EVEN Cleveland himself tions the wisdom of nominating the Chaimant for president.

THE democratic Chicago Herald has burned the bridges behind it and declares Cleveland cannot be elected if nominated.

IOWA has just received \$384,274 on account of the direct tax refunding act, and her voters will not forget that the republicans passed that excellent measure.

THERE will be a shortage of brimstone now until Rear-Admiral Sherman gets over the O'Bryan accident, which occurred at the late harmonious gathering of the happy family at Omaha. The market will be drained.

SILVER BILLY BRYAN is first for Boies, so he says. It appears that "Nebraska's Pride" hasn't read about that Greystone club's disappointment in Boies. That silver resolution of Billy's is likely to be vetoed by Boies.

If our own Billy Bryan is as successful with boosting Boies at Chicago as he was Springer in the speakership contest, it may result in his being made private secretary to the Iowa dodger. Billy will undoubtedly be looking for a political job immediately after the November election.

The young democracy that Col. Bryan has bloviated about at home and in his stump speech in congress, at last has aroused the old war-horses of the democratic party, whose frames are covered with the scars of battle long prior to the young democracy's accouchment, and when those old horses put on their war paint, the young man (democracy) was not in it.

"MR. CLEVELAND was not in harmony with the democratic party when he cautioned against free silver."—Bryan.

The shuck dropped off, showing the statesman (?) of the big First to be in favor of Dave Hill, southern methods, fiat money and the agent of Bill Springer, Dave Hill and the Tammany tiger. It didn't work, and if Col. Bryan paid his fare from Washington to Nebraska to pocket the party for the boodle gang that elected Crisp speaker of the house, he is just out that much—out of pocket.

## HAVE YOU WEAK LUNGS.

If you have, don't wait until trouble becomes so aggravated that nothing can help you when you may so easily learn what will be of immediate and permanent benefit—to you, or any of your friends having pulmonary trouble,—through reading a splendid paper on "The Consumptives' Clime," published in Demorest's Family Magazine for May. This article is handsomely illustrated with numerous views of health resorts and other beautiful places in Colorado, and will interest every robust person as well as those seeking a congenial clime.

An illustrated paper on "The Grape Fruit" is also seasonable, furnishing valuable information regarding this—to many—unfamiliar fruit, especially about its beneficial qualities as an alternative in the spring. "In Persia's Palaces," with its many illustrations, gives a comprehensive idea of woman's life in that western clime; "Next Summer's Garden" is just in time to be of practical use; there is a Decoration day story, "The Voodoo Charm," and a Decoration day poem, "Our Truce," beautifully illustrated, besides other good stories; "Chat" tells about the latest fads, from "Home Art" you can learn "How to Frame Pictures" yourself, and all the other departments are running over with

seasonable matter; and, besides three full page pictures, there are nearly 200 illustrations. Indeed, every member of the family is sure to find something of personal interest in every number of Demorest's Family Magazine, and it is published for only \$2 a year, by W. Jennings Demorest, 15 East 14th St., New York.

## ENOUGH TO RUN THE GOVERNMENT.

Every day the democratic papers publish the same rumors about a United States treasury on the verge of bankruptcy. It has no doubt been a disappointment to these party papers that the treasury has held out as well as it has. And it will continue to disappoint these croakers. The republican party under the leadership of McKinley made vast reductions in the tariff, on sugar for instance, but they did not make the reductions until after careful study of the situation. The object was to reduce the revenues as nearly as possible to the needs of the government economically administered without impairing the system of protection to American labor. There is no surplus accumulating and the republicans did not intend there should be. They wanted the money to be in circulation, not millions of it hoarded up. Under Cleveland the democrats tried to starve the government in order to accumulate a surplus, a pile of idle millions lying in the treasury and to be used as a campaign argument. The republican party in 1888 pledged the people that if it was returned to power it would reduce that surplus, and put the money in circulation. The people accepted the party on that promise. The party has kept it and all the talk about a bankrupt treasury can not change the fact nor detract from the credit that is due the party.—Des Moines Register.

## FREE TRADERS FEAR FREE TRADE.

The democrats flatter themselves that they are doing valiant work by the so-called separate tariff bills. But they are only showing their cowardice and inability to cope with a great national question. If they had kept the pledges made to the people two years ago they would not now be puncturing holes in the good fabric of the McKinley law, but they would be shaping a tariff bill of their own and give the people an idea of practical "tariff reform." Tom Watson the alliance member of the house from Georgia, a few days ago exposed this cowardice of the democratic party. Watson was a democrat before he was an alliance man, and understood the party that he criticised. He said that the democratic party while it was for free trade did not have the courage to put its professions into practice. The party in the house, he said, reminded him of the old way of setting the fish trap in the river to catch something whichever way the current flowed. The democratic party which elected a majority of the house on the free trade issue two years ago, he said, had given the people who elected them nothing but husks to feed on. The arraignment is a just one. What has the democratic party done in four months of congress? Absolutely nothing but abuse a law which they dare not repeal, for the repeal of which as a whole they have not dared to introduce a bill.—Iowa State Register.
