

COULDN'T WIN EITHER.

Beatrice Won Yesterday Afternoon's Game.

LONG MADE TWO THREE BASE HITS

Kearney Lost Both Games Yesterday and Plattsmouth Still Hangs on to Fifth Place-- Fremont and Hastings Break Even.

The game yesterday afternoon between the home team and Beatrice was a repetition of the morning game, Plattsmouth being able to get only three scores. The difference in the playing yesterday--Beatrice bunched her hits and won, while Plattsmouth bunched her errors and lost. The feature of the game was the fielding of Green and Randall and the batting of Long. Yapp pitched a good game of ball, striking out seven men and only giving two bases on balls.

The game was called promptly at four o'clock with the largest attendance ever had. Green went to bat, hit a grounder, but was retired at first. Long followed with a safe hit and stole second. John Patterson after hitting space three times took his seat. Sam Patterson hit for two bases and Long scored. Kennedy was given his base by being hit by pitcher but Maupin fanned out retiring the side.

Randall led off for the visitors hitting to Reeves, and on a fumble secured first and stole second while Holmes struck out. Hoolihan hit to John Patterson and Randall was doubled at second.

Reeves hit a pop up and Thompson muffed it. Myers, Yapp and Green retired the side.

Yapp presented Thompson with first base, Jones hit to Yapp and on an error reached first. Gatewood hit to S. Patterson but he failed to stop the ball. Taylor then came to bat, hit for two bases scoring Jones and Gatewood. Thompson was caught at third and Slagle and Randall retired the side.

The home team went out in one, two, three order. In Beatrice's half Holmes hit a grounder and reached first on Sam Patterson's error. Hoolihan hit for a two-bagger and Holmes scored. Thompson struck out. Gatewood hit another grounder and went to first on Sam Patterson's error, stole second and came home on a wild throw. Taylor retired the side.

The home team only got as far as first in their half, as did also the visitors.

The locals then went to bat. Yapp hit a long fly, which Randall caught. Green was presented with a base on balls. Long went to bat, and, after three balls and two strikes had been credited to him, smashed the sphere clear out into deep center field for three bases, bringing in Green, and then stealing home himself. John Patterson was hit by the pitcher, but Sam Patterson and Kennedy retired the side.

This ended the run-getting for the home team. Beatrice made one score in their half and one in the next. The other innings resulted in both sides drawing blanks.

Derrick retired in favor of Slagle in the sixth.

AT KEARNEY.

The sugar beets pounded Kearney all over the diamond in the last game yesterday. The grounds were in good shape and the weather could not have been more favorable for playing. Yesterday's games were the first played by Kearney at home and the disastrous results were the subject of severe comment by the local cranks. In the first game Castone occupied the box, but the sugar beets appeared to find the ball as easily as an ordinary balloon. Hopp was in the box for Kearney in the second game and did good work until the fourth inning. The score of the first game is as follows:

The reception given last night at the residence of S. A. Davis in honor of Mrs. W. B. Alexander was well attended and a nice time was had by those present.

The case of Fred Patterson vs. W. Gillion was argued before Judge Archer this afternoon.

A Fine Entertainment.

Notwithstanding the inclement weather a large and representative audience assembled at the opera house last night to witness "A Turkish Bath." The piece is a musical comedy with no plot to speak of and constructed on the plan of "A Tin Soldier," "Skipped by the Light of the Moon," etc. The comedy is pure and of a high order, and the specialties the finest heard in this city for many a long day. The company is excellent, each single member being an artist of ability. Miss Heath as "Little Dot" is a sweet, dainty winsome little lady, who captured the hearts of the audience at her first appearance. Her acting was natural, charming and refreshing in its own peculiar style and her every appearance was hailed with delight. Her song "Wont You Come and Play," was simply immense. Miss Emma Berg is a wonderfully pretty, graceful and charming little woman, with a sweet and flexible voice of great expression and power. She sang "The Last Rose of Summer" in a manner that has only been excelled by the great Abbott. It was divine. Thomas J. Keogh, as "Officer McGoogle," was great. He made one think of Frank Daniels and Jimmy Powers. Mr. Eckert and his daughter, Maybelle, sang excellently, both possessing wonderful voices. It is doubtful if ever before a company has visited Aurora which has given such complete satisfaction. We trust the time is not far distant when we will again welcome charming Marie Heath and her excellent company to Aurora.--Aurora Evening Herald.

