SECRET SOCIETY,

CASS CAMP, No. 332 M. W. A. meets every second and fourth Monday evenings in Fitzgerald hall. Visiting neighbors welcome. P. C. Hansen, V. C.: F. Wertebecker, W. A., S. C. Wilde, Clerk.

CAPTAIN H. E. PALMER CAMP NO. 50—Some of Veterans, division of Nebraska, U. S. A. meet every Tuesday night at 7:30 o'clock in their hall in Fitzgerald block. All sons and visiting comrades are cordially invited. F. A. McEwan, 1st Sergeant.

ORDER OF THE WORLD. Meets at 7:30 every Monday evening at the Grand Army hall. A. F. Groom, president. Thos Walling, secretary.

A.O.U.W. No. 8—Meets first and third Friday evening of each month at I.O.O.F. hall, Frank Vermylea M. W.; J. E. Barwick, recorder.

G. A. R. McConville Post No. 45—Meets every Saturday evening at their Hall in Rockwood block. All visiting comrades are cordially invited to meet with us. Fred Bates, Post Adj't., J. F. Niles, Post Commander.

KNIGHTS OF PYTHIAS—Meet every Wednesday evening at their hall in Fitzgerald block. All visiting knights are cordially invited to attend. M. N. Griffith, C. C.; Otis Dovey K. of R. S.

A.O.U.W. No. 81—Meets second and fourth Friday evenings in the month in I.O.O.F. Hall, M. Vondran, M. W. E. P. Brown, recorder.

DAUGHTERS OF REBECCA—End of Prom-a-Lodge No. 40—meets the second and fourth Thursday evenings of each month in the I.O.O.F. hall. Mrs. T. E. Williams, N. G.; Mrs. John Cory, Secretary.

DEGREE OF HONOR—Meets the first and third Thursdays evenings of each month in L. O. O. F. hall, Fitzgerald block. Mrs. Addie Smith, Worthy Sister of Honor. Mrs. Nannie Burkel, sister secretary.

CASS LODGE, No. 146, I. O. O. F. meets every Tuesday night at 8:30 p. m. in their hall in Rockwood block. All visiting Odd Fellows are cordially invited to meet with us. Fred Bates, Post Adj't., J. F. Niles, Post Commander.

ROYAL ARCANUM—Cass Council No. 1021. Meet at the K. of P. hall in the Farme & Craig block, between Bennett & Tufts, visiting brethren invited. Henry Gering, Regent; Thos Walling, Secretary.

YOUNG MEN'S CHRISTIAN ASSOCIATION—Waterloo block, Main Street, rooms open from 8:30 a. m. to 9:30 p. m. For men only. Gospel meeting every Sunday afternoon at 4 o'clock.

According to the census of 1890, Chicago takes rank, by virtue of her population of 1,098,576 people, as the eighth largest city on the globe. Most of us desire, at one time or another, to visit a city in which so many persons find homes, and, when we do, we can find no better line than the "Burlington Route." Three fast and comfortable trains daily. For further information address the agent of the company at this place, or write to J. Francis, General Passenger and Ticket Agent, Omaha, Nebraska.

Mr. Van Pelt, editor of the Craig, Mo., Meteor, went to a drug store at Hillsdale, Iowa, and asked the physician in attendance to give him a dose of something for cholera morbus and looseness of the bowels. He says: "I felt so much better the next morning that I concluded to call on the physician and get him to fix me up a supply of the medicine. I was surprised when he handed me a bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy. He said he prescribed it regularly in his practice and found it the best he could get or prepare. I can testify to its efficiency in my case at all events." For sale by F. G. Fricke & Co.

What is now North Berwick, Me., was known as Doughty falls thirty years ago. A postal clerk says that occasionally letters are even now addressed to Doughty's falls, and that he has one such in his hands within the last month.

In the recent elections in England less than six members of the Society of Friends were candidates for parliamentary seats in the tract of north eastern country between the Tees and the Tyne.

It is proposed spending \$900,000 in enlarging the docks at Liverpool. Eminent shipbuilders recommend that to prepare for the future it will be necessary to consider that vessels will be 700 feet long and that the docks should be 100 feet wide.

