**Christmas at the Churches.**

**AT THE M. E. CHURCH.**

There was hardly standing room at the M. E. church Christmas eve. The program rendered was participated in largely by little folks, all of whom reflected great credit upon themselves and the management. The speaking was interspersed with music well rendered. Santa Claus was not present in person, but he remembered the children and Sunday school pupils to their entire satisfaction.

**PRESBYTERIAN FESTIVITIES.**

The attendance at the Presbyterian church was good. Prior to the distribution of the gifts to the pupils of the Sunday school, a short, interesting program was rendered. The tree was of evergreen, not very large and with the lights shining profusely it presented a lovely appearance. The pupils of the Sunday school were made to rejoice by the generous and appropriate manner in which Santa Claus remembered them.

**AT THE CHRISTIAN CHURCH.**

The exercises at the Christian church on Christmas eve were a decided success. The house was crowded to its utmost capacity.

The beautiful cantata, entitled "How We Waited for Santa Claus," was rendered in such a manner as to call forth the best praises from the attentive listeners. Mr. Bird Critchfield conducted the exercises, and expressed himself as being well pleased with the interest the people have taken in order to please the young people who attend the Sunday school at the Christian church. Many fine presents were distributed, among which was a fine gold watch from the family to Mr. E. R. Todd. A recitation was given by Miss Clara Wilson, entitled "The Little Pilgrim," which caused tears to flow in the eyes of nearly every person present. Santa Claus appeared in full costume, and actually came in at the chimney, which had been prepared, and upon the mantle of which were arranged the many presents.

**ONE PRESENT.**

**AT ST. LUKE'S EPISCOPAL.**

Christmas eve was duly observed at St. Luke's Episcopal church. The exercises, consisting principally of singing, were participated in mainly by the children. The decorations were appropriate and tasty. The window sills were covered with cotton, bordered with evergreens. A beautiful arch spanned the pulpit, bearing in gilt letters the inscription, "Glory to God in the Highest and on Earth Peace, Good Will to Men." Beautiful green vines, with red buds attached, covered the organ and altar, on the whole reflecting rare credit upon the decorators.

The Christmas exercises were concluded with services in the church yesterday.

**AT THE GERMAN PRESBYTERIAN.**

The German Presbyterian church was filled to its utmost capacity and the large audience was intensely interested throughout. The program was appropriate for the occasion bearing upon Christmas topics. The exercises were interspersed with music by the church choir assisted by the Sunday school. There were two Christmas trees beautifully decorated and heavily laden with presents.

**DESTROYED BY FIRE.**

The Nebraska City Distillery Destroyed by Fire.

The main building of the big distillery at Nebraska City was wrapped in flames Thursday afternoon and almost totally destroyed. The origin of the fire is attributed to spontaneous combustion of dust and trash that had accumulated in the department in which the grain is ground. The flames spread rapidly and in five minutes after the alarm was sounded the building was enveloped in flames.

The Press estimates the loss at \$50,000, fully insured. The work of rebuilding will be begun at once and in the course of two weeks work will be resumed as usual.

The Press speaks in high terms of the valor and heroism exhibited by the firemen in endeavoring to subjugate the flames, asserting that Nebraska City has the finest volunteer fire company in the west.

**Obituary.**

**DIED**—Mrs. Minnie Haspoll, of typhoid pneumonia, at her home on North Eleventh street.

Mrs. Haspoll had been confined to her room for the past two months and during this time her suffering had been intense.

This family has been exceedingly unfortunate the past year. The husband was killed at Kansas City last March, and only four months since a little baby was suddenly taken away. The deceased died at the home of Charles Kennedy.

The remains will be taken to Pontiac, Mich., to-morrow and interred in the cemetery near the old homestead.

**"T. K." Quartette.**

A very fair audience greeted the "T. K.s" at the Baptist church last night, but not as large as the entertainment deserved. But the audience made up for quality what lacked in numbers, and those present felt repaid for their attendance by the entertainment furnished by this excellent musical combination.

The program was carried out in a manner which gave satisfaction to those present. The Quartette numbers on the program were executed in a manner which showed the entire troupe's thorough knowledge of music, and each part was thoroughly understood, while the effect was one of harmony. Should the "T. K.s" again appear before a Creston audience they will be greeted with a crowded house.—Creston (Ia.) Gazette.

