

WELLINGTON -- LATHAM.

J. F. Wellington and Miss Hattie Latham Married.

CEREMONY PERFORMED AT NOON

The Commencement Exercises Will Be Held at the Opera House To-morrow Evening-- Nine in the Class.

To-day, promptly at 12 o'clock, Miss Hattie Gore Latham and Mr. J. F. Wellington were united in the holy bonds of matrimony at the Episcopal church, Rev. Burgess officiating.

The church was handsomely decorated with flowers and was well filled with the invited guests.

The bridal party arrived at the church door a few seconds before 12 o'clock and entered the church in the following order: Mrs. Latham, the bride's mother, and Stuart Livingston; then Miss Wellington, who was the maid of honor; then the bride, leaning on her father's arm, who was followed by Miss Viereggs and Mr. Will Clements and Miss Jeanette Livingston and Mr. Charley Murphy. As the bridal party neared the altar the groom and Dr. Thede Livingston came in at the side entrance and took their places before the altar. Rev. Burgess then performed the beautiful Episcopal wedding ceremony. As the party entered the church Mrs. S. H. Atwood played the wedding march and she kept up a low music during the entire ceremony.

The bride wore a white corded silk dress with short train, and white slippers, and some Marshal Neil roses upon her breast. Her hair was crimped and loosely coiled around the back of her head, with a few flowers.

The maid of honor, Miss Wellington, wore a white satin dress, and Miss Viereggs had on a white surah silk dress. Miss Jeanette Livingston wore a cream colored China silk dress, with a pansy figure, trimmed in heliotrope. Her hair was also crimped like the bride's with a braid on the back of the head.

As soon as the ceremony was over the party returned to the home of Mr. and Mrs. Latham, where a wedding breakfast was served to about sixty guests, and where Mr. and Mrs. Wellington were the recipients of a large number of handsome presents.

They left this afternoon at 4 o'clock for Minneapolis and eastern points. They will travel most of the summer before settling down to housekeeping. THE HERALD joins with their many friends in wishing them a happy journey through life.

Yesterday's Game.

The Lincoln Journal has this to say concerning yesterday's game: It was another slugging match this afternoon. The superior fielding and hitting of the home team is what defeated Plattsmouth. Yapp kept the locals guessing the first three innings, when McKibben started the fusillade and the balance of the team kept it up until the last was out. Twelve hits with a total of fifteen bases, is not bad. McKibben's catch of a difficult fly ball back of first base set the cranks wild. The attendance was good and big crowds are anticipated for to-morrow and next day. Six scattering hits is all the satisfaction Plattsmouth could get off Packard.

World's Fair Notes.

The scene which the exposition grounds now afford, with most of the buildings nearing completion and the construction being pushed forward by more than 6,000 workmen, is accounted so interesting and wonderful that from 1,000 to 5,000 visitors a day willingly pay the admission fee of 25 cents to witness it. Before the abolition of the free pass system the visitors often numbered 15,000 or 20,000. The work of construction was interfered with, so that it was thought best to charge an admission and thus diminish the size of the crowd of sightseers and at the same time add to the financial resources of the exposition.

The contract for the erection of the Texas building has been let to a Waco contractor for \$100,000. The building will be in Spanish style will measure 85x250 feet and have four towers. The exterior will be covered with staff and rendered very ornamental. The interior will be handsomely finished with native Texas woods.

ANOTHER TRAIN GOES EAST.

The State Business Men's Association Have Decided to Send Another Train This Fall.

The state business men's session convened promptly at 9 o'clock yesterday. At 9:15 S. S. English, editor of the Eagle, addressed the subject, "The Duties of Retail Merchants." His address was comprehensive, covering a wide range of details connected with the business of retail merchants. A prominent point made was that business men should pay strict attention to their particular line of business, master every detail and seek the highest degree of success legitimately. He also urged that business men should give some attention to politics, in order that bums and loafers might not get control of the local and state government. He thought that business men should be brave enough to vote and work for the best men for office without regard to the direct and immediate effect upon their trade. The address was well received and heartily applauded. At the afternoon session of the association the committee on nominations reported. Secretary Hodgkin explained that the constitution provided that the president and general secretary of the Commercial Directory company should be president of the Business Men's association for the reason that the Directory company had organized the Business Men's association and the actual work of the association was conducted by the Directory company. It was necessary, therefore, that the head officers of the Business Men's association be those intimately connected with the Commercial Directory company.

