#### La Grippe.

No healthy person need fear any dangerous consequences from an attack of la grippe if properly treated. It is much the same as a severe cold and requires precisely the same treatment. Remain quietly at home and take Chamberlain's Cough Remedy as directed for a severe cold and a prompt and complete recovery is sure to follow. This remedy also counteracts any tendency of la grippe to result in pneumonia. Among the many thousands who have used it during the epidemics of the past two years we have yet to learn of a single case that has not recovered or that has resulted in pneumonia. 25 and 50 cent bottles for sale by F. G. Fricke & Co.

#### La Grippe Successfully Treated.

"I have just recovered from a second attack of the grip this year," says Mr. Jas. O. Jones, publisher of the leader, Mexico Texas. "In the latter case I used Chamberlain's Cough remedy, and I think with considerable success, only being in bed a little over two days, against ten days for the first attack. The second attack, I am ratsied, would have been equally as bad as the first but for the use of this remedy, as I had to go to bed in about six hours after being struck with it, while in the first case I was able to attend to business about two days before getting down. 50 cent bottles for sale by F. G. Fricke & Co.

The population of Plattsburgh is about 10,000, add we would say at least one-half are troubled with some affection on the throat and lungs, as those complaints are, according to statistics, more numerous than others.
