave their way into temporary prominence by declaiming against the welfare of our people and slandering the fair name of our state.

We congratulate President Harrison upon his eminently wise, loyal and courageous administration, and declare our absolute confidence in his integrity, ability and patriotism, and pledge him our cordial support in the discharge of the duties devolving upon him as the chief magistrate of the nation.

We rejoice in the restoration of dignity, vigor and statehood in the conduct of our foreign affairs under the guiding hand of America's favorite son, James G. Blaine. We approve of the silver coinage act of the present administration, by which the entire product of the silver mines of the United States is added to the currency of the people, but we denounce the democratic doctrine of free and unlimited coinage of silver as a financial policy liable to precipitate the people of every city and every state in the Union in a prolonged and disastrous depression, and delay the revival of business enterprise and prosperity so ardently desired and now so apparently near. The free and unlimited coinage of silver would tend to the hoarding of gold and to force the issue of cheap money in the payment of wages in every workshop, mill, factory, store and farm, and tend to the scaling down of the wages of the toilers and weakening the purchasing power of the dollar which would be used to purchase the products of the farmer. We are in favor of having every dollar as good as any other dollar. We denounce the maintenance of the American system of protection to American industry and labor, the policy that has been identified with every period of our national prosperity.

We admire the genius of that heroic statesman, William McKinley, Jr., whom the people of Ohio will make their next governor as a recognition of his magnificent services to the country. We also commend and endorse that policy of reciprocity by which the Central and South American nations and the Spanish Indies are being opened up to our trade upon favorable terms and by which all the surplus products of our country may find a market and by which all our people shall receive in exchange therefore

A long line of producers which do not produce ruinous competition among our own people nor destroy the developing industries of our country.

We are heartily in favor of the general provisions of the Interstate Commerce act, and we demand the continuation of all railway and transportation laws in such a manner as to insure fair and reasonable rates to the producers and consumers of the country.

We favor such legislation as will prevent all illegal combinations and unjust exactions by aggregated capital and corporate powers. We insist upon the suppression of all trusts, combinations and schemes designed to artificially increase the price of the necessities of life.

We regard the world's Columbian Exposition as an important event in the world's history, and we are in hearty sympathy with every effort to make it a success. We should make a creditable exhibit of Nebraska's products, and we favor an additional appropriation by the next legislature for this purpose, that our prosperity and greatness may be fully exemplified. We take pride in this state. We recognize that its growth and power, its prosperity and good name have been the fruits of its industrial people, and we believe in such policies, state and national, as will promote justice and widen the opportunities among these classes. To their support in the future, as in the past, we pledge our most intelligent judgment and most sincere endeavor.

We denounce the Grand Island platform of the democratic party as framed with the deliberate purpose to mislead and deceive; wherein sympathy is expressed where none is felt, wherein help is proposed where none is rendered; wherein purposes are avowed which are not entertained. In support of this indictment we point to the professed friendship for the soldier, while at the same time the democratic party has always proclaimed against the granting of liberal pensions; to the free silver plank, intended to deceive the supporters of free and unlimited coinage of silver, when it is known that many of the leaders of the party are opposed to the doctrine; to the failure to give the relief from exorbitant freight rates while it was afraid to either approve or censure the action of its acting alien governor for vetoing the Newberry bill.

We denounce the democratic party for its insinuations against the integrity of the supreme court of the state as an effort to make the judicial powers subordinate to political parties and as disgraceful to a political organization.

We denounce the democratic party for its double dealing with the civil and political rights of the people, wherein it appears to favor free and untrammelled elections in the state of Nebraska, but never raises its voice against the political outrages practiced against the republican voters, white and black, throughout the democratic states of the south.

We arraign the democratic party as the enemy of labor, scheming to break down the defense of protective laws, to block the wheels of honest industry, and to degrade the masses of the people—a party controlled by aristocratic and sectional tendencies, the legacy of slavery.

The republican party of Nebraska appeals to the intelligence and to the integrity of the people of this state and from all good citizens we invite support.

The Iowa prohibitionists have a good opportunity this year to vote in a manner to materially aid the temperance cause. Will they do it?

It may truly be said that the democrats are on the run throughout the entire country.

ABOUT the only question at issue in Ohio now is how large will McKinley's majority be.

THE campaign liars will have but about nine months' rest after next Tuesday, before the will commence again, but this brief respite will be a great relief to the county.

THE Iowa state register says that Wheeler will carry the state by 12,000 majority, notwithstanding the disaffection in the republican ranks on account of prohibition.

THE alliance as a political organization has made very little progress in Iowa and Illinois. The fact is, crops have been too good and prices too high in those sections for calamity yelpers to thrive well.

HAVE you noticed that since the McKinley bill has been put into practical operation and its effects became known, that the democrats have ceased to abuse the measure? The truth is that when they begin their campaign of misrepresentation the voter says no, Mr. Democrat the bill has not had that effect. The bill has increased our markets, cut down the revenue, manufactured goods were never so cheap nor farm products so high.

It is a significant fact that not a single attack has been made upon the republican nominee for sheriff. The enemy realize that his character is unspotted, his ability above question and attacks would be useless. It may be depended upon too, that he will not go outside of Cass county to employ a deputy, and that a man will be chosen that will contribute to the success of Mr. Edison's administration.