He then reported the following nominations for the action of the association:

First vice president, O. J. King of Lincoln; second vice president, H. J. Lee of Fremont; third vice president, S. S. English of Eagle; first assistant secretary, F. H. Moore of Kearney; second assistant secretary, S. H. Colvin of McCook; third assistant secretary, C. F. Iddings of North Platte.

The report was adopted and the gentlemen proposed were selected. President S. M. Crosby and Secretary R. T. Hodgkin retain their respective positions at the head of the association.

The committee on trade handed in a report in which the efforts being made by certain classes of jobbers and installment goods merchants to get the postal laws changed so as to admit their goods in the mails at cheaper rates, was vigorously condemned. The committee recommended that a vigorous fight be made against the consolidation of the third and fourth classes of mail matter and that Nebraska representatives in Washington be requested to use their influence to defeat the proposed change.

The report also recommended that the advertising train be sent east this fall again. The report was adopted.

The association spent an hour in discussing the most successful methods of keeping up an interest in the local branch of the association. Secretary Hodgkin offered some excellent suggestions.

The Time to Counterfeit.
The best time to successfully counterfeit a coin is just after it is first issued. The new halves and quarter dollars are being successfully counterfeited just at present. The people have seen so few of the genuine new coins, owing to the fact that they have not worked their way westward, that they scarcely know what to expect. About half of the new half dollars in circulation in Kansas City are composed for a great part of lead, but well made. They won't ring at all when dropped on a hard surface.—Kansas City Times.

A Dog Steals Newspapers.
Newspapers have been mysteriously stolen from doorsteps in Chicago, watch was set and a little black and tan dog was discovered to be the culprit. Though chased, the dog escaped, and was detected twenty minutes later stealing another paper. The brute takes any kind of newspaper regardless of politics or quality of news matter. The police have a description and are looking for the animal.—Chicago Letter.

The Tallest Man.
Not content with having in Miss Ella Ewing the tallest woman in the United States, Scotland county, Mo., now comes forward and claims the tallest man in the world. His name is Jode Webb, height 6 feet 7 1/2 inches, weight 155 pounds. He is to be made drum major of the Memphis band.—Farmers' Union.

To Chicago from the Seaboard.
A number of owners of steam yachts in New York intend to utilize them to transport themselves and their friends to the Chicago exposition by way of the St. Lawrence and Welland canal. They believe it will be of great advantage to live aboard their yachts and thus be independent of crowded hotels.

Lucky Hash.
James Hash, of Richland township, Owen county, Ind., while digging on his farm, unearthed an old wooden box several feet below the surface, in which were twenty-three pieces of Spanish silver money. The oldest coin dated back to 1810.

I had a severe attack of catarrh and became so deaf I could not hear common conversation. I suffered terribly from roaring in my head. I procured a bottle of Ely's Cream Balm and in three weeks could hear as well as I ever could, and now I can say to all who are afflicted with the worst of diseases, catarrh, take Ely's Cream Balm and be cured. It is worth \$1,000 to any man, woman or child suffering from catarrh—A. E. Newman, Grayling, Mich.

Hon. W. V. Lucas, ex-state auditor of Iowa, says: "I have used Chamberlain's Cough Remedy in my family and have no hesitation in saying it is an excellent remedy. I believe all that is claimed for it. Persons afflicted by a cough or cold will find it a friend." There is no danger from whooping cough when this remedy is freely given. 50-cent bottles for sale by F. G. Fricke & Co., druggists.

"I am pleased to say that after years of intense suffering with nervous disease, headache and prostration, I tried Dr. Miles' Restorative Nerve, and in two weeks gained eight pounds in weight. I could not lie down to sleep, but now sleep perfectly easy, and am improving wonderfully. Cannot say enough for the Nerve.—Mrs. L. J. MILLARD, Dunkirk, N. Y." One customer used Nerve and gained fifteen pounds in flesh.—BROWN & MAYBURY, Cortland, N. Y. Trial bottles and elegant book free at F. G. Fricke & Co.
