NUMBER 56

## Royal Baking Powder Leads All.

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests, made both for them and the U. S. Government. The Royal Baking Powder is undoubtedly the purest and most reliable Baking Powder offered to the public.

"HENRY A. MOTT, Ph. D."  
Late Chemist for U. S. Government.

"All chemical tests to which I have submitted it have proved the Royal Baking Powder perfectly healthful and free from every deleterious substance. It is purest in quality and highest in strength of any Baking Powder of which I have knowledge.

"WM. McMURTRIE, E. M., Ph. D."  
Late Chemist-in-chief U. S. Dep't of Agriculture,  
Washington, D. C.

"The strength of the Royal is shown to be 23 per cent. greater than any other.

"As a result of my investigations I find the Royal Baking Powder far superior to the others. It is pure, contains none but wholesome ingredients, and is of greatest strength.

"F. X. VALADE,  
"Public Analyst, Ontario, Dominion of Canada."

The latest investigations by the United States and Canadian Governments show the Royal Baking Powder superior to all others in leavening strength.

Statements by other manufacturers to the contrary have been declared by the official authorities falsifications of the official reports.

Geo. Edson is in the city to-day.

The rumors of impending war in Chile are denied by Senor Mendoca, Brazilian minister, in this morning's papers.

Messrs Unruh and Boeck, our enterprising furniture men will place bids before the board for the furnishing of the new court house.

Judge Chapman has been suffering from a severe attack of catarrh but he was able to make a business trip to Omaha last evening.

E. G. Pettigrew, who has been visiting with Perry Walker the past three weeks, returned home to Philadelphia, Dakota, this morning.

The thermometer registered eight degrees above zero this morning at the B. & M. depot at 6 o'clock; nine degrees at the Hotel Riley at 6:30.

The fire scare at Jake Heinrich's restaurant and residence has been a severe trial for Jake, as he is very low and in a critical condition from a severe attack of pneumonia.

The business department of the high school is to be conducted in a special room as soon as proper arrangements can be made and additional facilities for instruction in special lines of work are to be made at once.

Dr. Marshall surely must be doing a good and satisfactory business in dental work as he has all the time appointments for a week ahead and is hardly ever found without a patient in the chair. Such men give life to any city.

John Currant, formerly a teacher near Wabash but now living in this city, went out to Cedar Creek last evening to consider an offer for that school. John is one of Cass county's successful teachers and is well qualified to assume the duties of the Cedar Creek school.

Some of the most startling, interesting discoveries of the life and customs of buried Egypt are now being made through extensive excavations. These discoveries are exciting a great interest. Many discoveries are, however, being made in our country that are remarkable, among which we may mention that of Haller's Pain Paralyzer which effects entire relief, and in many cases a complete cure of that terrible disease rheumatism, and which also relieves pain of all kinds. For sale by all druggists.

At a meeting of the W. C. T. U. in Boston it was moved, but the motion lost, that parts of birds shall not be worn unless obtained without pain. This course would require an affidavit attached to every part and parcel of a bird which might be put on the market, and then how could the ladies feel perfectly sure that the little winged creatures gave up their last breath without being in agony?

If the amendment which Dr. Briggs had inserted into a report at a meeting of the New York presbytery is generally accepted, it will be a relief to many anxious minds. It reads: "Infants dying in infancy and other persons incapable of being called by the ministry of the word, are regenerated and saved by Christ, through the spirit which worketh when and where and how he pleaseth; also other persons who have not been called by the ministry of the word."

Since congress has offered inducements to beet sugar manufacturers, this industry has grown very rapidly. Nebraska soil is admirably adapted to beet growing and, while several factories have already been established in the state, there is no reason why the industry might not be further extended. Cass county possesses advantages for the establishment of such an industry unequalled by any county in the state, and Plattsmouth might easily secure the location of one of these factories if the proper exertion were made.

Dr. Livingston has had the misfortune to have three runaways within the last two weeks and it is feared that he will not give up his high spirited team until they land him some where with a broken neck. Last evening at about 7 o'clock while Doc was waiting on a patient over on Pearl street the team made the third successful escape running with incredible speed against a lamppost in front of Judge Chapman's residence which was bent over but tore the buggy from the horses after which they made a circuitous route for the stable without sustaining any very severe damage. Doc seems to glory in the grit of his team.

No Agreement Reached.