The action of the Iowa prohibition party this year plainly demonstrates, as has often been claimed, that that party does not labor in the interests of true temperance, but on the contrary, is directed by demagogues that desire the defeat of the republican party. This claim was fairly proved when St. John canvassed the republican districts of a New York state thoroughly, thereby defeating J. G. Blaine and assisting Grover Cleveland to carry the state. In Iowa the republicans have passed a stringent prohibitory law, and this year they will stand or fall on that issue; yet, notwithstanding this, the prohibitionists (3) have a ticket in the field which there is no hope to elect and it can only serve to defeat the republican party and jeopardize the temperance cause.

THE Journal has ceased to talk about McKinley prices and now tells the young men that they should not vote for protection as wages are no better in consequence of it. The free trade paper cannot be blamed for making these statements, for it must have some object in view to keep on U. S. S. S. S. as a matter of fact the people know that under the American system of protection better wages are paid than in any other country, and they also remember that back in the "fifties" when we had free trade that wages were reduced workmen until left the shops and caused our manufacturers to close.

PROF. LEYDA is too well and favorably known in this part of the county to require any personal mention from us, but for the benefit of those in other parts of the county who are not personally acquainted with him, we desire to state that he is a man thoroughly capable of filling the position of county superintendent. His qualifications are unexcelled by any other candidate in the field, while his pleasant ways and excellent education especially fit him for the position.—Elmwood Leader. (ind.)

THE republicans of Iowa, warned by the disaster of two years ago, have been hard at work ever since the campaign opened, organizing for a full vote next Tuesday. They came to the wise conclusion that wind amounts to little in a strong republican state if 30,000 or 40,000 republican voters stay at home on election day.

This is what elected Boies, their only democratic governor since the organization of the republican party, and they have determined that it shall not reelect him this year. So they have thoroughly organized in every county, township and school district and the organization has for its one object the getting out of the republican voters to the last man when the polls are opened.

If they succeed, and they seem to be pretty sure of succeeding in that enterprise, the alleged defection here and there of disgruntled republican leaders will not count for anything when the ballots are canvassed.—State Journal.

A Little Girl's Experience in a Light-house.

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse at Sand Beach Mich, and are blessed with a daughter, four years. Last April she taken down with Measles, followed with dreadful Cough and turned into a fever. Doctors at home and at Detroit treated, but in vain, she grew worse rapidly, until she was mere "handful of bones". —They tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at F. G. Fricke Druggists.

Capt. W. A. Abbott, who has long been with Messrs. Precious and Hutton, Real Estate and Insurance Brokers, Des Moines, Iowa and is one of the best known and most respected business men in that city says: "I can testify to the good qualities of Chamberlain's Cough Remedy. Having used it in my family for the past eight years, I can safely say it has no equal for either colds or croup." 50 cent bottles for sale by F. G. Fricke & Co. Druggists.

We have sold Ely's Cream Balm about three years, and have recommended its use in more than a hundred special cases of ear-ache. The unanimous answer to our inquiries is, "It's the best remedy that I have ever used." Our experience is, that where purities continued its use, it never fails to cure. J. H. Montgomery, & Co., Druggists, Decatur, Iowa.

When I began using Ely's Cream Balm my ear-ache was so bad I had headache the whole time and discharged a large amount of filthy matter. That has almost entirely disappeared and have not had headache since.—J. Sommers, Stephany, Conn.

A POPULAR FAMILY.

JERRY: "How is it, Kate, that you always seem to 'out on' to the last new thing? Do what I say, you always seem to get ahead of me."

KATE: "I don't know; I certainly do not make any exception in that direction."

JERRY: "Well, during the last few months, for example, you have taken up painting,

without any teacher; you came to the rescue when Miss Latham asserted her Delaware class as suddenly, and certainly we are all improving in your instruction. I heard you telling Tommy Kamee last evening how his class made mistakes in playing basketball, you told me to your physical culture exercises. When do you get all of your information from in this little 'cut-of-the-way place'—for you never go to the city?"

KATE: "Why, Johnny, you will make me vain. I have only one source of information, but it is surprising how it meets all wants. I very seldom read of anything new, but what the next few days bring me full information on the subject. Magier's No. 1 Magazine! And a great treasure to it is to us all, for it really furnishes the reading for the whole household; rather has given up his magazine that he has taken for years, as he says this one gives more and better information on the subjects of the day; and mother says that it is that that makes her such a famous housekeeper. In fact, we all agree that it is the only really FAMILY magazine published, as we have sent for samples of all of them, and find that only this one, for men, women, and children, and another for children only, while the one suits every one of us; so we can't need to take one instead of several, and that is where the economy comes in, for it is only \$2.00 a year. Perhaps you think I am too lavish in my praise; but I will let you see one, or, better still, send it to you. The publisher, W. Jennings Deane, 25 East 14th Street, New York, for a sample copy, and I shall always consider that I have done you a great favor; and may be you will be writing us out, so you may have the reputation of being the best informed family in town. If that be so, it is Deane's Family Magazine that does it."
