### Notice.

The republican county central committee of Cass county Neb., is hereby called to meet at Weeping Water on Saturday March 26th at 1 o'clock p. m. Important business will come before the meeting and a full attendance is earnestly requested.

ORLANDO TEFFT, Chairman.  
A. L. TIMBLIN, Secretary.

PRESIDENT DIAZ calls attention to the fact that an admirable reciprocity treaty between the United States and Mexico was once negotiated and our congress defeated it; and it is proper to add that the men who did most to effect that unfortunate result were Roger Q. Mills and William R. Morrison.

THE South Carolina senator who, just before the war of the rebellion, denounced northern laborers as "mud sills," "greasy mechanics," and "small-fisted farmers" ran against the republican party as the champion of the dignity of labor not long after his denunciations, and found that he had been monkeying with a buzz-saw.

MR. T. H. POLLOCK, candidate for city treasurer, is a young man of excellent character, a competent and first class accountant, and one who is every way qualified for the duties of the office he aspires to. Mr. Pollock has spent the greater part of his life in the city and is known by all to be fully capable of handling the finances of the city.

SLAVERY abolished, free homesteads provided, industries vastly developed and new employments opened, the dollar of the working-man and bondholder exactly equalized, high wages maintained, and protection almost perfectly adjusted are some of the salient points in the labor record of the republican party that no laborer can afford to forget and ignore.

A LABOR COMMISSION is engaged in the investigation of the condition of labor in England. In one manufacturing district the commission found hundreds of girls and women working from twelve to fifteen hours a day at wages ranging from one dollar to two dollars and a half per week. Free trade, or democratic tariff laws, means competition with these rates of work and wages.

THE nominee of the republican party for mayor is a man who is entitled to and will command the votes of all thinking men. Mr. Dovey is an enterprising young business man—one who has been identified with the interests of Plattsmouth for a number of years; in fact, Mr. Dovey was born and reared in this city. What the citizens of Plattsmouth want is a business man's administration, and H.

N. Dovey is the man who, after the ballots have been counted on the 5th of April, will be called upon to direct the city of Plattsmouth through the crisis which is now at hand. A vote for Mr. Dovey is a vote for the best interests of the city of Plattsmouth.

### FEEDING A DELICATE BABY.

There are three points to be considered in feeding a delicate baby, writes Elizabeth Robinson Scovil in the April Ladies' Home Journal. The kind of food. The quantity given at once. The time between the meals. The kind of food must, of course, depend upon the child; what agrees with one cannot be taken by another, while it exactly suits a third. A good receipt is one tablespoonful of milk, two tablespoonfuls of cream, two tablespoonfuls of lime-water, and three of boiled water, sweetened with a tiny pinch of milk sugar. Make it milk warm, and the food is ready for use. This is sufficient for one feeding for an ordinary sized baby until it is two months old; after that gradually increase the quantity without changing the proportion of the ingredients.

### BENEFITS OF THE MCKINLEY LAW.

President Harrison has been presented with a handsome American silk seal plush overcoat by the Hind & Harrison Plush Company of Clark's Mills, and the firm has received the president's acknowledgments. The plush was manufactured at Clark's Mills, and the coat was made by R. G. Hoerlein, the Fayette street custom tailor. The goods are far superior to that manufactured in England, and through the benefits of the McKinley bill they can be manufactured in this country as cheap. About four yards of plush were used in making the coat. The coat is very light, but exceedingly warm, and it makes a neat appearing garment. The factory at Clark's Mills is the only one in the state where the plush is made, and it is running full time and employing a large force of men.—Utica (New York) Herald.

### THE CHICAGO BREWERIES COMBINE.

The immense brewery corporation capitalized at \$20,000,000 will probably entirely revolutionize the Chicago beer business. The deal is the largest and most important in the history of the trade, and rivals the famous whisky trust. The prime mover in the deal, the P. Schoenhofen Brewing Co., is the same firm that caused such a rumpus up in Milwaukee among the local brewers there by establishing the first branch of any importance for the sale of outside beer in that city.

It appears that ever since the Milwaukee brewers have been making the most strenuous efforts to prevent it becoming publicly known that Chicago beer is being sold in their city. Nearly every brewer in Milwaukee is vitally interested in having this kept quiet, as there is no doubt but that it will seriously affect the entire shipping and export trade of that city, which amounted last year to somewhere in the neighborhood of 2,000,000 barrels.—Inter Ocean.

Some Foolish People allow a cough to run until it gets beyond the reach of medicine. They say, "Oh, it will wear away," but in most cases it wears them away. Could they be induced to try the successful Kemp's Balsam, which is sold on a positive guarantee to cure, they would see the excellent effect after taking the first dose. Price 50c and \$1. Trial size free. At all druggists.

### Starting Facts.

The American people are rapidly becoming a race of nervous wrecks and the following suggests, the best remedy: alphous Humpfling, of Butler, Penn., swears that when his son was speckless from St. Vitus Dance Dr. Miles great Restorative Nervine cured him.
