CHINA has concluded not to break off all commercial relations with us, even though the new exclusion law is distasteful to her. She would lose a good deal more than we would by such a step.

THE announcement that England will accept the invitation of the United States to take part in an international monetary conference goes to show that President Harrison has taken hold of the silver question in the right way.

THE democratic river and harbor bill is the biggest fraud and steal that has been passed by congress and it will surely elect any man president on the republican ticket, no matter who the republicans should put up. But they will put up Harrison and he will be re-elected by an increased majority.

MR. BLAND ALARMED.

It appears that Mr. Bland takes a gloomy view of the situation. The blindness and treachery of the democrats who voted against the silver bill, he thinks, have done the business for the party this year. It can make no gains in the west, while it is in danger of losing some of its old prestige and potency in the south. In that section, he believes, tens of thousands of democrats will remain away from the polls, thus giving two or three states over to the republicans. He has no faith in the international monetary conference idea. No solution of the problem can be gained in that direction, and he is confident that the democrats who favor this project are insincere. This conference, he firmly believes is a trick got up by the eastern democrats to shelve the free coinage bills by merely pretending to postpone them until Europe has a chance to talk on the question.

Undoubtedly the Missouri statesman has good cause to be angry with his party for its shabby treatment of his measure. An overwhelming majority of the democratic members of the house are pledged to do all they can to bring about free coinage, yet when the test comes they disregard the instructions of their constituents and prove false to their promises. Even the speaker, who had frequently spoken and voted in favor of allowing the largest liberties to the white metal, proved faithless when the crisis came. On every hand free silver champions surrendered to the threats and blandishments of the New York and Massachusetts section of their party. Of course Mr. Bland has one recourse left by which he may "get even" with the traitors. He can bring the matter up in the national convention, and if this body declares in favor of throwing the mints open to the white metal the party will become formally and definitely committed to this policy.

But the distinguished Missourian is unnecessarily alarmed at the outlook. The democrats will be beaten in the canvass, but they will lose none of the southern states. That region will be faithful to the party even if its representatives in congress be faithless to their pledges and protestations. The democrats are accustomed to losing the presidency, and one defeat of this sort more or less will make little difference to them. They will survive such a loss, and still be in grand fighting shape when the next election comes around. But their supremacy in the southern states is not seriously menaced. Perhaps some of the old vim and vigor may be missed in the canvass in the south, and the majority may lose a little of the imposing dimensions of former years, but the majority will be their just the same, and it will be ample enough for all practical purposes.—Globe Democrat.

## Nebraska Weather Service.

Following is the weather report as received from ninety-three observers in sixty counties for the week ending Friday, May 13:

The week has been unseasonably cold, with excessive rainfall in all parts of the state, and little or no progress has been made in farm work.

The temperature has been more than twelve degrees below the normal in all parts of the state, and in the northern part nearly eighteen degrees below. The sunshine has also been decidedly below the normal, there being generally but a part of one day in which the sun shone.

Rain has fallen nearly every day in all parts of the state, with snow in the northwest on the 7th and 8th. The amount of precipitation has varied from an inch and a half in the western portion to three and a half in the southeastern. This is more than three times the normal amount and as the ground was already thoroughly saturated it has quited generally injured crops and flooded low lands.

In the southern tier of counties from a fifth to a half of the corn crop has been planted, but elsewhere very little of the crop is in; complaint is general that what is already planted is rotting in the ground.

NORTHEAST SECTION.

Antelope—Weather injurious to all crops; snow on Monday.

Burt—No farm work can be done and corn planting much delayed.

Cedar—Almost continuous rainfall; grass backward; much injury to stock from hunger and exposure; small grain generally doing well.

Colfax—Small grain and fruit all right so far; cold and wet weather delaying farm work and causing the death of young pigs.

Cuming—Plowing for corn delayed considerably; river high.

Dixon—Wheat becoming slightly yellow; no planting done, but ground mostly plowed.

Dodge—Corn ground half plowed; little corn planted, and that rotting.

Holt—Snow all day on the 9th; rye, wheat and oats all right; rivers overflowing their banks.

Madison—Frost on the 7th; little corn planted.

Platte—Not twelve hours of sunshine the past week; corn ground about half plowed and very little planted.

Sheridan—Much snow; a large acreage of wheat sown and doing well.

Stanton—Most grain up and looking well; planting at a standstill.

Washington—Oats turning yellow; wheat good color and pasturing improving; corn ground two-thirds plowed.

SOUTHEAST SECTION.

Butler—Farm work three weeks behind; much ground under water.

Cass—Work totally suspended; apple blossoms coming out well; corn already planted will have to be replanted; pastures sufficient for stock.

Clay—Some corn planted, but rotting in the ground; will all have to be replanted; small grain and grass growing but little.

Fillmore—Wheat, oats and grass far behind what they were last year at this time.

Gage—Work ten days behind last year, too cold for grass and still necessary to feed cattle.

Hamilton—Dull, cold and rainy, delaying corn planting.

Jefferson—Planting not one quarter done; some up but looks yellow.

