NUMBER 62

Royal Baking Powder Has no Equal.

The United States Official Report of the Government Baking Powder tests recently made, under authority of Congress, by the Department of Agriculture, Washington, D. C., furnishes the highest authoritative information as to which powder is the best. The Official Report shows the ROYAL superior to all others in leavening power; a cream of tartar powder of highest quality.

The Canadian Tests:

"The strength of the Royal is shown to be 23 per cent. greater than any other.

"As a result of my investigations I find the Royal Baking Powder far superior to the others. It is pure, contains none but wholesome ingredients, and is of greatest strength.

Ed Oliver took a trip to Omaha. C. C. Parmele went to Omaha this morning.

Brid Critchfield went to Lincoln this morning.

F. S. White went to Ashland on a business trip this morning.

W. H. Newell and wife were passengers for Omaha on the early train.

Dr. E. E. Reynolds, of Rock Bluffs, was a pleasant caller at THE HERALD office this morning.

Mrs. M. J. Lambson went to Macedonia this morning to visit with friends over Thanksgiving.

Shorthand and typewriting college over Mayer's clothing store. Day and night sessions. Situations guaranteed to all competent students.

Dr. Deering returned to his home at Wabash last evening after a short visit to a sick sister at Hastings, Iowa.

S. C. Patterson, of South Bend, came in this morning intending to look after the affairs of his farm south of the city.

T. Clark and wife visited with their daughter, Mrs. Woods, in Weeping Water Sunday, returning Monday evening.

W. J. Hesser, florist, went to Omaha last evening to be gone a few days to attend to matters pertaining to his trade.

A. Schlegel and daughter, Grace, having Sundayed with friends in this city and their former home, returned to Lincoln.

John Leesley, north of town, is building a chicken house on an unusually large and substantial plan, it being of brick and about a hundred feet long.

Judge Chapman received a letter from H. D. Travis, county attorney, stating that he was confined to his bed and would be unable to attend court for the present.

J. A. Linahan and wife returned to Omaha last evening. Mr. Linahan has been looking over the affairs of the Plattsmouth Investment Co. for a few days, of which he is secretary.

The regular meeting of the E. L. V. literary society, will be held at the residence of R. W. Hyers, Friday Nov. 27, at which an interesting program will be rendered. Everybody invited. Watch the papers for the program.

John Steene, postoffice inspector, is on a tour of inspection through the county and having thoroughly examined the records and finances of this postoffice, states that the affairs of the office rank well among the best of the many he has examined through the state.

A. C. Mayer, county surveyor, commenced this morning to survey the public road granted last Friday by the county commissioners, from Plattsmouth extending north through sections six and seven, town twelve, range fourteen and section one, intersecting the telegraph road near Lawrence Stull's residence.

While out quail hunting yesterday Frank Morgan accidentally shot Jim Johns' bird dog, so that it had to be killed. It seems another dog had located a quail and when it flew up Johns' dog jumped up from behind a bush, thus bringing him in direct line with Frank's gun, who was in the act of shooting the quail.

The county records disclose the fact that the railroad company has made amicable adjustment with Mrs. John Harduba for the loss of her husband, who was killed on July 2nd by the explosion of engine No. 12 in the roundhouse. The company has been prompt in adjusting this affair to the entire satisfaction of Mrs. Harduba and her friends without causing her unnecessary expense.

The east end of school district No. 26 just north of town has petitioned Superintendent Noble to be set aside as a separate district and make the novel proposition that they will waive all rights to their apportionment of state and county school funds and the west end object because it will leave their district on the east line with only one child of school age belonging to a permanent resident and about four children belonging to sojourners and tenants. The truth of this apparent independence on the part of petitioners is that they are living in a district where the land is appraised very low but have about eight miles of railroad which would have to pay the bulk of the tax.