A rare musical treat is in store for those who intend hearing the "T. K.s" at the Waterman next Tuesday night.

The Weeping Water Republican reproduces the THE HERALD's descriptive article of the court house this week; also, it displays a very creditable representation of the new court house. Neither THE HERALD nor the Republicans office desires to be selfish with these cuts. In the event the Eagle desires to give its readers a representation of the court house, the republican will doubtless loan it cut. Likewise THE HERALD will open up its heart to the Evening News if the latter will humiliate itself sufficiently to ask for it.

**Short Hand.**

Prof. Musgrave desires to announce that he will form another class in short hand next Monday evening at 7:30. Rates for less than four will be \$4 per month; for four or more, \$3.50 per month. Call at the residence of Mrs. J. N. Wise.

**UNDER THE WHEELS.**

Henry Steele Discovered Lying Upon the M. P. Track South of the Station at Nebraska City Thursday, With his Foot Cut Entirely Off.

It appears that the unfortunate young man had purchased a ticket at Auburn for Nebraska City. The conductor of the train, in speaking of the affair, said that after Mr. Steele got on the train at Auburn he noticed that he had been drinking. He says, further, that he was not asleep when he got to Nebraska City, but that he got off the train with a turkey in his arms, and after standing on the platform for a short time, he went around and got on the blind end of the baggage car. This was the last seen of him until he was picked up in the condition in which he was found. He was taken to the city hospital, and Doctors Ross and Daily waited upon him and did all in their power to relieve his sufferings, which were terrible in the extreme. The injury will surely prove fatal, as both legs are badly mangled.

H. C. McMaken and Dr. Siggins were passengers for Omaha this morning.

**A Close Call.**

E. T. Comer sustained a very painful accident last week under peculiar circumstances. Comer loves to shoot, better than he does to eat, and everywhere he goes his gun is his companion. On this occasion he arrived at the place expected to bag some game, took his gun out of the case, proceeded to fill his coat pockets with loaded shells from the same. He had dropped two handfuls into the right pocket, the 3rd handful went in also, but one of them must have dropped on the percussion of one of the others and exploded. The charge split the thumb of Comer from the end to the first joint, glanced from the ball of his hand and up his coat sleeve and out on the side. The whole pocket was blown out and many of the shells emptied of the shot. It was a close call for him, but fortunate that it was no worse.—Eagle.

Mat Gering is in Omaha on legal business to-day.

**A Runaway.**

Robert Hull, an employee, of Henry Eikenbary, experienced a hazardous ride Thursday. After he had driven a short distance from town upon returning home, the four horse team became frightened and became unmanageable. After running a short distance the wagon was overturned, throwing the driver out, though he escaped without injury. The front team became detached after running about a half mile, which only had a tendency to increase the speed of the rear team. The latter was finally brought to a halt before they were injured. The harness was almost completely destroyed. The damage to the wagon was slight.

HERE is what the manufacturer says in regard to Solid Silver Metal goods and Solid Nickel Silverware: "There has been a growing demand for years for a grade of Spoons and Forks to take the place of Solid silver and plate ware. We have experimented for some time to attain this end, and are now able to offer the public our Rogers' Metal and Rogers' Solid Nickel Silver. We guarantee this metal superior to any Nickel Silver manufactured and have the greatest confidence in assuring our customers that this ware is inferior to service only to solid silver. It is a beautiful white color, is highly polished and can hardly be distinguished from pure silver. We recommend this ware especially for hotels, restaurants and boarding houses, as it will stand more hard usage than any other metal; is very tough and hard; will hold its color and will outwear any plateware ever manufactured." All our customers know Rogers' ware by reputation. This firm have manufactured plated ware since 1865, and their name is never put on goods that are not of a high grade, so our customer can rest assured that they are getting some very desirable goods when they get goods under their brand. Come in early and secure a share of these goods before it is too late.

The Weeping Water Eagle says that Ed Dorr has ceased to look upon the office of sheriff in the light of a snap, but is casting his eyes westward to a seat in the next legislature. This is virtually an announcement that Mr. Dorr contemplates deserting the alliance, as all sensible men agree that the people will not be hoodwinked into the election of another alliance legislature.

W. J. Johnson ate turkey with his family in this city yesterday and returned to Ashland this morning.
