PUT TO SEA IN A HURRY.

Mysterious Movements of the United States Cruiser Charleston.

SAN FRANCISCO, CAL., March 14.—The United States cruiser Charleston came down from Mare Island to-day and put to sea at once without stopping. Her destination is not known positively, but it is believed she has gone to San Diego to await order for Bering sea.

The same activity that prevailed at Mare Island navy yard during the discussion of the Chilean affairs has again been revived by reason of the Bering sea controversy, and every indication points strongly to the fact that the United States proposes to send immediately north all the available navy vessels on the Pacific coast station.

A SURE THING.

Plattsmouth Will Play Ball—Its League Club a Winner.

The local base ball management has been on the rustle for some time and has finally received encouragement enough to warrant them in declaring that Plattsmouth will have base ball—and good ball, too. T. M. Patterson has had the entire control of the club in his hands for some time, and to his efforts can this city lay its success.

THE CITY COUNCIL.

The Meeting of the City Council Drove a Full House Last Night.

The city council met last evening in regular session at the council chamber. Present Mayor Richey and Clerk Eox.

On calling the roll the following councilmen answered to their names: Salisbury, Gutsche, Minor, Petersen, Murphy, W. D. Jones, D. M. Jones, Larsen, Dove, Absent, Browne.

The minutes of the last meeting were read and approved. A petition was presented, signed by a number of citizens, asking that the limits of the city of Plattsmouth be changed so as to exclude the Porter place.

Jones of the Second moved that the petition be laid on the table. Salisbury moved, as an amendment, that the petition be referred to the judiciary committee.

Murphy moved, as an amendment to the amendment, that the petition be referred to the committee on streets, alleys and bridges. The original motion and the amendment to the amendment were lost.

The amendment was carried and the petition was referred to the judiciary committee. A petition from William Neville was read, asking for a crossing to be put on Sixth street, north of the postoffice.

Prayer of petition granted. The city engineer made his report as to the estimate of laying sidewalk in the city. The report was accepted.

The chief of police and chief of the fire department made a report on the chimneys in the different parts of the city that had been condemned. The fire warden was instructed to notify all those owning property where chimneys had been condemned to repair their chimneys.

The police judge reported fines collected to the amount of \$9.50. Larson introduced the following resolution, which was adopted: "Be it

Resolved, By the mayor and city council, That the police judge be and is hereby instructed to report to the city council in every case when security is received for costs in police court, and that said security be drawn up according to law."

A petition was received and read, from a number of citizens, asking that Sixth street, between Rock and Gold streets, be graded so that sidewalk could be laid. Gutsche moved that the prayer of petitioners be granted. Salisbury amended that grading to the amount of \$50 be done. Larson further amended that grading to the amount of \$100 be done. Carried.

The treasurer's report was read and referred to the finance committee. The finance committee allowed the following accounts against the city:

Table listing various accounts against the city, including Robert Johnson, hand work, John Jenna, same, Kidlow Brothers, same, Ben McGlynn, same, George Poissal, team work, George Poissal, street commissioner, T. S. Clifford, salary, Plattsmouth Gas & Electric Light Co., light for February, A. A. Leak, salary, and Henry McGuire, salary.

The Bank of Commerce and Several Small Buildings are Consumed.

A telegram received this afternoon a few minutes before 4 o'clock from Louisville calling for help saying that a fire had got started in that village and that if help did not arrive soon the entire town would be consumed.

Later—A telegram received at 4:30 states that the fire has been gotten under control, but not before the flames had consumed the Bank of Commerce and several small frame buildings. A large crowd of men from this city were at the depot waiting for a train to be made up to go to the assistance of the village, but ere they were ready to start a telegram was received announcing the fact that the flames had been subdued.

The cemetery committee was instructed to accept the lowest bid for trimming trees and enter into contract with responsible parties for the faithful performance of same.

A petition was presented by the Women's Christian Temperance Union and a number of citizens, asking the council to take some steps to prohibit the posting of obscene posters on the bill boards. The petition was referred to the police committee.

C. H. Wooley was present and brought up the claim of C. Dundas for \$80 that he claimed was due him for overwork and asked the council to take some action upon the bill.

After the bill was explained to Mr. Wooley he asked for further time to prepare the bill and present it in proper shape, which was not allowed. Gutsche moved that the bill be not allowed. Murphy amended the motion by moving the bill be referred back to Mr. Dundas. The amendment was lost but the original motion was carried.

Larsen brought up the report on the public library which was adopted. The council voted \$500 annually for the maintenance of the reading room.

The Mayor and Clerk were authorized to enter into contract with the Y. L. R. A. for the purchase of the library. Un motin the council adjourned.

Brown & Barrett were successful in securing the agency for Nebraska of the only house in the U. S. who make a specialty of new designs of wall paper for city trade.

The people of Plattsmouth should call at their store and see the new things just out in the wall paper line.

The three terpsichorean pearls, the "Sisters Don," Lullie, Lizzie and Emma, will be one of the great features of the "Two Old Cronies" company. Mr. Anderson imported them from Europe at a great expense and our citizens will see some dancing by these sisters never before equalled on Plattsmouth stage.

Miss Fanny Bloodgood will also come in for her share of honors in artistic dancing and other specialties. Secure your tickets early as there will be a packed house next Tuesday night.

World's Fair Notes.

Seven of the worlds fair buildings are now so far advanced that they are fast assuming the appearance of finished structures.

The rough carpentry work on them is practically done and the ornamental and finishing work on them is in progress. These buildings are the woman's horticultural, transportation, mines, forestry, administration and fisheries. Five more—the government, fine arts, agricultural dairy and Illinois state—are erected to the roof.

The electricity, manufactures and machinery buildings are being advanced rapidly. The exposition authorities are anxious that all of the states and territories which intend to erect buildings at the exposition and which have not yet submitted plans for approval, do so at the earliest possible moment.

Very soon a time will be specified beyond which plans will not be accepted. May 1 is the date likely to be chosen. The demand for space is so great that delinquent states are liable to lose their sites that have been assigned to them.

The Suffolk Horse Society of England have offered two gold medals of the value of \$50 for the best Suffolk horse and mare or filly exhibited at the world's fair in Chicago.

Mr. Ossian Guthrie of Chicago, together with many other scientists, declare that no more striking proofs of the glacial epoch exist in this country than are seen in the Desplaines valley between Chicago and Joliet.

For educational reasons Mr. Guthrie advocates the making of an exhibit demonstrating this fact at the world's fair, with maps, surveys and collections of geological specimens, which are abundant, so arranged as to show the lines of glacial progress. This, he estimates, would require about \$10,000.

"The Fair" offers the biggest bargains in town.

La Grippe.

No healthy person need fear any dangerous consequences from an attack of la grippe if properly treated. It is much the same as a severe cold and requires precisely the same treatment. Remain quietly at home and take Chamberlain's Cough Remedy as directed for a severe cold and a prompt and complete recovery is sure to follow.

This remedy also counteracts any tendency of la grippe to result in pneumonia. Among the many thousands who have used it during the epidemics of the past two years we have yet to learn of a single case that has not recovered or that has resulted in pneumonia. 25 and 50 cent bottles for sale by F.