Cases Before the District Court. Among the cases continued for hearing in the district court are:

C. P. Gilbert vs. Weeping Water bank. R. A. Gibson, trustee vs. E. L. Reed et al. These cases have been consolidated and sent to Frank Ireland at Nebraska City as referee before whom they took testimony for fifty-eight days. The referee found Reed indebted to the bank upward of \$20,000 and the case is now pending on motion to confirm the report of referee and comes up for hearing before Chapman today.

Western Engineering Co. vs. Plattsmouth Street Railway Co. et al. Action was brought by the plaintiff and the Sprague Manufacturing Co to foreclose material lien, amounting to about \$10,000 and it is now pending on motion by Street Railway to file an amended answer asking for \$17,000 damages from Sprague for furnishing defective machinery and motors. It will probably be heard during the term.

Fred Bellows vs. Wm. Tighe as sheriff. This is an injunction restraining the sheriff from levying an execution on a judgement in one of the western counties where the plaintiff claimed that the service of summons was defective and judgement invalid. Judge Chapman dismissed the injunction holding, that the service of summons was good and fixed the supersedeas bond for the supreme court at \$1,400. This case has been of special interest to the bar on account of the technical points involved.

Frank Deitrich et al vs. Ellen Child et al. brought by plaintiff against their mother claiming eighty acres of land at Louisville which their father entered as a homestead and died before proving up. Their mother made final proof and got the patent issued in her own name which patent they seek to set aside and have her declared trustee in the hands of the court on advisement.

Wm. J. Quinn vs. Ellen Quinn a case brought by plaintiff to compel his mother, the defendant to deed him eighty acres of land near Elmwood claiming that he had remained at home and donated his service towards the payment of said place on condition that he should have it. He waited until his mother moved to Iowa before commencing suit and then got service of summons on her by publication in a news paper and got a decree for the land of which she was ignorant until a year after the decree had been rendered at which time she got the decree set aside and a new trial granted which was had at the last term of court and is now under advisement before getting the decree set aside, her son had traded the land to a man by the name of Forsythe for eighty acres of land in Otoe county and Forsyth now claims to be an innocent purchaser. The court has found that the plaintiff was not entitled to the land but has it under advisement as to whether title given while the decree was in force would be good.

Continued to-morrow.

Immediately after the resignation of the chief of police had been tendered, it was at once conceded that no man could hope to be elevated to fill the vacancy, unless he was a member of the alliance, in good standing. It appears that every aspirant to the honorable and trust-worthy position possessed these essential qualifications except Jack Denson. As Jack's friends desired that he contest for the honorable position, a committee (at once secured) the services of Judge Sullivan, better known as "the State Organizer for the Farmers Alliance, and in the presence of a few of the most prominent members of the order, the candidate was duly initiated. In the event that Mr. Denson should finally fail to capture the prize, it may yet prove an "unboly alliance," as the candidate was required to pay an initiatory fee of \$5.00, of which the State Organizer Judge A. N. Sullivan is to receive \$5.00 and the alliance the remaining five cents. The latest reports are that Denson's chances for the chief of police are very good.

Good Looks. Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the Liver be inactive you have a Bilious Look, if your stomach be affected you have a Dyspeptic Look and if your Kidneys be affected you will have a Pinched Look. Severe good health and you will have good looks. Electric Bitters is the great alterative and Tonic acts directly on those vital organs. Cures Pimples, Blisters, Boils and gives a good complexion. Sold at F. G. Fricke & Co's Drugstore, 50c per bottle.

An honest Swede tells his story in plain but unmistakable language for the benefit of the public. One of my children took a severe cold and got the croup. I gave her a teaspoonful of Chamberlain Cough Remedy, and in five minutes later I gave her one more. By this time she had to cough up the gathering in the throat. Then she went to sleep and slept good for fifteen minutes. Then she got up and vomited; then she went back to bed and slept good for the remainder of the night. She got the croup the second night and I gave her the same remedy with the same good results. I write this because I thought there might be some one in the same need and not know the true merits of this wonderful medicine. CHARLES A. THOMPSON, Des Moines, Iowa. 50 cent bottle for sale by F.