This excellent company will appear at the Waterman to-morrow evening.

A Venerable Goose.

The oldest goose on record as now living belonged to John Ray, a respectable resident of Croton Landing, N. Y. He says he purchased the goose from Isaac Hill, who made an affidavit at the time that the faithful fowl was fifty-two years of age then. The goose lays fifty eggs a year, and was sold by Mr. Ray at the end of the third year of his possession for \$100. He says, to the best of his knowledge and belief, she is now eighty-six years of age.--New York Sun.

New England Cures.

A New Hampshire cure for sore throat is to wear about the neck a stocking, in the toe of which a potato has been tied. According to a Maine belief, a nutmeg pierced and hung on a string around the neck prevents boils, crop and neuralgia. The effect of a Connecticut wooden nutmeg is unknown.--Kansas City Journal.

The Teacher Is a Physician.

The teacher's position in the educational world is that of the physician, and not that of the trained nurse; this is a point which is not generally understood, and one that needs to be insisted on.--Harper's.

In England the broad arrow is the recognized symbol with which the government property--including army wagons, mules, provision bags, and the garments of convicts is regularly stamped.

It is one of the "minor morals" that a borrowed book should be carefully used and returned without being defiled by dirty hands, or disfigured by marks and turned down leaves.

A Dangerous Tigress.
A well known student of the habits of wild animals, writing of the stealthy and dangerous character of the man-eating tiger, mentions a case that happened a few years ago in the Nagpur district in India. A tigress had killed so many people that a large reward was offered for her destruction. She had recently dragged away a native, but being disturbed had left the body without devouring it.

The shikaris believed that she would return to her prey during the night, if it was left undisturbed upon the spot where she had forsaken it. There were no trees, nor any timber suitable for the construction of a mucharn. It was accordingly resolved that four deep holes should be dug, forming the corners of a square, the body lying in the center.

Four watchers, each with his matchlock, took their positions in these holes. Nothing came, and at length the moon went down and the night was dark. The men were afraid to go home through the jungles, and so remained where they were. Some of them fell asleep.

When daylight broke three of the shikaris issued from their positions, but the fourth had disappeared; his hole was empty. A few yards distant his matchlock was discovered lying upon the ground, and upon the dusty surface were the tracks of a tiger and the sweeping trace where some large body had been dragged along.

Upon following up the track the remains of the unlucky shikari were discovered, but the tigress had disappeared. The cunning brute was not killed until twelve months afterward, although many persons devoted themselves to the work.

An Excellent Method of Exercising.

According to competent military critics, one of the best drilled uniformed bodies in this city is a juvenile battalion called "The Knickerbocker Grays." It is composed of from seventy-five to eighty boys, ranging in age from eight to twelve years. The battalion is an exclusive one, being really a private drill class which was started a few years ago by a number of wealthy women who desired that their sons should have the benefit of exercise and instruction in the manual of arms. The use of the Seventy-first Regiment armory is enjoyed by the boys, through the courtesy of the officers of that regiment, and they drill there on Monday and Thursday afternoons during the winter season. The uniform of the Knickerbocker Grays consists of gray coat, trousers and cap of regulation pattern, and dark stockings. The gray garments are neatly trimmed with black braid. Each member of the Grays carries a musket with bayonet.

The president of the association, which exercises a rigid supervision over this drill class, is Mrs. Edward Curtis, the vice president is Mrs. Beverly Robinson, the treasurer is Mrs. Bradish Johnson, and the secretary is Mrs. H. H. Chittenden.--New York Times.
