

W. C. T. U. IN SESSION.

The District Convention in Session in the City.

LOCAL UNION'S REPORT.

Subjects of Great Importance to Be Discussed This Evening--Representatives Gathering--The Programmes.

From Wednesday's Daily.

The second district reunion of the W. C. T. U. convened last evening at the Presbyterian church. On account of the train being late the program was not carried out as printed. The president and secretary were on the train, which caused the program to be postponed. The meeting last night was opened by prayer, and Miss Olive Gass, county president, had charge of the meeting. Dr. Britt led the devotional exercises. Mrs. H. M. Gault delivered the address of welcome and Mrs. Belle Biglow responded. Mrs. Cooley, president of the district association, made a few remarks, after which the meeting was closed with the benediction.

This morning the exercises were begun promptly at 10 o'clock, with Mrs. E. M. J. Cooley, president, in the chair. The chair appointed committees on credentials, finance, resolutions and plan of work. Following are the committees:

Credentials--Mrs. Trester and Miss Olive Gass.

Resolutions--Miss Olive Gass, Mrs. L. Clark and Mrs. Helen Kingman.

Finance--Mrs. Helen Exley, Mrs. S. McLain and Mrs. S. A. Traver.

Plan of Work--Mrs. Kate Davis, Mrs. S. F. Daily and Mrs. A. B. Churchill.

Courtesies--Miss Olive Gass.

Memorials--Mrs. Belle Biglow.

Auditing--Mrs. Biglow, Mrs. P. E. Ruffner and Mrs. Beck.

Following is the list of delegates present: Mrs. Beck and Mrs. Cross, Victoria; Mrs. A. B. Churchill, Avoca; Mrs. Jennie Miles, Mrs. S. A. Traver, Mrs. P. E. Ruffner, Plattsmouth; Mrs. S. F. McLain, Mrs. S. F. Daily, University Place; Mrs. S. M. Exley, Yankee Hill; Mrs. H. M. Trester, East Lincoln; Mrs. L. Clark, Mrs. P. S. Buck, Syracuse; Mrs. Anna L. Moore, Palmyra; Mrs. Ella Kingman, Lincoln; Mrs. E. M. J. Cooley, president of the association, and Mrs. Belle Biglow, secretary.

Reports were also read from local unions in Cass, Otoe and Lancaster counties, showing them to be in a flourishing condition.

The noonday hour of prayer was led by Mrs. Churchill of Avoca after which an adjournment was taken until 1:30 for lunch which was served in the basement of the Presbyterian church.

The devotional exercises this morning were led by Mrs. L. Clark of Syracuse.

The first thing for consideration this afternoon was the "Million Voters Ticket," each person pledges to vote for the president and vice president on the prohibition ticket, provided one million signatures are received. Before election one person from each political party will be selected and they will count the names and if there are a million signatures those who have signed will be bound to vote for the prohibition candidate. If they don't succeed in getting the required number of signatures, then those who have signed will be at liberty to vote for whom they please.

PEOPLE AND AFFAIRS.

NEITHER HAS CASS COUNTY, Nebraska City News.

Allison Kree, of exposition fame in this city, is now in Omaha, decorating the advertising car for Nebraska, which leaves for the east the 25th of September. As yet Otoe county or Nebraska City have taken no space, but should do so at once.

The Morton House of Nebraska City has again been sold and this time by David Heller of Denver to Fred Hunzika of South Omaha for \$4000, subject to a mortgage of \$3000. It is not known whether this will in any way change the management of the house.

THE BOARD WILL TAKE A HAND.

The published report of the death of the eight months old child of C. N. Bennett of Beatrice at the hands of Christian science healers, together with the circumstances surrounding its death, has resulted in stirring up quite a feeling against the healers and all members of their sect in Beatrice. One result of the agitation which now seems will follow is that the state medical board will take a hand in the matter of prosecuting the parties who are being held responsible for the child's death. It was understood last evening that the details and a complete history of the case, together with names of witnesses, was being prepared and will be laid before the board, when they can do nothing less than make a thorough investigation of the case. The people of Beatrice who have been unwilling witnesses of the barbarities practiced by this band are calling loudly for action. The leaders of the society are growing rich, it is said, by their alleged Christian practices.

Hon. F. E. White, in conversation with a HERALD reporter today said that he was not a candidate for float representative and that he would not have it under any consideration. He said as to the senatorship from this county that he might take the nomination, but was in favor of giving it to Dr. Wallace. He also said before he would become mixed up in the Gering-Sherman-Cushion fight he would refuse to allow his name to go before the convention.

The supreme lodge Knights of Pythias, in session at Kansas City, have decided upon Washington, D. C., as the place to hold their next encampment. Minneapolis, Louisville, Ky., and Washington were the contestants.

It is now possible that the shooting which occurred at 308 North Sixteenth street, Omaha, Monday morning may be unattended with fatal consequences. It was stated at the Methodist hospital yesterday that Foss was no worse, and as the internal hemorrhage had been suppressed there was a possibility of his recovery. Laura Day is in about the same condition as last night and the physicians have strong hopes of her recovery.

A BABY BORN IN A HACK.

