

Plattsmouth Daily Herald.

FIFTH YEAR.

PLATTSMOUTH, NEBRASKA, WEDNESDAY, DECEMBER 16, 1891.

NUMBER

33 per ct. difference. Royal Baking Powder, Strongest, Purest, Most Economical.

Certain baking powder makers are publishing falsified extracts from the Government reports, with pretended analyses and certificates, wherein an attempt is made to compare their baking powders with the "Royal," or making bogus tests from house to house, their obvious purpose being to counteract the recent exposures of the inferiority of their own goods arising from their impurity, low strength, and lack of keeping qualities as shown by the Government chemists and others.

As to whether any of these baking powders are equal to the "Royal," the official tests clearly determine. When samples of various baking powders were purchased from the grocers, and analyzed by the United States Government Chemists and the Chemists of State and City Boards of Health, the reports revealed the fact that the "Royal" contained from 28 per cent. to 60 per cent. more leavening strength than any other cream of tartar baking powder and also that it was more perfectly made, of purer ingredients, and altogether wholesome.

As these powders are sold to consumers at the same price, by the use of the Royal Baking Powder there is an average saving of over one third, besides the advantage of assured purity and wholesomeness of food, and of bread, biscuit and cake made perfectly light, sweet, and palatable—advantages not to be had in the use of the low grade, cheaply made baking powders that contain lime, alum, and other impurities.

Advantages of Plattsmouth.
The high school has been studying the past, present and future of Plattsmouth in their general instruction work. One question was to name the advantages of Plattsmouth as a manufacturing center. It thought that the advantages named by Henry Snyder were the most complete and thinking they will be interesting to our readers we produce in full:

1. It is the gateway to the South Platte country.

2. It is on the Missouri river, assuring great water privileges.

3. It is located by nature so that the best of water-power can be secured from the Platte river.

4. It is located on two trunk line rail-roads, the C. B. & Q. and M. P., thus securing the best of shipping facilities.

5. It is in direct and close connection with the great coal-fields of Missouri, thus securing cheap fuel.

6. It has plenty of cheap land that can be secured for manufacturing purposes.

7. It has an energetic class of business men, who are willing to give time and money to secure manufacturing institutions.

8. It is not influenced by labor unions and will thus avoid all troubles on account of strikes.

9. It has an endless supply of lime-stone for building purposes and for the making of lime.

10. It has a never-ending supply of clay for the manufacture of tile and brick, and two extensive brick-yards.

11. It is the center of the best fruit growing section of the state, and needs a copper-shop to prepare for the shipment of fruit.

12. It is in the center of the best stock country in the world and needs a packing establishment.

13. It is by nature the distributing and collecting center to the South Platte country, which can raise the best sugar-beet in the world; so a beet-sugar factory would be an excellent investment.

14. It is the market for endless quantities of straw and flax, which would insure a prosperous paper mill.

15. It is the market for a never failing potato and corn crop, so that a starch-factory would be a paying investment.

16. It is surrounded by one of the best wheat and oats regions in the world, so that a cracker and oatmeal-factory would not fail to prosper.

17. It has an excellent system of water works which secures it against fire and supplies an endless amount of pure water for private and manufacturing purposes.

18. It is located in a pocket formed by the Platte and Missouri rivers which protects it from severe storms, making a climate unsurpassed by any city in the world.

19. It has a natural drainage and an extensive system of sewerage which insures a good sanitary condition and good health.

20. It has an excellent system of public schools and a high school that is anxious to do what it can to benefit the town mentally, morally, and financially.

21. It has prospering church organizations of every denomination.

22. It has the best hotel accommodations of any city of its size in the west.

23. It is the county seat of Cass county and a new \$80,000 court house is now being constructed.

24. It has all the improvements of a modern city of 10,000 inhabitants and has more natural advantage for becoming a great manufacturing city than Omaha. Any manufacturing establishment that would be a profitable investment in Omaha would pay much better if located in Plattsmouth. Capitalists seeking profitable investments in the great west will do well to address.

