Remember L. Bauer the Omaha picture man will be in the Rockwood block on the 15th.

The democrats have been having their innings in unseating incumbents belonging to the opposition party in the house. In the early days of the 51st congress, when the republicans had a slight majority which they desired to increase, they officially beheaded democratic members with savvit and dispatch. It was in those days that Czar Reed used to count quorums whether or no, and when the democrats who crowded into the cloak-rooms to avoid voting came in sight again on the floors, lo and behold, another of their number had been swept out of his seat. All last week the democrats were trying to oust the republicans. Somehow or other it is very hard to get a democratic quorum these days, and the speaker persistently refuses, despite the bribes of Mr. Reed, to count the republicans as they calmly remain in their seats and say neither yea nor nay. Speaker Crisp has had enough worry to make him respectably hoary headed when he takes his seat among the salons of the upper house.

I am selling more wall paper, and at lowest prices than any dealer in Plattsouth. The largest stock, and most styles to select from. Give me a call.—O. H. Snyder.

TWO SCHOONERS LOST.

Both Wrecked on the New Jersey Coast.

CREWS FOUND WATERY GRAVES.

Blinding Storms and Heavy Seas Made Rescue Impossible—Most Severe Gale to Fourteen Years—New Jersey Southern Trains Abandoned—Small Vessels Drifted High and Dry.

LONG BRANCH, N. J., April 12.—During Wednesday the most severe northeast gale, with heavy rain and snow in 14 years prevailed along the coast, causing much damage to the bulkheads and shipping. At Morgan, along the line of the New York and Long Branch railroad, the tide was higher than has been known in 19 years. At Matawan and Keyport, the tide backed up to such an extent that the meadows surrounding these places are inundated, and some of the smaller vessels, which have been lying at their docks, have broken loose and drifted out upon the meadows, so that when the storm abates and the tide falls they will be left lying high and dry. The New Jersey Southern trains running between Seabright and Highland beach have all been abandoned. Directly opposite the Highland beach station, the 3-masted schooner Kate Marie came ashore. It was at first reported that the entire crew were lost, but later reports show that two of the men were saved.

Steamer Albert Smith Wrecked. MANSQUAN, N. J., April 12.—The furious gales and high tides which prevailed here Tuesday night and Wednesday have left their mark all along the Jersey coast. Along the Jersey Central railroad to Tom's river, the high tides have done enormous damage, and the sea has overflowed the shore and formed little lakes for a considerable distance. The beach far down the coast is strewn with wreckage. In the height and fury of the storm, the three-masted schooner Albert W. Smith was driven ashore at a point midway between Seabright and Mansquan. In less than half an hour after the vessel struck she was pounded into kindling wood. Eight men, it is said, composed the crew of the Smith, not one of whom has been seen since their boat was wrecked, and it is unlikely that any man of the crew has survived.

Peach Crop Suffered. SEABRIGHT, N. J., April 12.—The effect of the storm has been devastating throughout this state. Furious gales and monstrous seas have wrought havoc and destruction along the Jersey coast. Buildings, trees, telegraph and telephone wires, railroad tracks, embankments, wharves and fences all yielded to the destructive fury of the elements. Incalculable damage was done to fruit crops. The peach crop suffered particularly and it is feared the entire crop will prove a failure. Farmers throughout the state will be heavy sufferers.

Rock Island Robbers Caught. ENID, O. T., April 12.—Word has been received that two of the Rock Island robbers who rode away on horses when the shooting began, had been overtaken at Hennessey. They will be taken to Wichita to avoid lynching. One of the captured robbers has made a full confession. He says that the robber who was shot dead by the guard was named Bill Rhodes, alleging that he was an old member of the James gang, and came from Clay county, Missouri. Rhodes, alias Pitts, had a claim adjoining Cole Dalton's, in Oklahoma.

Will Join the Californians. DENVER, April 12.—Captain W. L. Grayson, who started out with Bert Hamilton's silver legion, and deserted in disgust, is organizing an army here to join the California crowd. The captain, who served in the British army, is convinced that the Coxy movement, if backed by honest workmen, will be productive of good. He says a wealthy Populist has offered to give \$10,000 to the travelers as soon as Kelly's army arrives from Utah.

Kickapoo Refuse to Select Land. OKLAHOMA CITY, O. T., April 12.—Only 12 more days remain in which the Kickapoo can voluntarily take their allotments. There are about 100 who refuse to select lands. The proposal of Secretary Hoke Smith to sell the lands remaining after all of allotments are made is bitterly opposed by every resident of Oklahoma.

Colorado Land Company Insolvent. KANSAS CITY, April 12.—Judge Phillips of the United States circuit court has appointed J. E. Watkins receiver of the Watkins Land and Mortgage company, a Colorado corporation which owns valuable tracts of land in Kansas, Missouri and Texas.

Oregon Republicans Nominate. PORTLAND, Ore., April 12.—The Republican state convention met here for the purpose of nominating a full set of state officers for the election in June. W. P. Lord of Marion county, a member of the supreme bench, was nominated for governor.

Progressive Euchre Players Indicted. ST. JOSEPH, Mo., April 12.—A great sensation was created at Platt City, Mo., by the action of the grand jury who brought in indictments against 40 of the leading ladies and gentlemen of that place for indulging in progressive euchre.

Will Return at Old Wages. AKRON, O., April 12.—Nine hundred employes of the Werner company, who have been on a strike since Monday for the restoration of a 10 per cent cut, have decided to return to work. The 200 pressmen and pressfeeders will stay out for the old wages.

Open to College Athletes. CHICAGO, April 12.—The Chicago Athletic association is completing arrangements for a general track and field meeting to be open to the athletic gentlemen of all colleges in the west and to be held here June 2.

Save the Children By Purifying Their Blood

Hood's Sarsaparilla Makes Pure Blood, Cures Scrofula, Etc.

My experience with Hood's Sarsaparilla has been very effective. My little girl, five years old, had for four years a bad skin disease. Her arms and limbs would break out in a mass of sores, discharging yellow matter. She would scratch the eruptions as though it gave relief, and tear open the sores.

Two Bottles of Hood's Sarsaparilla caused the eruptions to heal and the sores peeled off, after which the skin became soft and smooth. As a family medicine
