The Leans Annihilated the Fats Yesterday Afternoon.

ANOTHER GAME WILL BE PLAYED

Death of Mrs. Wm. Tiffany--Doings of Different People--The Hotel Riley in the Hands of a Recelver.

To those who failed to see the ball game yesterday between the fats and leans, THE HERALD wishes to say they missed a great treat. From the start the leans took the lead, and kept it, while the fats were retired in one, two, three order about every other inning. It was a comedy of errors from start to finish. Dovey, Dickson and Noble were in the box for the leans, and for the fats Oliver. McEntee, O'Rourke and Johnson did the twirling. Streight caught for the leans in fine form. Both teams played ten men, and at one time the fats had fifteen men in the field. A large sized audience was present and enjoyed themselves hugely. The features of the game were the base stealing of the fats and Mat Gering's throwing to first. The scorer started out to keep the score, but the leans kept running up their scores so fast that he couldn't keep up. At the end of the game the score stood 'us: Leans, 31; fats, 15. The fats have challenged the leans to play another game, the loosers to pay for a supper will be accepted.

Died.

Mrs. Emma Tiffany, w.fe of Wm. Tiffany, died this morning at 3 o'clock from the effects of a cancer.

The deceased was about 41 years old and leaves a husband and five children to mourn her loss. Mrs. Tiffany had been troubled for about fifteen years with what the family supposed to be dyspepsia but it instead turned out to be a cancer. The W. R. C., of which the deceased was a member, will have charge of the funeral which will occur Monday afternoon at 2 o'clock.

W. B. Shryock, whose death shocked thousands of Nebraska people, was in the last session of the legislature, a worthy colleague of Frank White. To say this of a man ought to be sufficient. He had not ought to be sufficient. He had not the dash and vim of the great Plattsmouth democrat, but those who knew Shryock well admired him for many estimable trait - of character. Shryork was too good a man for fulsome praise to be given at his tomb. He had all the strength of a man and all the tenderness of a woman. In his sympathies he was a child; in his friendships he was firm. He was slow to anger and was quick to tears. He must have had many faults for he was entirely human, but the hundreds of men in Nebraska who knew W. B. Shryock intimately will remember him for many years as one of those gentle, manly men whose memory is worth cherishing .- World-Herald.

On July 2 the residence of Chas. Vandeventer burned to the ground-On the sixth the loss was adjusted and on the eighth the loss was paid in full. P. J. Hansen, agent of the Home Insurance Company of Omaha, showed a HERALD representative a draft for \$1,400 made out in favor of Vandeventer for the full amount of insurance. If the property had been insured in a foreign company it would probably have peen two months before the loss would have been adjusted. The above is a strong argument in favor of patronizing home industry.

> Allow me to add my tribute to the efficacy of Ely's Cream Balm. I was suffering from a severe attack of influenza and catarrh and was induced to try your remedy. The result was marvelous. I could hardly articulate, and in less than twenty-four hours the catarrhal symptoms and my hoarseness disappeared and I was able to sing a heavy role in Grand Opera with voice unimpared.

A Legal Question.

Little Willie-Papa, when a man takes up the law it means he starts in being lawyer, doesn't it? His Father-Yes.

He Had Been There. "Mr. Jone " said Mrs. Jones, looking up from the paper she was reading. "here is an excellent article on 'How to Hang Pictures.' You ought to read it." Seaweed Made Useful.

The hollow stem of the species of seaweed indigenous to the neighborhood of the Cape of Good Hope was formerly used by the natives as a trumpet when dried. Still another kind furnishes the savages of some parts of Australia with vessels, many implements and even food. -Washington Star.

BECOMING ANXIOUS.

The Leaders Favor Turning the Mill Over to the Deputies.

THE LAW IS AGAINST THEM.

The Saloons at Homestead are *Closed Tight so as to Keep the Large Crowd Orderly--Railroaders are in Sympathy.

HOMESTEAD, PA., July 8.-Everything remains quiet here, but the citizens are becoming anxious to have the regularly constituted authorities in charge once more instead of the present choatic condition in whice every man assumes to be an officer, and labor leaders give orders as if they were the properly constituted authorities.

A mass meeting has been called for this evening at which an effort will be made to induce the men to agree to permit the deputies to take charge of the works, but were unsuccessful.

Legal Points.

It is understood the men propose, if possible, to have the question legally decided whether the Pinkertons have a right to bring armed duputies here. Another attempt by the Pinkertons is apprehended and there is a nervous dread of what is to come. Against such an attempt the strikers will array all the power they have.

The railroad men are in hearty sympathy with the men and for this reason it will be hard to surprise the strikers with an adequate force. They have plenty of money and the best of legal counsel. Guards are on duty against surprise at every point and dynamite is stored all along the trestle to cut off communication between the two shores of the river if necessary.

Another speaker said the sheriff and the men he would bring here would be in sympathy with the peoand leans yesterday demonstrated ple of Homestead. He would not beyond a doubt that we have some be foolhardy enough to bring a lot excellent base ball fimber among of men here to shoot us down. We us. Dovey's balling on first elicited have their sympathy and will have well-merited applause. He is a it when they come. The sheriff great coacher. And he wore a real must do his duty, and will do it, not

prised the natives by his attaron ad Another speaker said "one lawyer tion does not win, will not amount to a row of pins. In future the question is, will we permit the sheriff to keep possession of the mill as our triend? Time will show the best thing for us. Let the sheriff take possession. We know the law is against us." The meeting is still in session.