HENRY E. SNYDER,
Plattsmouth, Neb.

Some of the advantages were given in the following answers:—

Because it has plenty of men needing employment who would work cheaply.

It does not have many manufacturing establishments so there are plenty of room for more.

Because it has thirteen saloons. It has plenty of rags and should have a paper mill to manufacture them.

It has good policemen. Because a great many hogs are raised in the vicinity of Plattsmouth.

Did you see JOE'S magnificent line of suspenders?

For gents Christmas slippers go to Joseph Fetter.

Attorney Dwyer is in Omaha on legal business to-day.

Clerk Cranchfield departed for Omaha this morning.

E. C. Parziale and Judge Newell departed for Cedar Creek this morning.

A great amount of fun is in store for our theatre goers at the Waterman next Friday night.

The nigger chants of the Olympia quartette are one of the musical features of Sport McAllister.

Lost—A pair of plain spectacles and case last Saturday, December 12. The finder will please leave the same at this office.

The dread disease diphtheria has again appeared in Nebraska City. Several new cases and one death were reported yesterday.

Mrs. Ryan, of Nebraska City, who has been visiting her sister, Mrs. H. C. Wheeler, the past few days, returned home this morning.

W. A. Brady jumped in to play the part of the lunatic barber in Sport McAllister one night last week owing to the illness of the man playing the part.

At 3 p. m. to-day Dr. Livingston reports Miss Maggie Vallery a little better. To-day's improvement together with the slight betterment of yesterday, may be taken as a slight indication of her ultimate recovery.

When Bobby Gaylor is in New York he stops at the house of an Irish lady who hails from the historical city of Cork. Bobby claims that he tries all his new gags and songs on her first and that she is the best audience he ever played to.

The many friends of Jake Hendrich will regret to learn that he is still lying in a critical condition, with very little or no hope entertained for his recovery. His strength is almost exhausted and the end is thought to be only a matter of a few weeks at the most.

A Mr. Bailey, of Bartlet, Ia., was in the city this morning in quest of an eloped couple. A few days since a young man won the affections of a cousin, of Mr. Bailey and upon an objection to their marriage being raised by her parents the couple concluded to cut loose from parental authority and roam upon the wide world. The police at this place had seen nothing of the runaways whereupon Mr. Bailey departed for Omaha, to continue his search.

In a conversation with Judge Archer to-day, he stated that he had been comparing the police report of Plattsmouth for the month of November with that of South Omaha for the same period, finding as a result that the percentage of police business of Plattsmouth is about 35 percent less than that of South Omaha. Upon the whole there can be no question that there is comparatively little disorder and carousing on our streets for which we have cause to be grateful.

The law of Nebraska requires ministers of the gospel and justices of the peace who officiate at weddings, to include in their report to the county judge, names of two witnesses. Judge Ramsey desires to impress this matter firmly upon the minds of all concerned as it is highly important that the law be complied with to the letter. Several reports have stated that several friends were present, others that a large crowd were witnesses but this is too indefinite and does not comply with the law.

Several of the Plattsmouth delegates to the Missouri river improvement convention which convened at Kansas City yesterday were given recognized in the appointment of committees. We notice that M. B. Murphy was selected as a member of the committee on credentials; C. W. Sherman a member of committee on permanent organization and Senator Thomas as a member of the committee on rules. Gov. Thayer was selected chairman. But little business was transacted aside from preliminary arrangements. The business will largely be done to-day.

Laid to Rest.

The funeral of John Monroe was held at the residence of his parents in Shafterville at 11 a. m. to-day. Rev. L. F. Britt officiating. A large concourse of friends, among whom were several relatives from Omaha, were in attendance. The body was interred in Oak Hill cemetery.

