**An Alarm of Fire.**  
An alarm of fire was given at 10:20 this morning, and in a few moments a large crowd was attracted to the scene of the supposed disturbance, which prove to be the house owned by Pete Elinson, now being occupied by Widow Newland. Smoke was seen escaping from the garret and Chief Clifford was hoisted into the garret to ascertain the true condition of affairs. The garret was completely filled with smoke and gas and he at once knocked a hole through the roof that a draft might be created this making an avenue for its escape. Further investigation proved that there had been no fire, but that the elbow which connects two joints of pipe in the garret, had become detached, rendering it impossible for the smoke to do other wise than be come diffused throughout the garret.  
The fire company was on hand with unusual promptness, and in the event the fire fiend had begun its ravages there is little doubt that the flames would soon have been subdued.

**University of Nebraska**  
To meet a steadily growing demand on the part of the farmers of Nebraska, and especially on the part of the young farmers for information on matters of every day interest to those engaged in agriculture, the University has established a short course of lectures which will set forth in a condensed and popular for the latest results of investigation and experiment in the lines indicated by the topics mentioned.  
For the present winter, at least, there will be no charges or expenses connected with the course; other than the usual personal expenses of the attending, while in the city. These can very easily be kept within one dollar a day, if it is so desired. Inquiries as to places and cost of board will be promptly answered.  
There will be opportunity between the lectures and during the evenings for much reading, both general and special. The University library is open till 10 p. m., and the reading room of the city library is accessible to all. The various class rooms of the University and its museums and laboratories are open to those taking the proposed course.  
All wishing to attend these lectures must enroll (by letter or in person) before February 1st; though others will be admitted later if the membership is not too large. Address "The Chancellor, University of Nebraska, Lincoln." Give full name, age and address.

What Nebraska needs badly is home industries and manufactures, so that the products of our farmers may be still more diversified and a market created for them as near the field as possible. A few manufactures will do more toward building up the state than a thousand so-called reform political parties. Everything the farmer raises in the west is sent east to the manufacturers or to market, and that which goes to the manufacturer is returned to them again with an exorbitant freight bill added to the price. Take stock as an example. Our farmers sell stock in the Plattsmouth market, but the buyer must deduct the amount of the freight bill, plus the margin he must retain. After the hog is dressed and prepared for consumption, it is again shipped to the west and consumed by the very people that first sold the hog. We have but little sympathy for the class of farmers that go around crying down manufactures and all enterprises that have a tendency to increase the consumption of farm products, yet who are loud playing the roll of the calamity shrieker. The farmers cannot expect to thrive well when the production exceeds the demand, as it oftentimes does. The thing to do is to encourage the building of industries right at your door if possible, and, instead of paying the railroads freight on commodities both ways, have them prepared for use at home and retain the freight bill for your labor.

County Superintendent Noble is in the city to-day conducting a teachers examination. The applicants for permit to teach are Miss Luella Mathew, of this city and Miss Alta Abbott of Ashland. Each of these young ladies will play the roll of school ma'ms next spring.  
Brown & Barrett are closing out their stock of scrap books, Xmas cards and vases at actual cost. Don't fail to see them. if

**Church Services**  
First M. E. church, South Sixth street, between Main and Pearl. Dr. L. F. Britt, pastor. Sunday school at 9:30 a. m. Preaching at 11 a. m. and 7:30 p. m. by the pastor. Subject for the morning, "God's Family in Heaven and on Earth." In the evening, "The Great Physician." The Epworth League will meet at 6:30 p. m. in the gallery of the church. All are cordially invited to these services.

**An Interesting Case.**  
An interesting case to Cass county readers was tried in the district court at Nebraska City Thursday. The case was brought by Oswald Baier, charging the Missouri Pacific with killing his wife at Weeping Water last summer, and suing for \$5,000 damages. After deliberating all night the jury rendered a verdict in the plaintiff's favor, giving the amount asked for. The attorneys for the Missouri Pacific gave notice that the case will be appealed.

**To Build a Church.**  
The Baptist people living between Plattsmouth and Rock Bluffs contemplate beginning the erection of a church about two miles south of Plattsmouth, near the Rock Bluffs road. The contract for furnishing the building material has been let to Philip McCulley of this city. Work will begin as soon as possible and it will be rapidly pushed to completion. The church is to be designated "The Crystal Springs Baptist Meeting House."

**More Light for Elmwood.**  
Reports indicate that our neighboring town, Elmwood, will establish a \$20,000 electric light and grist mill plant in the near future. The company with which the town was negotiating proposed that the citizens subscribe for 165 lights, and upon this being complied with, the number was raised to 200. Aside from this little misunderstanding the arrangements have all been completed and there is little doubt that the plant will be established in the spring. THE HERALD congratulates Elmwood upon the valuable acquisition.

