At Lewiston.
The Lewiston church had a good meeting last night. The Lord was present with power. There were eight souls seeking for the Lord. We would be glad if some of our good people of Plattsmouth would drop in to see us. I am stoning with a good, religious family, that of Eliza Car o. May God bless you as you print this, and also those who read it. Yours truly, C. M. GRAVES.

the whole oil

You look at cod-liver oil. It is so much oil or fat. But the chemists come along and tell us that in that oil are united, in almost invisible form, most valuable medicinal agents, that the fat of cod-liver oil is only one of its merits, and that no process of medical skill or chemical science can unite these peculiar properties with oil as they exist in nature. This is why *you get Scott's Emulsion* divided into tiny little particles, digested, and ready to be taken up into the system. The hypophosphites which are combined with it are valuable tonics, increasing the appetite, strengthening the nerves, and restoring vitality in the weakened system.

When you ask for Scott's Emulsion and your druggist gives you a salmon-colored package with the picture of a man and fish on it—you can trust that man with your prescriptions!
