WHY Royal Baking Powder is Best.

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the United States Government.

"I will go still further and state that because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation,

> "the Royal Baking Powder is undoubtedly the Purest and most reliable baking powder offered to the public.

"Authors' Carnival.

The ladies of the Presbyterian church luving in charge the "Authors' Carnival" entertainment at Rockwood hall last evening achieved a measure of success sanguine of its supporters.

The booths, representing respectively Lalla Rookh, Snow Cave, Hanging Garden, Dickens' Party, Maud Muller and Old Curiosity Shop, were tastily and skilfully decorated, reflecting great credit upon those in charge. Care had been exercised to represent a variety of characters, and with the oddities for which Dickens' works are noted, ably represented by Prof. McClelland, as Mr. Cuttle, and Miss Hyers, as Miss Peggotty, and the meekness and innocence of girlish life fully typified by Edith Gering; as Maud Muller, it was plainly evident that the two extremes were ably represented.

An excellent program, consisting of music-vocal and instrumentaltableaux, etc., was rendered, reflecting credit upon the participants. The tableau representing -ygmalian's statue, Galatea, Miss Bert Wise, and Jack Frost's Reception, by about a dozen young Mrs. Lou Boedeker doparted for ladies, are deserving special mention. The cornet solo of Mr. Eigen-For abstracts of title at reasonable rates, go to J. M. Leyda, Union block. broadt was fully appreciated, as the spontaneous encore tendered him fully indicated.

ERE is what the manufacturer says in regard to Solid Silver Met al goods and Solid Nickel Silverware: "There has been a growing demand for years for a grade of Spoons and Forks to take the place of Solid silver and plate ware. We have experimented for some time to attain this end, and are now able to offer the public our Rogers' Metal and Rogers' Solid Nickel Silver. We guarantee this metal superior to any Nickel Silver manufactured and have the greatest confidence in assuring our customers that this ware is inferior to service only to solid silver. It is a beautiful white color, is highly polished and can hardly be distinguished from pure silver. We recomend this ware especially for hotels, restaurants and boarding houses, as it will stand more hard usage than any other metal; is very tough and hard; will hold its color and will outwear any plateware ever manufactured." All our customers know Rogers' ware by reputation. This firm have manufactured plated, were since 1865 and their name in assured that tured plated were since 1805, and their name is never put on goods that are not of a high grade, so our customer can rest assured that they are getting some very desirable goods when they get goods under their brand.
