It is perfectly true, as the pro-  
tectionists asserts, that a tariff of  
customs duties upon foreign goods  
imported into new countries tends  
to create and maintain certain high  
rate of wages in the factory indus-  
tries.—General Francis A. Walker's  
"Political Economy" advanced  
course, section 263.

DURING the first twelve months of  
the new tariff's existence 50.38 per-  
cent of our import came in free,  
the average rate of duty on free and  
dutiable, the only honest basis  
upon which to compute it, was  
about 23 percent, and the per cap-  
ita amount of duty collected was  
somewhat less than \$3. Does that  
look like a higher tariff than either  
of the foregoing.

### A HOT SHOT AT DEMOCRATIC CONGRESS

It is probable that Oregon and  
the northwest generally will like  
this paramonious, cheese-paring,  
humbug-economy congress a good  
deal less than they liked the billion  
dollar congress that has been the  
subject of so much democratic ob-  
jurgation. By the way, there  
would have been no billion-dollar  
congress had it not been for the  
ten-billion-dollar democratic rebel-  
lion. The annual charges on ac-  
count of that rebellion still exceeds  
two hundred million a year.—Port-  
land Oregonian.

### DEMOCRATIC HARMONY

Senator Hill, at the pearls portals:  
"Ah, there, Petie, old boy, how d'y?"  
St. Peter (shocked): "I beg your  
pardon."  
Hill: "Excuse me, old fel, I was  
thinking about your being one of  
the Albany boys."  
Can I come in?"  
St. Peter (unlocking the gate):  
"Oh I suppose so. Cleveland went  
in a few moments ago."  
Hill (startled): "Who? What?  
Grover Cleveland?"  
St. Peter: "Yep."  
Hill: "I guess I've struck the  
wrong entrance, Ta, ta, old chappie."  
St. Peter: "By, by, Davy. Turn  
to the left at the foot of the cliff."

THE report comes from Detroit  
that at the factory, where they are  
making the dynamite cartridges  
for use in the pulumatic guns on  
board the torpedo ship Vesuvius  
they are making a sub-marine  
torpedo boat which is expected to  
revolutionize marine warfare. The  
dynamite cartridge will contain 100  
pounds of the explosive and is so  
constructed that it can remain  
under a vessel's bottom any time  
up to half an hour at the operator's  
discretion. The cartridge is made  
of magnetized iron which will cling  
to a vessel tenaciously. The boat  
is fifty feet long, ten feet beam and  
ten feet depth of hold. Compart-  
ments filled with water submerge  
the boat so nothing but the top of  
the smokestack and the upper line  
of the pilot house are visible. It is  
thought the boat can sink any craft  
afloat. The place of construction  
is kept a secret, as are the names  
of the capitalists backing the  
scheme.

A SIGNIFICANT comment on Mr.  
Blaine's letter of withdrawal is  
found in a late issue of the Brus-  
sel L'Independence Belge. After  
discussing the significance of Mr.  
Blaine's letter, it says:  
In any case, however, we in  
Europe must behold without sor-  
row every recurrence likely to en-  
feeble the republican party and  
increase the chances of the democ-  
rats at the approaching election.  
If the candidacy of ex-President  
Cleveland, who is frankly for free  
trade, does not seem able to obtain  
a sufficient number of votes, being  
determined by that r. Hill,

governor of New York, at least it is  
certain that the democratic  
nominee, whoever he may be, will  
have for a platform the policy of a  
revision, more or less radical, of  
the ultra-protectionist tariff enacted  
by the present administration of  
the United States. Every incident  
which intensifies the dissensions of  
the republican party and dimin-  
ishes the probability of the control of  
affairs by that party for a new term  
of four years must assist in  
strengthening in the United States  
the cause of free trade, which is to-  
day more than ever necessary to us.  
The withdrawal of Mr. Blaine ap-  
pears to be such an incident.