Johnson—Wheat and oats on bottom lands injured; no farming this week and work weeks behind.

Nemaha—Wheat, oats, grass and potatoes growing; farm work at a standstill.

Reduced Rates.

The first annual meeting of the Nebraska conference of the Epworth League meets at Lincoln, May 13-16. The B. & M. will sell tickets "south of the Platte river to Lincoln, May 10-16 inclusive. Parties paying full fare going will be returned at one third fare on presenting certificate at ticket office at Lincoln, signed by Z. W. Abbott, David City.

J. FRANCIS, Gen. P. and T. Agt.

## Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the Liver be inactive you have a Bilious Look, if your stomach be affected you have a Dyspeptic Look and if your Kidneys be affected you will have a Pinched Look. Secure good health and you will have good looks. Electric Bitters is the great alterative and Tonic acts directly on those vital organs. Cures Pimples, Blisters, Boils and gives a good complexion. Sold at F. G. Fricke & Co's Drugstore, 50c per bottle.

## A Land of Famine and Plenty.

While the inhabitants of south and eastern Russia are starving, a large proportion of the population of eastern Siberia and Turkestan have so much grain that they do not know what to do with it. In the province of Semiretchinsk the peasants have enough grain to last them for ten years, and in the provinces of Yeneseisk, Yakutsk and the Transbaikal the price of wheat is one-eighth what it is in the Volga provinces. The best beef is being sold at the rate of about 3/4d. a pound, but as there are no railways and few or no roads in these rich portions of the empire, this superabundant wealth cannot be put to account.—London Tit-Bits.

## Disinclined to Be Kissed.

A peculiar incident has come to light at Mount Pleasant, Ia. A good looking young woman came to the marshal and asked for the arrest of her husband, who was ill treating her. The man was placed in jail, but when the time of trial came the wife did not appear to prosecute her case. The husband was released and then explained that he had attempted to kiss his wife. She objected, and he forcibly put his arms around her and kissed her.—Chicago Inter Ocean.

## An Aluminium Lifeboat.

A lifeboat of aluminium has recently been built at Stralsund. It is a matter of considerable curiosity to see how this boat will answer when thoroughly tested, as it is thought to be more than likely that its obvious good points will be more than counterbalanced by various disadvantages.—New York Times.

## A Wedding Journey.

A man named Thomson passed through Buchanan, Ga., a few days ago, who had traveled on a cart from Dadesville, Ala., to Salt Springs, Ga., to get married. Thomson and his wife weigh at least 400 pounds. The distance from Dadesville to Salt Springs is about 200 miles.

## A Rat Plague in Dorset.

A rat plague in Dorset is inflicting loss on the farmers. One farmer at Wareham, noticing that three ricks were infested, ordered them to be thrashed. The ricks were found to swarm with rats, and no fewer than 550 were killed.

## No Luck in This Horseshoe.

Some time ago a St. Louis man nailed a horseshoe over the door of his house for good luck. Tuesday as the man was about entering his home a bolt of lightning struck him and knocked him senseless. It transpired later that the electric current had first passed through the horseshoe.

## F. G. Fricke & Co., the druggists

desire us to publish the following testimonial as they handle the remedy and believe it to be reliable: "I bought a 50-cent bottle of Chamberlain's Pain Balm and applied it to my limbs, which have been afflicted with rheumatism at intervals for one year. At the time I bought the Pain Balm I was unable to walk. I can truthfully say that Pain Balm has completely cured me.—R. H. FARR, Holywood, Kan. Mr. A. B. Cox, the leading druggist at Holywood, vouches for the truth of the above statement.

## Ice. Ice.

McMaken & Son are delivering ice daily. Call on them for your summer's ice.

## Hot Springs, Ark.—Carlsbad of America.

On April 6th, 7th and 8th the M. P. will sell round trip tickets to Hot Springs, Ark., at one lowest first class fare, good returning until June 10th, on account of government sale of lots and meeting of the Southern Central Turnover Association. Call at office for particulars.

## Catarrh in New England.

Ely's Cream Balm gives satisfaction to every one using it for catarrhal troubles.—G. K. Mellor druggist, Worcester, Mass.

I believe Ely's cream Balm is the best article for catarrh ever offered the public.—Bush & Co. druggists, Worcester, Mass.

An article of real merit. C. P. Alden druggist, Springfield, Mass.

Those who use it speak highly of it.—Geo. A. Hill, druggist Springfield, Mass.

Cream Balm has given satisfactory results. W. P. Draper, druggist, Springfield, Mass.

Some of the Grand Army boys may be interested in the following from Alex. B. Pope, A. D. C. Com mander, Dept. Tenn. and Ga. He says: "We have had an epidemic of whooping cough here, (Stewart, Tenn.) and Chamberlain's Cough Remedy has been the only medicine that has done any good." There is no danger from whooping cough, when this remedy is freely given. It completely controls the disease. 50 cent bottles for sale by F. G. Fricke & Co., druggists.

## Bucklen's Arnica Salve.