Complaint was to-day made to the Board of Health as to the condition of the alley back of the Union block.

Mrs. Frank Howland presented her husband with an 8 pound boy baby yesterday. Fred is setting up the cigars to-day.

The ladies of the Episcopal church have an Edison phonograph on exhibition at Young's old stand, and they are also serving ice cream to-day.

Mrs. Bevewander of Ft. Scott, Kansas, is the guest of Mrs. C. H. Parmerie. Mrs. B. lived here twenty seven years ago and this is the first time she has been here since moving away.

The ladies of the M. E. church will give a lawn social at the home of Mrs. Allen Beeson, corner of Oak and North Seventh street in the Dovey property to-morrow evening (Thursday.) Everybody invited.

A warrant for \$1,751.97 was to-day given to Henry Bock as a part of the verdict for damages sustained by the sewer which damaged his building. The court allowed him a judgment for \$2,200.

Word reached this city that Chas. M. Beach, city editor of the Wayne County Democrat, published at Oregon had died from injuries sustained by a fire. Mr. Beach's father and mother, Mr. and Mrs. A. C. Beach reside at Wabash.

August 11, at 10 a. m., is the time set by Judge Ramsey for Ava Formhoff to appear before him and show cause why John B. Meisinger should not be appointed her guardian. It is claimed by her friends that she is entirely incompetent to transact her business.

For Sale. My house and three lots corner Sixth and Ley, price \$1,200. Mrs. J. A. G. Buell, central City, Neb., apc. E. R. B.

Rock Bluffs. Everybody says it is warm weather.

Corn is growing fast and will soon be layed by.

Mr. and Mrs. Smith of North Platte are visiting relatives in Rock Bluffs.

Grandpa Walstow is very poorly this summer.

Miss Edith Shrader is visiting friends in this village.

Our Sunday School is increasing in number and interest.

Charley Carroll is on the sick list.

The following item, clipped from the Ft. Madison (Iowa) Democrat, contains information well worth remembering: "Mr. John Roth of this city, who met with an accident a few days ago, spraining and bruising his leg and arm quite severely, was cured by one 50-cent bottle of Chamberlain's Pain Balm." This remedy is without an equal for sprains and bruises and should have a place in every household. For sale by F. G. Fricke & Co.

Attention! A meeting of the Young Men's Republican club is hereby called at the G. A. R. hall Friday evening, July 29, at 8 o'clock p. m.

JESSE L. ROOT, President.

M. N. GRIFFITH, Secretary.

Some Foolish People allow a cough to run until it gets beyond the reach of medicine. They say, "Oh, it will wear away," but in most cases it wears them away. Could they be induced to try the successful Kemp's Balsam, which is sold on a positive guarantee to cure, they would see the excellent effect after taking the first dose. Price 50c and \$1. Trial size free. At all druggists.

ACCIDENT INSURANCE, T. H. POLLOCK, Agent.

One Year's Sale of Stamps. The number of postage stamps used in a year is something enormous. For instance, the ordinary postal revenue for the year ending June 30, 1891, exclusive of the money order business, was \$65,065,293.87. Of this \$41,432,129.50 came from letter postage. The bulk of this is of course in two cent stamps, and it is safe to put the whole number of this denomination used at more than two billions per annum.—Kate Field's Washington.

What is now North Berwick, Me., was known as Doughty falls thirty years ago. A postal clerk says that occasionally letters are even now addressed to Doughty's falls, and that he has one such in his hands within the last month.

In the recent elections in England less than six members of the Society of Friends were candidates for parliamentary seats in the tract of north eastern country between the Tees and the Tyne.

It is proposed spending \$900,000 in enlarging the docks at Liverpool. Eminent shipbuilders recommend that to prepare for the future it will be necessary to consider that vessels will be 700 feet long and that the docks should be 100 feet wide.

The Centenary of Coal Gas.

