EAGLE AGAIN VISITED BY BURGLARS.

The Village of Eagle Visited by Night Marauders.

Merchandise Store of Beach & Venner Burglarized and Goods to a Considerable Amount Taken—No Clue to the Thieves As Yet Obtained—Other News Notes Around Town.

EAGLE, Neb., March 11.—[Special to THE NEWS.]—The village of Eagle feels lonesome if it does not have an up-to-date safe-blowing or burglarizing act every other week. Early this morning burglars affected an entrance to the general store of Beach & Venner by removing the glass from one of their front show-windows and made away with about \$50 worth of pants, men's shoes and gloves. There is but slight clue to the perpetrators, although officers have been put to work upon the case.

Sunday morning about 9 o'clock the two story building on upper Main street occupied by Dr. McCandless is an office was discovered in flames. The fire department soon had two lines of hose stretched and steady streams of water at work on the flames. Although many predicted the building was doomed, it required but a short time to get the fire under control.

As this was the first opportunity for the fire department to show its mettle, the citizens are highly pleased by the work.

The Audience Was Well Pleased. A large and appreciative audience was present last evening to listen to Mrs. Keyser's lecture, "Christ Child on Art," and enjoy the stereopticon views.

The exercises were opened by an organ solo by Miss Kessler, played with her usual delicacy and precision of touch. Then followed a trio, "When the Tide Comes In," beautifully rendered. The last number on the musical program was an exquisite lullaby solo, sung by Miss Street in her usual faultless style.

Mrs. Keyser's "Art Talk" was thoroughly enjoyed and the beautiful copies of the old and new masters, brought out by the stereoscope, was a revelation of high art that we do not often have the privilege of enjoying. The art department of the woman's club deserve great credit in securing Mrs. Keyser.

PERRINE IS GIVEN HIS LIBERTY.

Innocent Man Does Six Months' Time in the Penitentiary.

Wednesday afternoon Governor Holcomb commuted the sentence of young Hale Perrine and he was released from the penitentiary. This is the young man spoken of in THE NEWS a few days ago when Attorney H. Koster of Niobrara was in the city in the young man's interest.

Perrine was sentenced by Judge Ramsey last August for helping a man named Sullivan rob a store at Louisville. He is a young man of good family and was the victim of bad companions. Perrine has always protested his innocence and the governor was induced to exercise his clemency by reason, chiefly, of a long affidavit made by Sullivan in which he swears Perrine was entirely innocent and that he simply used him as a tool after the robbery had been committed. The mother of the unfortunate young man is lying dangerously ill at her home at Niobrara and his own health has been seriously impaired.

An Unfortunate Accident.

The injury which little Pauline, daughter of Mr. and Mrs. M. N. Griffith of Omaha, sustained to one of her eyes a few weeks ago, was thought to be recovering, much to the relief of her parents and friends, but word was received by relatives in Plattsmouth today stating that it was found necessary to remove the injured eye as it was not healing properly, and that the operation was successfully performed Wednesday afternoon.

The teachers' meeting in the county superintendent's office tomorrow afternoon promises to be an interesting

one. Superintendent Hisey, of Council Bluffs is to be present to take charge of the meeting. He makes use of the phonograph in illustrating his methods of teaching, and will take up the subject of Arithmetic at this time. Time for meeting, 1:30. All interested in this work are cordially invited.

M. O'Donohoe, a resident of this city for twenty-six years—a practicing attorney and a conservative republican, is mentioned for the office of police judge. Brother Archer has heretofore been ineligible, but if the nomination were given to Mr. O'Donohoe he certainly could be elected. His name will come before the city convention, and we have heard that many democrats would support him.

The Volunteer Army folks did a rushing business at their supper last night. The room in the Waterman block was crowded for hours, and although the rate charged for supper was only 15 cents yet over \$47 was received. The supper is said to have been quite an elaborate affair and reflects much credit on the Volunteers and their friends. The Volunteers now have a membership here of 105 and the work goes on every evening.