A young woman, whose face was covered by a thick veil, alighted from the Burlington train at Omaha which came in from Lincoln at noon yesterday, and, entering a hack, asked to be driven to the Open Door. The distance was about half covered when the driver's attention was attracted by a succession of groans and cries from the occupant of the vehicle. He opened the door and found to his surprise that he had two passengers instead of one, the second being a newly born child. Dr. Somers was called and had the girl taken on to her destination. She refused to give her name, but told the usual story of dishonor and a shame that she had gone to Omaha to conceal.

GOOD HAND AT THE BUSINESS.

The baby department of the Douglas county fair tomorrow afternoon at 1:30 o'clock will be the biggest attraction to many. Mr. Joseph A. Connor, the superintendent, has successfully managed baby shows for a score of years at Cass county fairs and made them ch'ping, not howling successes. He will select three ladies to judge the babies and each infant spring is to be accompanied by its mother, father and nurse. The premiums are cash and worth competing for. A large number of entries of some of the prettiest babies in Douglas county have already been made. Two years old is the limit.

TERRITORIAL PIONEERS.

A meeting of the Territorial Pioneer Association of Nebraska is called on the state fair grounds at Lincoln for Wednesday, September 7, 1892, at 2 p. m. A suitable place for the meeting will be provided, and all residents of the state prior

to March 1, 1867, are cordially invited to attend and become members.

GIVE WILLIAM THE GO BY.

The PLATTSMOUTH HERALD is doing good work for Field and the returns from Cass, where Bryan is supposed to be strongest, will probably cause a good many exclamations of surprise. When the intelligent voters have had all the whys and wherefores presented to them, embalmied in ice cold logic, they can only conscientiously do one thing, and that is to give William the go by.

FOLK OR BURTON, WHICH?

A shouting calamity howler from Cass county was in Ashland Saturday afternoon when was mounted a wagon on Silver street and delivered a heavy effusion to a few boys and habitual street loafers. His talk consisted chiefly in defending Van Wyck and slandering the republican party.

A motto displayed at an alliance picnic at Aurora read: "We live on swill, sleep like hogs and work cheaper than anybody else." Men who will carry such a motto do not deserve to live in a rich state like Nebraska, where honest, intelligent farming will frequently pay for the land in two years, sometimes in one, and afford a good living besides.

Does Nebraska increase in population as rapidly as adjoining states? A report from the census bureau at Washington says so, and places the rate of increase on the top notch. In 1880 there were in Nebraska persons of both sexes between the ages of five and twenty years, inclusive, 161,898. In 1890 the number was 384,255, an increase of 137.34 per cent. Iowa shows an increase of 11.98 per cent and Kansas 43.45 per cent. Out of 384,255 in 1890 there were 37,183 foreign born. The increase in the number of persons between the ages of eighteen and twenty during the past ten years is 144.38 per cent, the number in 1880 being 26,740 and in 1890, 65,347. Males between the ages of eighteen and twenty are still in the majority in Nebraska. In 1890 there were 33,169 males and 32,184 females.

SUED THE B & M.

Yesterday there was a case filed in the district court entitled Robert Trooper against the B. & M., and asking for \$30,000 damages. The petition declares that since June, 1888, the plaintiff was employed as a wiper in the B. & M. roundhouse at Hastings. On September 29, 1890, he slipped from an engine on which he was working and was caught in the track, breaking and crushing two bones in his left ankle. He was carried to a switch-house, where the local company surgeon, W. A. Chapman, was called. The plaintiff says the bones were improperly set and that no splints were put on his foot, but a felt bandage was applied instead. The bones joined in a crooked manner and the plaintiff is now incapacitated from manual labor, which would support his family in comfort. For two or three days, when medical and surgical attendance was necessary, Dr. Chapman did not come to give him treatment. Wherefore plaintiff prays for damage.

BROKE UP HIS HOME.

Nathan Chamberlain of Papillion, Sarpy county, has brought suit against his father-in-law, Claud Potter of Omaha, for \$20,000 damages, charging him with breaking up his home. The story, as told by the petition in the case, is that on March 18, 1886, Nathan Chamberlain married Elizabeth Chamberlain at Papillion, at the home of her parents, Mr. and Mrs. Claud Potter. They lived together as man and wife until April, 1892. During these years three children blessed the union and the parents of the wife moved to Omaha. Farm life became a drudgery from which Mrs. Chamberlain was anxious to escape. Aided and abetted by her parents she abandoned her Sarpy county home and went to Omaha. Then the husband tried to care for his little ones, but found it an uphill business, as they needed a mother's care. Hoping to induce the wife of his bosom to return to her rural home, last May with the children in the farm wagon, Mr. Chamberlain visited the home of

THE BEST

It is the best Blood Medicine, because it assists nature to throw off the impurities of the blood, and at the same time tones up the entire organism. This is just contrary to the effect of the various potash, mercury, nuxomaria mixtures, which bring up the impurities in the system, thus producing much sickness and suffering. Therefore, for a BLOOD MEDICINE you cannot do better than take S. S. S. "As a physician, I have prescribed and used S. S. S. in my practice as a tonic, and for blood troubles, and have been very successful. I never used a remedy which gave such general satisfaction to myself and patients." "L. B. RICHY, M. the Potters in Omaha, where his wife had taken up her permanent abode. He was let into the house but refused a hearing. When he got ready to go he was shot out into the street and the children were prevented from accompanying him to his home on the farm. Potter is known as a persistent proponent of spiritualistic doctrine.
