At the masquerade ball at Turner hall February 13 no masquers will be allowed to dance unless attired in full costume. If you wish to see Dr. Seymour while he is here you can secure a card of introduction from his representative at the Riley this week. If you want a first-class piano or organ at your own price, call at Fetee's Music Store. All the new songs as they come out. The annual meeting of the Cass county agricultural society is being held at the court house this afternoon with a full attendance present. You will find a full line of Mrs. Crawford's pickles at Zuckweiler & Lutz's. There are none nicer. Try them and you will use no others. Murray citizens claim that their social club has to go, and unless it is disbanded soon, prosecutions are to be instituted against the parties in charge. A weed in the garden can be easily destroyed when it first starts. Consumption can be nipped in the bud by One Minute Cough Cure. F. G. Fricke & Co. Those who are interested in what the legislature is doing will find a complete set of all bills at the county clerk's office, which Senator Dearing has sent down. Fred Sullivan a news boy on the B. & M., stole a cloak the other day and was apprehended. He is in jail at Lincoln and will answer to the charge of grand larceny. The corn levied upon by the executor of the Black estate belonging to Frank Young was not sold today as Mr. Young gave bill of sale for it to the executor this morning. Some of the hardened sinners herabouts are getting a shaking up at M. E. church this week which will do them good. New converts are added to the rolls of the church every evening. A torpid liver means a bad complexion, bad breath, indigestion and frequent headaches. To avoid such companions take DeWitt's Little Early Risers, the famous little pills. F. G. Fricke & Co. Attorney T. Frank Wiles was in Omaha today where he succeeded in making an advantageous settlement for one of his clients, of an important case against the Omaha Street Railroad company. All the different forms of skin trouble, from chapped hands to eczema and indolent ulcers, can be readily cured by DeWitt's Witch Hazel Salve, the great pile cure. F. G. Fricke & Co. Soothing for burns, scalds, chapped hands and lips. Healing for cuts and sores. Instant relief for piles, stops pain at once. These are the virtues of De Witt's Witch Hazel Salve. F. G. Fricke & Co. Frank H. Wilson has accepted the position of superintendent and manager of agencies in this state for the Northern Life association of Marshalltown. Robert Brown came to town from Lincoln last evening and will visit his parents and other relatives for a few days. Robert holds a good position with Perkins & Sheldon, the leading boot and shoe house of Lincoln. The finest imported wines in the state, and the purest liquors, together with the premium Anheuser-Busch beer, are always obtainable at the "Casino"—Plattsmouth's leading saloon, opposite the court house. Remember the leading 5-cent cigars in this market is "Wurl Bros." and the "Cabinet." Otto Wurl, the manufacturer, is building up a great reputation for these goods out in the state as well as at home. Try them. Mr. Johnson of Ashland, who was born in 1790 and who "fit" in the war of 1812 was stricken yesterday with paralysis and no hopes for his recovery are entertained. He was doubtless the oldest man in the state. Constipation in its worst forms, dyspepsia, sick headach, biliousness and derangement of the liver are readily cured by DeWitt's Little Early Risers. These little pills never gripe. Small pill, safe pill, best pill. F. G. Fricke & Co. Minutes seem like hours when a life is at stake. Croup gives no time to send for a doctor, delay may mean death. One Minute Cough Cure gives instant relief and insures recovery. The only harmless remedy that produces immediate results. F. G. Fricke & Co. Dr. Seymour was very busy during his stay at the Riley hotel last Tuesday. Finding it impossible to see all who called on him he has consented to come again and can be seen at the same place on Wednesday, February 10, from 10 a. m. to 2 p. m. Do not fail to get a card of introduction if you wish to see him. George Smith, son of D. B. Smith, was forced to resign a good position in the Elkhorn shops at Missouri Valley on account of his wife's health. He has accepted a position in the Union Pacific shops at Cheyenne and after a few days visit here he will remove with his family to the Wyoming capital. Chicora, Pa., "Herald": "Richard Vansel reports One Minute Cough Cure the greatest success of medical science. He told us that it cured his whole family of terrible coughs and colds, after all other so called cures had failed entirely. Mr. Vansel said it assisted his children through a very bad stage of measles. One Minute Cough Cure makes expectation very easy and rapid." F. G. Fricke & Co.