### MAKING SOLDIERS OF RED MEN.

Order is said to be "the first law  
of heaven," "cleanliness is akin to  
godliness," and "industry is the  
mother of virtue."  
Acting on these maxims, in 1860,  
a practical republican secretary of  
war conceived the idea that the  
true way to make an Indian into a  
good citizen is to first make a  
soldier of him, thus teaching him  
to be clean, orderly, and industri-  
ous.  
To do ordinary work, to obey or-  
dinary laws and regulations, to an  
Indian seems degradation worthy  
only of a squaw. But he is by in-  
stinct and habit a soldier, and the  
work of a soldier is, he thinks,  
manly. Taught to care for his  
horse, his arms, his uniform, his  
quarters, to be prompt, orderly, and  
obedient as a soldier—wh can  
doubt that the Indian has made a  
long stride toward civilization and  
citizenship? Many companies of  
the hitherto untamable red men  
have already been enlisted and are  
doing good service, and the good  
work is still progressing.

I feel it my duty to say a few  
words in regard to Ely's Cream  
Balm, and I do so entirely without  
solicitation. I have used it more  
or less half a year, and have found  
it to be most admirable. I have  
suffered from catarrh of the worst  
kind ever since I was a little boy  
and I never hoped for cure, but  
Cream Balm seems to do even that.  
Many of my acquaintances have  
used it with excellent results.—  
Oscar Ostum, 45 Warren Ave., Chi-  
cago, Ill.

**The Handsomest Lady in Plattsmouth**  
Remarked to a friend the other  
day that she knew Kemp's Balsam  
for the throat and lungs was a su-  
perior remedy, as it stopped her  
cough instantly when other cough  
remedies had no effect whatever. So  
to prove this and convince you of  
its merit, any druggist will give you  
a sample bottle free. Large size 50c  
and \$1.

Go to Gering & Co for your wall  
paper they have an immense stock  
to select from, and you cannot fail  
to find what you want.

Take Ralrena for your blood, liver  
and kidneys. It cures Nervous  
and general debility, Rheumatism  
suppressed or painful periods, dys-  
pepsia, indigestion, bilious attacks,  
skin eruptions, urinary complaints,  
and the worst blood disorders  
known. It is the best tonic on earth  
for the debilitated.—Price \$1 at O.  
H. Snyder and Brown & Barrett.

### La Grippe.

No healthy person need fear any  
dangerous consequences from an  
attack of la grippe if properly  
treated. It is much the same as a  
severe cold and requires precisely  
the same treatment. Remain quiet  
at home and take Chamberlain's  
Cough Remedy as directed for a se-  
vere cold and a prompt and com-  
plete recovery is sure to follow.  
This remedy also counteracts any  
tendency of la grippe to result in  
pneumonia. Among the many  
thousands who have used it during  
the epidemics of the past two years  
we have yet to learn of a single  
case that has not recovered or that  
has resulted in pneumonia. 25 and  
50 cent bottles for sale by F. G.  
Fricke & Co.

### La Grippe Successfully Treated.

"I have just recovered from a  
second attack of the grip this year,"  
says Mr. Jas. O. Jones, publisher of  
the leader, Mexico Texas. "In the  
latter case I used Chamberlain's  
Cough Remedy, and I think with  
considerable success, only being in  
bed a little over two days, against  
ten days for the first attack. The  
second attack I am satisfied, would  
have been equally as bad as the  
first but for the use of this remedy,  
as I had to go to bed in about six  
hours after being struck with it,  
while in the first case I was able to  
attend to business about two days  
before getting down. 50 cent bot-  
tles for sale by F. G. Fricke & Co.

Irene for the complexion, most  
useful toilet made, is highly medi-  
cated and perfumed. Removes  
pimples; makes the skin clear and  
velvety. 50 cents at Brown & Bar-  
retts, O. H. Snyder.

Why will you cough when Shi-  
loh's cure will give immediate re-  
lief. Price 10 cts. 50 cts. and \$1

made sufficient money to enable him to  
live from his income without work.