SILVERWARE GIVEN AWAY

A Stimulator for Cash Trade to Wide-Awake Persons.

While we appreciate the large amount of trade we are favored with, we still desire to increase our

CASH TRADE

and have completed arrangement in which we have secured large quantities, at first hands, of the celebrated

ROGERS SOLID NICKEL SILVER PLATEWARE

at such prices that we propose to give them to our many customers believing that we shall increase our trade, as our customers appreciate the fact that we are spending the money we set aside for advertising purposes by returning it to them, believing they will appreciate the gifts and tell their friends, and thereby increase our trade.

EVERY Cash purchase to the amount of \$5 entitles the purchaser to either a Roger's Solid Silver Metal Butter Knife or Sugar Shell sold by Jewelers at \$1.00.

EVERY Cash purchase to the amount of \$15 entitles the purchaser to a set (6) of Roger's Solid Nickel Tea Spoons, sold by Jewelers at \$2.00.

EVERY Cash purchase to the amount of \$25 entitles the purchaser to a set (6) of Roger's solid Nickel Dessert Spoons, sold by Jewelers at \$3.00.

EVERY Cash purchase to the amount of \$30 entitles the purchaser to a set (6) of Rogers' Solid Nickel Table Spoons or a set of Solid Nickel Forks, or a set of Triple plated Knives, sold by Jewelers at \$4.00.

HERE is what the manufacturer says in regard to Solid Silver Metal goods and Solid Nickel Silverware: "There has been a growing demand for years for a grade of Spoons and Forks to take the place of Solid silver and plate ware. We have experimented for some time to attain this end, and are now able to offer the public our Rogers' Metal and Rogers' Solid Nickel Silver. We guarantee this metal superior to any Nickel Silver manufactured and have the greatest confidence in assuring our customers that this ware is inferior to service only to solid silver. It is a beautiful white color, is highly polished and can hardly be distinguished from pure silver. We recommend this ware especially for hotels, restaurants and boarding houses, as it will stand more hard usage than any other metal; is very tough and hard; will hold its color and will outwear any plateware ever manufactured." All our customers know Rogers' ware by reputation. This firm have manufactured ware since 1865, and their name is never put on goods that are not of a high grade, so our customer can rest assured that they are getting some very desirable goods when they get goods under their brand. Come in early and secure a share of these goods before it is too late.

We Guarantee our Prices to be the Lowest and Invite Competition.

FRED HERRMANN.

The laws of health are taught in the schools; but not in a way to be of much practical benefit and are never illustrated by living examples which in many cases might easily be done. If some scholars, who had just contracted a cold, was brought before the school, so that all could hear the dry, loud cough and know its significance; see the thin white coating on the tongue and latter, as the cold developed, see the profuse watery expectoration and thin watery discharge from the nose, not one of them would ever forget what the first symptoms of a cold were. The scholar should then be given Chamberlain's Cough Remedy free, that all might see that even a severe cold could be cured in one or two days, or at least greatly mitigated, when properly treated as soon as the first symptoms appear. This remedy is famous for its cures of cough, colds and croup. It is made especially for these disease and is the most prompt and most reliable medicine known for the purpose. 50 cent bottle for sale by F. G. Fricke & Co., druggists.

Sugar Beet Convention.
As the dates approach for the beet sugar convention at Lincoln, the delegates should prepare to attend. The B. & M. road authorizes us to announce that a rate of one and one-third fare for the round trip will be made. Parties purchasing tickets will pay full fare to Lincoln and receive a certificate from Agent Latham. This certificate should be signed of Lincoln by M. A. Luun, secretary of the board of trade, and upon its presentation transportation home will be granted for one-third fare.

To be Married.
A permit to wed was granted to Chas. E. Gilbert, age 24, and Maggie Kelly, age 21, both of Elmwood.

Sleepness night made miserable by that terrible cough Shilohs remedy is the cure for you, by F. G. Frick and O. H. Snyder.