**A Debating Society.**  
A debating society was organized Thursday eve at the home of Gerald Drew enrolling eleven charter members. The time for meeting has not yet been decided, but the society will probably meet weekly. The boys that attend meeting of this nature and improve the opportunities presented there for intellectual culture and development will fare better than he who spends his evenings upon the street or frequenting places far more questionable in character and from which even more disastrous results accrue.  
The step is a commendable one and THE HERALD hopes that it will not only be maintained during the winter but that the attendance and interest will greatly increase.

**Will Fight the City**  
Police McGuire, acting under instructions of Chief of Police Fry, to-day filed information against Wm. Weber, charging him with violating the city ordinance which provides for the closing of saloons at 11 o'clock. Weber appeared about 2 p. m. and gave notice that he would employ counsel and fight for his right to keep open as long as he desired. Accordingly Judge Archer set the trial for Monday at 1 p. m. Byron Clark will appear for the defendant.  
Police McGuire stated to a HERALD reporter to-day that he visited Weber's saloon after 11 o'clock and politely requested that it be closed, whereupon the proprietor flatly refused to obey, remarking that his business was interfering with no one.

Edmund Dorr, late candidate for sheriff, returned this morning from Shelby and Mills counties, Iowa, whither he has been on a business trip.

**SILVERWARE GIVEN AWAY**  
A Stimulator for Cash Trade to Wide-Awake Persons.

While we appreciate the large amount of trade we are favored with, we still desire to increase our **CASH TRADE** and have completed arrangement in which we have secured large quantities, at first hands, of the celebrated **ROGERS' SOLID NICKEL SILVER PLATEWARE** at such prices that we propose to give them to our many customers believing that we shall increase our trade, as our customers appreciate the fact that we are spending the money we set aside for advertising purposes by returning it to them, believing they will appreciate the gift and tell their friends, and thereby increase our trade.  
EVERY Cash purchase to the amount of \$5 entitles the purchaser to either a Roger's Solid Silver Metal Butter Knife or Sugar Shell spoon by Jewellers at \$1.00.  
EVERY Cash purchase to the amount of \$15 entitles the purchaser to a set (6) of Roger's Solid Nickel Tea Spoons, sold by Jewellers at \$2.00.  
EVERY Cash purchase to the amount of \$25 entitles the purchaser to a set (6) of Roger's solid Nickel Dessert Spoons, sold by Jewellers at \$3.00.  
EVERY Cash purchaser to the amount of \$30 entitles the purchaser to a set (6) of Rogers' Solid Nickel Table spoons or a set of Solid Nickel Forks, or a set of Tripple plated Knives, sold by Jewellers at \$4.00.

HERE is what the manufacturer says in regard to Solid Silver Metal goods and Solid Nickel Silverware: "There has been a growing demand for years for a grade of Spoons and Forks to take the place of Solid silver and plate ware. We have experimented for some time to attain this end, and are now able to offer the public our Rogers' Metal and Rogers' Solid Nickel Silver. We guarantee this metal superior to any Nickel Silver manufactured and have the greatest confidence in assuring our customers that this ware is inferior to service only to solid silver. It is a beautiful white color, is highly polished and can hardly be distinguished from pure silver. We recommend this ware especially for hotels, restaurants and boarding houses, as it will stand more hard usage than any other metal; is very tough and hard; will hold its color and will outwear any plating ever manufactured." All our customers know Rogers' ware by reputation. This firm have manufactured plated ware since 1865, and their name is never put on goods that are not of a high grade, so our customer can rest assured that they are getting some very desirable goods when they get goods under their brand. Come in early and secure a share of these goods before it is too late.

We guarantee our Prices to be the lowest and invite Competition.

The laws of health are taught in the schools; but not in a way to be of much practical benefit and are never illustrated by living examples which in many cases might easily be done. If some scholars, who had just contracted a cold, was brought before the school, so that all could hear the dry, loud cough and know its significance; see the thin white coating on the tongue and latter, as the cold developed, see the profuse watery expectoration and thin watery discharge from the nose, not one of them would ever forget what the first symptoms of a cold were. The scholar should then be given Chamberlain's Cough Remedy free ly, that all might see that even a severe cold could be cured in one or two days, or at least greatly mitigated, when properly treated, as soon as the first symptoms appear. This remedy is famous for its cures of cough, colds and croup. It is made especially for these disease and is the most prompt and most reliable medicine known for the purpose. 50 cent bottle for sale by F. G. Fricke & Co., druggists.  
Be sure to call and see the prices on Ladies' and Gent's gold and gold filled watches.
