VOL. IV. NO. 77.

PROBABLY THE RIGHT MAN.

Arrest of a Suspect by the Sheriff of Nemaha County.

From Thursday's Daily. Sheriff Holloway received a telegram from the sheriff at Auburn last evening stating that he had under arrest at that place a man who had goods in his possession which answered the description of those taken from the general merchandise store of C. C. Buckwell at Alvo last Friday night. The Nemaha sheriff had no description of the thief, but will hold this man until an investigation is made. County Attorney C. S. Polk went to Alvo today to see if he could secure any evidence leading to the detection of the party who committed the robbery. It is possible that some one saw the thief the day previous to the robbery and would be able to identify him. The sheriff is serving papers in the southern part of the county today, and will go to Auburn tomorrow after the man.

The sheriff is greatly handicapped in capturing thieves from the fact that where robberies occur in the small towns out in the county they neglect to promptly send in a description of the stolen property, or of the thieves, if any is had. The first intimation the sheriff had of the Alvo robbery was when he saw an account of it in Wednesday morning's paper. A thief would have ample time to reach Canada in that time, if he so desired.

Weather Report.

The temperature of the past week has been slightly below the normal in the western portion of the state and a little above the normal in the eastern. The week was generally dry until the last two or three days, when copious rains were general in all parts of the state excepting the extreme northeastern and southwestern portions. Over most of the southern part of the state from two to three inches fell. The dry weather early in the week was very favorable in the progress of the corn planting, and most of the crop is now in the ground. Some of the early plantings are six inches high and much of it has been worked.

Small grain, although it has suffered somewhat from dry weather in the western portion of the state, has generally attained rank growth and in some cases has begun to lodge slightly; some rye is reported six feet tall. Rye is generally in blossom and wheat is beginning to blossom. Considerable damage is reported in some localities from cut worms and in the extreme southeastern corner of the state from the army worm.

Will Hold a Special Election.

The board of county commissioners have called a special election for July 7 to vote bonds in Eight Mile Grove precinct for the purpose of erecting a bridge across the Platte river at Cedar Creek.

To a man up a tree this looks like a bad move and will even be an injury to the little town of Cedar Creek. It is not at all probable that Sarpy county farmers would cross the river to get to trade at Cedar Creek, when by driving a little farther they could go to South Omaha and Omaha. It is more probable that the farmers on this side of the Platte will pass right through Cedar Creek and go to South Omaha to trade. There is no doubt but that a man can get just as good bargains in the Plattsmouth and possibly the Cedar Creek merchants as those of South Omaha, but the man cuts a large figure and it is difficult to make them believe otherwise.

Protests to the Governor.

The following in relation to the Iowa horse stealing case is taken from the State Journal: "Matthew Gering of Plattsmouth has sent in a protest to Governor Holcomb against the honoring of a requisition from the governor of Iowa for the apprehension of Asa Howard, who is charged with the crime of grand larceny in Mills county Iowa. It is alleged that Howard is a weak minded old soldier. He held a mortgage on his son's team and when the son sold the outfit for a low price the old gentleman took the property without a writ and thereupon the charge of grand larceny was preferred. The preliminary hearing in Iowa resulted in Howard's discharge, and Mr. Gering alleges that the buyer of the team, Levi Kilgore, now wants to be reimbursed for money expended in getting back the property in a replevin suit. Howard took the property in Kilgore's presence and dared him to interfere. The two men had had trouble before. The governor of Iowa has not yet forwarded a requisition and notice of a protest was forwarded to him yesterday by Governor Holcomb."

INFORMATION AND OPINION.

Otoe county has a new post to contend with in the form of the army worm.

The old settlers of Otoe county will hold a picnic at Morton park, Nebraska City, June 18. A large attendance is anticipated.

Miss Gussie Beate, a pretty Harlem girl, has patented a device for theatrical crush hats for women. The men worship her, but women think she has done them an injury.

In 1892 foreign exports of farm products amounted to \$900,000,000. In 1895, \$546,000,000. Democracy has cost the American farmer only \$254,000,000! And this is tariff reform!

George Kuegler, a Jersey City inventor, has secured a patent for a most ingenious cooking utensil, which comprises two or more pots or pans, so formed that they may be attached together or used separately over one source of heat.

A negro preacher addressed his flock with great earnestness on the subject of "Miracles" as follows: "My beloved friends, do greatest of all miracles was 'bout de loaves and fishes. Dey was given a thousand loaves and two thousand fishes, and de twelve 'postles had to eat 'em all. De miracle is dey didn't bust."

The month of May, 1896, will be remembered for its weather vagaries and remarkable atmospheric disturbances. Southern California had a record-breaking hot wave last week, the mercury at Los Angeles going up to 109 in the shade. A few days before a snow storm of ten days' duration came to an end in one of the towns of Montana.

The various mile records form an interesting list. Taken together, the fast and slow champions have a wide range. Light travels 196,000 miles a second; electricity 288,000 miles, railway train, mile in 32 seconds; man skating, mile in two minutes 12 3-5 seconds; horse trotting, mile in 2 minutes 3 3-4 seconds; man running, mile in 4 minutes, 12 3-4 seconds; bicycle 1 minute 40 3-5 seconds; crow flying, mile 2 minutes 40 seconds; cannon ball mile in 1 6-10 seconds.

A showman had an announcement stating: "Come and see the great sawed fish." A learned gentleman read it, and informed the showman that he had made a mistake in the word "sawed," that it ought to be "sawd." "Yer'd better come in an' see fer yerself; the hadmission is only tuppence," said the showman. So the gentleman paid his "tuppence," went in and was shown a large codfish sawed in half. "Yer ain't the fust genelman wot has tried to teach me 'ow to spell," grinned the showman.—Household Words.

Mr. and Mrs. Stone will make their home in Nehawka, where Mr. Stone is the proprietor of a drug store. THE NEWS wishes them much joy.

W. D. Claypool died at the home of his parents in Kansas City yesterday morning. Mr. and Mrs. Claypool resided in St. Paul, Minn., and the former had been ailing for some time, but his condition had not been considered serious at any time. A few days ago they went to Kansas City where Mr. Claypool could recuperate for a few days, with the above results. The remains were brought to this city this morning and the funeral took place from the residence of A. N. Sullivan at 4 o'clock and interment was made in the Mt. Pleasant cemetery. Rev.
