Mr. Palmer, who resides in the south part of the city, left his horse and buggy near the Cottage house the other evening and when he got ready to go home he was surprised to notice that some scoundrel had cut and stolen the breast strap from his horse's harness. It was a scoundrelly trick, and the man who did it ought to be serving time at the state penitentiary.

The Volunteer Army. A notice in Wednesday evening NEWS announcing the march of the Volunteer Army on the following evening, drew out quite a crowd which lined the sidewalks for several blocks, waiting for the procession to start. Soon the drum was heard, then the cornet, and from the Palmer block a motley crowd marched out, whose presence had probably not graced a church before in all their lives.

There were more than fifty converts in the line which marched to the Presbyterian church and such a rousing meeting was held there as will not be soon forgotten by the participants. The church was crowded to its utmost and with several kinds of music, preaching and singing, the audience was apparently well entertained.

Iowa Corn to Go to India. DES MOINES, Feb. 18.—An Indian relief commission is practically assured. Governor Drake and leading citizens and members of the legislature have been interested and a commission will be named soon. H. Dhanrapala, Buddhist scholar and traveler, and a member of the Worlds Parliament of Religions at the Columbian exposition, called on the Governor and legislature today and presented the matter. He represents the American Maha Bodhi society of which he is secretary, in this work. His letters just received indicate that in India the famine is immensely worse than has been supposed in America and Europe, and that the worst has not been seen yet.

He has promises of help from the railroads, which have agreed within a few days to name their best rate and have practically promised to take all grain free from this state to the Pacific coast. Governor Drake proposes to issue a proclamation calling the attention of the state to the necessity of the work, and asking people to donate what they can of their surplus grain, which is now so cheap as hardly to be worth hauling to market.

Feeding on stalks. In the northern part of Dawson county a great many horses have recently died from a disease brought on by feeding in stalk fields. Mr. Joseph Ormond, of Sumner, recently wrote Mr. A. T. Peters, investigator of animal diseases at the agricultural experiment station of the state university, and received the following reply: "From what we can learn of the disease that is raging in your locality it is caused by the animals being fed on corn stalks. The theory is that the corn stalks contain an excess of nitrate of potash, which the animals take up so abundantly that it causes these symptoms. You can find this nitrate of potash in some fields, if you will take the trouble to cut down a few stalks, and set a match to them. If you find the stalks burn as if they contained a quantity of powder, then you have proof in the stalks. From the letters that we have sent out throughout the state to feeders, it is the opinion that the animals should not be turned into stalk fields before they have received a morning ration. They claim that where they are fed in this way there is no danger of corn stalk disease."

He Sold Whiskey. H. W. Moyer a young man who was born and raised in this county, is having some trouble with the government, but will most likely escape without punishment. Henry got himself into trouble by being too accommodating. His neighbors asked him to order some Pennsylvania whiskey, each purchasing from one to five gallons, and he had the barrel shipped in his name. Last evening M. V. Burris, U. S. revenue agent, E. P. Mumford, who has charge of this district, called on Mr. Moyer and found the barrel containing about sixteen gallons, in his possession. Mr. Moyer claims that he did not receive a cents profit, but in fact was loser to a small amount.—Nebraska City News.

Fitz At Salt Lake City. SALT LAKE CITY, Utah, Feb. 18.—Bob Fitzsimmons and party arrived here at noon today. Fitzsimmons eluded the crowd assembled at the depot and drove up town alone while the mob spent their enthusiasm cheering for the trainer, Dan Hickey, who they mistook for Fitzsimmons. In an interview this afternoon Fitzsimmons said he was feeling well and was very confident that he would whip Corbett in ten rounds. He didn't want to do any boasting now, but would reserve that until after March 17, when he would have reason to talk. He said he was champion of the world now and would demonstrate that he was a better man than Corbett.

Fitzsimmons was not aware that Julian had selected Cook's ranch, three miles from Carson, for his training quarters until shown the United Associated presses dispatch from Carson. He expressed himself as highly pleased with the selection, particularly because the roads in that neighborhood are good enough to ride a bicycle on and he is fond of bicycling. He appeared in the Grand opera house tonight in a sparring exhibition with Dan Hickey and in a wrestling match with Ernest Roeber and also punched the bag for a few minutes. The party stopped at the Templeton hotel and will leave at noon tomorrow for Carson, where they will arrive on Saturday and Fitzsimmons will at once go into training.

\$100 Reward \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, etc.