What a Torpedo Will Do Ed. McMaken, who is in the employ of the B. & M. at Alliance, was curious to know what a railway torpedo would do if struck hard enough to cause an explosion. His curiosity was satisfied in a "striking" manner the other day. He took a torpedo, placed it on a rail and then with a heavy bar of iron he caressed the aforesaid torpedo by stroking it gently. The result was an explosion, and the end of the bar struck Ed. fair in the mouth, breaking off all his front teeth and inflicting most painful injuries from which he will never entirely recover. The only wonder is that the injury is not worse than what it was. A torpedo is a bad thing to experiment with. Jumped Their Board Bill. The two Cass county young men who went to Tecumseh to run a club are having a stormy time of it, according to a telegram in today's Bee. They skipped for Lincoln without paying their board, and they were captured and taken back and lodged in jail, so that two charges now confront them. Their friends here regret their misfortunes, and hope to learn that they have settled up and will try another experiment. Selected As a Delegate. When Henry Gering starts after a proposition, the proposition usually surrenders without a struggle. His latest was to fling the banners of old Cass on the outer walls at Grand Island and get elected as a delegate to the national convention of Modern Woodmen, which meets at Dubuque. There were plenty of candidates, but Henry won out in a canter and he will be heard from in the convention, too. Daily Market Report. The following Chicago range of prices is furnished THE NEWS by Ray Waterman:

Options. Wheat—May 75 3/4, 75 1/2, 75 1/4, 75 1/8, 75 1/8. Corn—May 24 1/2, 24 1/4, 24 1/8, 24 1/8, 24 1/8. A Good Letter. From the Clerk of the Circuit Court, FERNANDINA, Fla., Feb. 28, 1896.—[Mr. J. George Subor, Druggist, City.]—Dear George: Please send me a bottle of Chamberlain's Cough Remedy. I would not feel easy if I knew there was none of this valuable Remedy in the house. I have given it a fair test and consider it one of the very best remedies for croup that I have ever found. One dose has always been sufficient, although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children. Yours respectfully, GEO. E. WOLFF. Sold by all druggists. One Minute Cough Cure, cures. That is what it was made for.

AMONG THE EXCHANGES.

The report reached this city today that Mr. and Mrs. Melvain, whose little daughter was one of the five children drowned Tuesday noon across the river, have lost their minds brooding over the loss of their little darling. Kind friends are caring for them and it is to be hoped that they will recover from the blow, which was indeed as sad a one as can be inflicted on parents.—Nebraska City News. M. A. Lunn, who has been identified with beet sugar raising in this state for many years, and who has spent much time both in talking and writing one the subject, was in our city last Saturday and made this office a pleasant call. Mr. Lunn had just come up from Auburn, where, during a meeting of the citizens and the farmers, he gave them a talk on the raising of beets, which has stirred them up to action and many will attempt to raise a part of an acre to test the quality and quantity of production, and after a thorough trial they find the results as they anticipate, will work for a factory. The securing of a plant it seems does not depend altogether on population, but on a thorough test of the soil and quality of beets raised and the combined efforts of the farmers.—Weeping Water Republican. Chalmers Wood, son of T. C. Wood, died at Las Vegas, New Mexico, on Saturday, of consumption. Mr. Wood went to New Mexico for the benefit of his own health and that of his son. His hopes have not been realized in either case. Mr. Wood was a nephew of the late M. U. Payne, was in charge of his business across the river, and would have been his executor but for his falling health.—Nebraska City News. Notice of Annual Meeting. The annual meeting of the stockholders of The Livingston Loan and Building association will be held at the office of Mr. Matthew Gering, at 7:30 p. m. Monday, February 8, 1897, for the purpose of electing three directors, and such other business as may come before the meeting. Be sure and be present in person or by proxy. By order of the board of directors. HENRY R. GERING, Secy.

Dr. Seymour wishes to say to people of Plattsmouth that traveling is not his business and that it was only through the very urgent request of friends that he consented to leave his business in Omaha to come here for one day, and he would request any person wishing to see him to leave a card of introduction, otherwise he will expect the usual fee for an examination of eyes. High Grade Cows. First-class, high grade red polled fresh milk cows for sale. Enquire of Arch Holmes, one and a half miles west of Rock Bluffs. Something to Depend On. Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with la grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into hasty consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at F. G. Fricke's drug store. 5