It is just a hundred years since William Murdoch discovered that coal gas might be used as an illuminant. In his Cornish home he heated coal in an iron kettle and applied a light to the end of an iron tube coming from the kettle. How many people today have ever heard the name of this William Murdoch? Watts, with his kettle, discovered the use of steam, which effected the greatest peaceful revolution the world has ever seen. Murdoch, with his kettle, also made a wonderful discovery the value of which it is impossible to overestimate. Electricity as an illuminant is now fast replacing its elder brother, but it is quite young.

For sixty years and more gas has been a familiar friend, and its civilization has been enormous. Feeble as its flame is compared with the brilliant arc light, those few among us who remember the old wooden posts with their sickly oil lamps that did duty in our streets, and served only to make darkness visible, can testify to the gratification we ought to feel to the Cornishman. Nothing has helped more to repress the ruffianism in our streets than this lighting up of dark places. It has in every sense been an enlightening power, and it is not exactly to our credit that we have forgotten the man who gave it us.—London Public Opinion.

A Wonderful Music Box.

An interesting arrangement of pneumatic mechanism for the production of high class music has recently been exhibited.

The instrument has two and one-fifth sets of reeds, the regular action of the air grooves being located above, and on top of the board containing these is a row of small pneumatics corresponding in number to the keys of the instrument; underneath this board are four rows of large pneumatics, one beneath the other, and from an arm on each of these pneumatics hangs a wire attached to a lever operating on the coupler butons on the pitmans or wooden rods connecting the keys of the instrument with the reed board valves.

By means of these levers, operated by pneumatics, the movement of the valves becomes automatic, subject to the passage over the air board of perforated paper. A peculiar characteristic of the motor which operates the music roll, which distinguishes it from all other appliances of the kind, is its adaptability to running to the right to wind music and the left to rewind, or vice versa. When the instrument is in operation the keyboard becomes a thing of life, keys dropping with the exact rapidity required by the selection rendered.—Philadelphia Ledger.

Young Love's Dream and Awakening.

Harry Hamilton, aged sixteen and Annie Mead, aged fifteen, went to the same school in Philadelphia. They became attached to each other, and about a year ago became engaged to be married. Owing to their youth, however, the engagement was kept a secret, and the parents endeavored to keep them apart.

Monday Hamilton succeeded in getting a note to Miss Mead in a grocery package. The young girl escaped from home and joined Hamilton. They went to Camden and were married. They then took the train for Wilkesbarre and secured board at Mrs. Reeves' on Union street. Hamilton had a ten dollar note left to the landlady, saying, "We are sold for one week, anyhow, and can spend our honeymoon in peace."

The young husband endeavored to secure employment as a clerk, but as it was not known he failed. His father arrived and took him home by the ear. The young wife's sister came here on Saturday and marched her back to Philadelphia.—Wilkesbarre Cor. Philadelphia Record.

California's Jelly Palace.

The jelly palace which the women of California will prepare for the World's fair exhibit will be 16 by 20

feet and 25 feet high, with two open doors approached by three marble steps.

The framework will be of wire. On this will be firmly placed several thousand jelly glasses—cups, globes, prisms, etc.—filled with jelly of many shades of color, arranged in artistic and beautiful designs. The interior will be brilliantly illuminated by electricity. The cost of the framework and glasses alone is estimated at \$2,700.

Danger in Ice Water.

Many people owe summer sickness to the too free use of ice water. It is a question if any real ice water is safe.

That which is cold without coming directly from the ice is quite as satisfying and is not dangerous. Strong men have died in fifteen minutes from the effects of drinking copiously of ice water while highly heated by hard work or the sun.—New York Press.

Feeding Cattle with Asparagus.

It is not often that asparagus, the daintiest and most expensive of vegetables, is used as food for cattle, but the asparagus crop has been so large all over

Brunswick, Germany, that in some villages nobody could be found to pay a cent for a pound, and whole bushels were given to the cows and sheep.—Chicago Herald.

It is proposed spending \$900,000 in enlarging the docks at Liverpool. Eminent shipbuilders recommend that to prepare for the future it will be necessary to consider that vessels will be 700 feet long and that the docks should be 100 feet wide.
