

IT IS NOW MAYOR BUTLER

The New City Officials Are Now In Charge.

THE COMMITTEES ANNOUNCED.

The city council met in regular session last night at the council chamber. Present: Mayor Richey, Clerk Fox, Councilman Salisbury, Gutsche, Miner, Petersen, Murphy, W. D. Jones, D. M. Jones, Larsen, and Dove, Browne coming in a few minutes before the new council were sworn in.

Mayor Butler called the council to order and on motion a vote of thanks was tendered the old officers for the faithful performance of their duty. Mayor Butler then delivered a short speech on the future prosperity of the city, saying that he was in favor of public improvements to a certain extent and also recommended the paving Sixth street, between Vine and Pearl, at an early date.

Echoes From the Diamond.

There is a bright, shining crown awaiting he that will invent a patent sky-clearer. THE HERALD itself will print his name on its front page in large, black display type. Nay, it will go further. It will start a subscription list—after the manner of the cyclone list—and it will send its reportorial staff and its editorial staff and its "devil" to the far corners of the earth to search out wealth to make the inventor a power in the land. For it is many moons since we have gazed on a ball game and we are thirsty and hungry after one. We long to hear once more the merry cry of the umpire: "Three balls," "Four balls; take your base," and the wild roar of the populace thereat. And toward the close of the game we delight to join the crowd and aid them to tear the umpire body from soul and strew his remains over the fair earth. But, alas! we fear it can never was. To-day the sun has hid him behind a gray, opaque mass of vapor and he refuses to shine and the mud deepens. To-morrow Baker's "freaks" were to be here but from present indications nothing will be done as base ball is a game that cannot be played on the water.

The windows of several of the business houses are decorated with the new lithograph ads of the games, and they're like the ball team—winners.

The minstrel show is being pushed for all it's worth and it's a sure go. Duncan Clark's company robbed Reinhackel of some of his most ancient gags and he is sad and dejected in consequence. He says if a good show had done it he wouldn't kick but, under the circumstances, he is "fo'ced."

Patterson and Kennedy, the song and dance team, are a whole show in themselves. Don't miss 'em.

Al Perrine got a letter the other day addressed after this manner:

MR. AL PERRINE,
PLATTSMOUTH, Neb.
Tallow Pot on the B. & M.
Nebraska State League Pitcher
and All-around Man.

Maupin is said to have telegraphed Anson last night that whoever sent him the ace of spades to represent his color is a prevaricator.

The Aged Beauties (?)

If anybody attended Duncan Clark's female minirels last night with the expectations of witnessing an immoral show they must have been disappointed. There were quite a number of ladies in the house and there was certainly nothing about the show to keep them away, and less to draw them out. In fact, there was no reasonable excuse for anybody to go to this show. It is not a good show and it is not bad enough to be good. It is absolutely harmless and without a redeeming feature. About the rawest part of the performance was the attempt of two of the bluffs in the outfit to sing a parody on that grand old hymn, "Comrades." When Felix McGlenon wrote that popular melody he little dreamed the depths to which it would descend. After the doors were opened and the crowd got out Hoed's Sarsaparilla was in great demand to eradicate "that tired feeling."

Fare thee well! Duncan and thy coterie of dazzling beauties, and if it is ever your pleasure and the people's misfortune of this city to meet again do not fail to bring along those mosquito bar uniforms.

"Wanted the Earth."

John Dillon yesterday afternoon and evening at the performance at Dohany's opera house captured a portion of the center of the hemisphere in the vast audience that greeted him. The performances were of a nature that pleased everyone present, and from the applause that he received he must have felt gratified with his reception. There is but one John Dillon and he has never been successfully imitated. The play is lively, with sufficient plot to make it interesting, and is brim full of fun from beginning to end. If John Dillon visits our city again it will be a cold day if he flies light on him and the people fail to turn out and give him a buzzing reception.—Council Bluffs Nonpareil.

John Dillon will appear at the Waterman next Friday night.

Judge Ramsey to-day issued marriage licenses to Herman C. Kupke and Miss Louis Stohman, both of Louisville; also to John H. Hall and Miss Sarah McCaig, both of Wabash. Miss McCaig is the only sister of the McCaig boys living near Wabash.

Prof. Maupin and George Vass are engaged in an exciting game of checkers this afternoon with the honors about evenly divided. The last report Maupin was one game ahead of his opponent.

According to the census of 1890, Chicago takes rank, by virtue of her population of 1,088,576 people, as the eighth largest city on the globe. Most of us desire, at one time or another, to visit a city in which so many persons find homes, and when we do, we can find no better line than the "Burlington Route."

Broke Into a Car.

Three tramps broke into a box car in the yards this afternoon. The car was sealed and they broke the seal and went on the inside and fastened the door. The police were notified and Officer Fitzpatrick went down and had to break the door off to get in. They evidently thought the car was loaded with fruit, but instead it was loaded with furniture. One of them had a car pin in his hand and another had a knife. They were very slow about giving them up, but Johnnie finally landed them in the city jail. It is a penitentiary offense to break a seal on a car and they will probably be bound over to the next term of the district court.

The funeral of Father Hays will take place to-morrow afternoon from the Presbyterian church at 2 o'clock.

I feel it my duty to say a few words in regard to Ely's Cream Balm, and I do so entirely without solicitation. I have used it more or less half a year, and have found it to be most admirable. I have suffered from catarrh of the worst kind ever since I was a little boy and I never hoped for cure, but Cream Balm seems to do even that. Many of my acquaintances have used it with excellent results.—Oscar Ostum, 45 Warren Ave., Chicago Ill.