A second consultation was held yesterday at Omaha between General Manager Clark of the M. P. and General Manager Holdrege of the B. & M., relative to the former road being granted the privilege of using the B. & M. bridge across the Platte at this place. No definite conclusion was reached, but Mr. Clark stated that in his opinion the M. P. would build a bridge of its own as that would be more satisfactory to all concerned.

Thanksgiving Supper.

The young people of the First Baptist church of Plattsmouth will give a general good Thanksgiving supper in the basement of the church Thanksgiving night, Nov. 23. Come and bring all your friends and eat pumpkin pie and apple sauce and everything else that is good for a Thanksgiving supper. Also an interesting program will be furnished. Admission, free. Supper, 25 cents. By order of COMMITTEE.

A New Fake.

A few weeks since Washington county was canvassed by an agent purporting to represent the "Chicago Wholesale Association." His scheme was to sell the farmers a certificate entitling him to a membership in the association, for which he was to pay \$3. This entitled him to purchase from the "association" any and all goods wanted at wholesale rates. After a number of memberships had been taken it was ascertained that the affair was a fraud and those holding certificates had been "duped." It always pays to buy of those parties, whom you know are responsible and worthy your patronage. It might be well to look out for the agents as they are still operating in the state. A Chicago writer refers to the matter as follows:

"The company was 'managed' by George Samuels. It consisted of buying goods largely on credit and selling for cash on orders from farmers and others in the country.

The Central Trusts and Savings bank secured judgement on a note and sold the stock on hand, securing thereby enough to pay court costs, but leaving creditors to the amount of \$45,000 or thereabout unprovided for.

"The fake is too recent hereabouts to be certain of results, but they can hardly be different elsewhere. In Minnesota where the scheme was extensively worked, the complaint is made that the sale of the share of stock usually closed the deal, and the purchaser was simply out his \$3.00. Goods sent were inferior in quality and more costly than the same grade sold by the retail trade. It would seem as if people would learn, in time, that the safest place to do any kind of business is with dealers whom they know and who are permanently located yet every year the traveling sharpers comes around and ropes in any amount of people."

Notice to W. C. T. U.

Remember the called meeting at the M. E. church to-morrow afternoon at 3 o'clock. A good attendance is desired. SECRETARY.

The Chicago Quartette.

The Chicago Ladies' Quartette will slug in Waterman's opera house to-morrow evening under the auspices of the the ladies of the Episcopal church. The entertainment will be first class in every particular and well worthy the patronage of all lovers of music. Read the following:

"So highly were Miss Cope's phenomenal talents regarded there, and so rapid was her progress, that she was prevailed upon to give a reading in Chickering Hall—a very high compliment, indeed, and which was endorsed by a large and delighted audience. The most critical and discriminating people who have heard her, believe her capable of equaling the merits and career of Mary Anderson, whom in many respects she greatly resembles.

Alice Merrill Raymond was the recipient of a very hearty encore. Her voice is a rich, deep, powerful contralto.—Chicago News.

Miss Raymond's singing was a rare treat to the audience. She possesses a voice of wonderful compass, strong, clear and far-reaching. Her talent as a vocalist has not been in the least overrated.—Chicago Inter Ocean.

Alice Raymond is acquiring rapid popularity as a singer, with a full and finely cultivated alto voice.—Chicago Indicator.

Specimen Cases.

S. H. Clifford, New Castle, Wis. was troubled with neuritis and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill. had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven bottles of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg; doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by F. G. Fricke & Co.

As Thanksgiving day draws near it might be well for each one to glance around and ascertain for what they should be thankful. We think all Nebraskans will agree that we should be thankful for one thing at least—namely, that there is no legislature in session this winter.

An honest Swede tells his story  
in plain but unmistakable lan-  
guage for the benefit of the public.  
One of my children took a severe  
cold and got the croup. I gave her  
a teaspoonful of Chamberlain  
Cough Remedy, and in five minutes  
later I gave her one more. By this  
time she had to cough up the  
gathering in the throat. Then she  
went to sleep and slept good for  
fifteen minutes. Then she got up  
and vomited; then she went back  
to bed and slept good for the re-  
mainder of the night. She got the  
croup the second night and I gave  
her the same remedy with the same  
good results. I write this because  
I thought there might be some one  
in the same need and not know the  
true merits of this wonderful medi-  
cine. CHAMBERLAIN'S THROAT