PAPA HAD A PLAN.

And It Kept Willy From Calling on Miss Maud so Much.

It is stated that a few loving parents out in east Lincoln or other portions of the city are going to adopt the scheme devised by a Detroit, Mich., father. The Free Press tells the plan as follows:

The object of his affections lives way out in the suburbs, but true love laughs at distance as it does to a good many other impediments. He was out there every evening, most of the afternoons, and not less than half of the forenoons. Her father is very justly classed among the stern parents, as they are viewed from the standpoint of youth, and preemptorily called a halt.

"See, here," he began after cornering the youth in the library. "This continuous performance business must stop. A young man like you should have something useful on hand and be laying the foundation for a successful career, but in any event you can't live here while you're only sleeping and eating at home. I won't have it, sir. My wife and daughter may be willing to adopt you, but I'm not. This thing of coming oftener than the mail wagon or the milk man or the grocer's wagon is played out."

"But I'm sincere and in earnest—" "Thunder and lightning, boy, don't see you are in earnest? That's the trouble. You're coming or going about all the time. I would be doing my plain duty to stop the whole business short off, but I've arbitrated with the women folks, and here's the plan: I'll give you twelve of these tickets. Each one is good for a single admission to this house. The dozen must do for a month, no matter if you use them all the first week. A ticket has to be laid on my desk every time you call, and if there's any flimflamming, counterfeiting of tickets or any other attempt to beat the court the whole contract will be thereby canceled, and you couldn't get in here with a jimmy."

The courtship, thus regulated, goes merrily on.

Prof. J. L. Miller, the psychic hypnotist, medium and clairvoyant, will deliver a lecture on spiritualism at G. A. R. hall Monday evening, March 15. Prof. Miller will give some wonderful psychic tests at the close of the lecture, mental character reading—giving a complete delineation of the natural adaptabilities of persons chosen from the audience. He does this without touching the subject, will also do the same of a photograph in a sealed envelope by simply holding it in his hand; read the history of a watch, ring, etc., sent up to him from the audience. Prof. Miller comes well recommended by both press and public as a psychic. He is acknowledged to be one of the leading clairvoyants of the present age. Admission, 10 cents.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

O'BRIEN MAKES A STATEMENT.

Claims "The News" Criticisms Were Not Well Founded.

To the Editor of THE NEWS: SOUTH BEND, Neb., March 12.—In a recent issue of your paper I notice an article commenting on my actions in sending some ponds at La Platte, wherein you make some statements which are an injustice to me and have no foundation in fact. The report I made you detailed the operations of this branch of the public service for the year 1896 only. I made one trip to La Platte during June, 1896, to see the overflow ponds in the vicinity of La Platte at the request of a citizen of that locality and I desire to say that who ever said I put a stone in the slough where the Plattsmouth people are in the practice of fishing tells a malicious falsehood. I do not ask you to take my word in this matter but will refer to Levi Kimball, William Hogeboom or Mr. Hood, the B. & M. agent at La Platte. The two former gentlemen accompanied me while I was sending, and know that I not only did not seine in the slough you have referred to but that I did no seining within a mile of it. I also reported that I had secured 2,000 fish and you make the number, either purposely or erroneously, 5,000 fish. (The latter was a typographical error.—Ed.)

In your statements you would also have the public believe there is no shallow ponds in the vicinity of La Platte, when, as a matter of fact, it is well known to every citizen of that town or even school boy that thousands of fish perish every summer in the shallow ponds about one mile below the main slough. The only reason this condition of things did not happen the past summer was because the water was up but a short time. I know it has been claimed that the crew in charge of the car some years ago seined the main slough, but I was not in charge of the work at the time and should not be called to account for the actions of other persons during the year 1896. I have not made a practice of despoiling the fishing resorts of one part of the state for the benefit of another, and if you will investigate the matter you will find that your charge, as far as I am concerned, is groundless and an injustice to me. Yours truly, W. J. O'BRIEN.
