Thirty years is a long time to fight so painful a trouble as piles, but Jacob Mitchell, of Unionville, Pa., struggled that long before he tried DeWitt's Witch Hazel Salve, which quickly and permanently cured him. It is equally effective in eczema and all skin affections. F. G. Fricke & Co.

H. J. Streight, of the firm of Streight & Sattler, has earned quite a reputation as an embalmer. The body of Mrs. Crawford shipped to town, was found in as perfect a condition several days after her death as it was the day the spirit left its tenement of clay. Mr. Streight has spent much time studying the latest methods of embalming, and fully earns the success achieved.

A Stormy Night.
Last night was the stormiest of the year in this vicinity—the wind and hail fairly vied with each other to see which could do the greater damage. At Union the wind did considerable damage. It turned over out-buildings and blew down Wm. Elkensbury's windmill tower.

Here in Plattsmouth the hail was worse than the wind. Several window lights were broken, and L. A. Moore is reported to have suffered a severe loss at his green-house—166 glass having been broken. The rain fell in torrents for a while and in places washed the roads badly. Apricot and early fruit trees were almost stripped of their buds.

An Electrical Freak.
While the storm was raging last night a large crowd was assembled in at Billy Neville's when a ball of fire, appearing about the size of a man's fist, came into the room over the electric light wire. And just before it reached the arc light it suddenly exploded with a loud report that frightened every man in the room out of his wits. No damage was done and the lamp was not put out. It was certainly a strange freak of the lightning, and those that saw it say they don't care to see any more electrical phenomena of that sort at such short range.

If you want to sell your property list it with T. H. Pollock.

A Fine Musical Entertainment.
The musical entertainment for the benefit of St. John's church was a success in every particular with the exception of the weather, though in spite of the forbidding element, a large and fashionable audience listened to the program with great pleasure.

The opening number, "King's Hussars," a piano duet, performed by Miss Cagney and Miss Clark, was well-rendered. Miss Maury's recitation called forth a vigorous encore, which was responded to most gracefully. Little Nellie McVey is a sweet little girl, and her song was very sweetly sung.

The singing by the male quartette from Omaha was a prominent feature of the evening's entertainment and was much enjoyed.

One of the very best solos was Miss Clark's "Night Time." It was beautifully sung, and called forth a well-merited encore. Miss Kay's recitation was somewhat marred by the patter of the hail on the roof, but was undoubtedly good, as was the tenor solo, "Mine Always," by V. Brennan of Omaha.

An informal dance followed the program and contributed largely to the pleasure of the evening.

Of Interest to Plattsmouth.
Judge M. L. Hayward this afternoon received a telegram from D. A. Campbell, clerk of the supreme court, that the case of Morton vs. Carlin had been reversed. This is the case against the county commissioners of this county to prevent them from making a levy to pay the Missouri Pacific bonds voted some years ago, when the road was built through this city. Judge Chapman decided that the bonds were good and should be paid, and this decision reverses his decision and is a verdict for the taxpayers of this precinct.—Nebraska City News.

Rough on Nebraska City.
A son of J. Sterling Morton has presented Nebraska City with a library, and now the editor of the Press will find his nose out of joint. Heretofore when able citizens got into a discussion over any matter of history, political economy, science or the what, they would always turn to Pete Brown, and whatever his decision was they knew was wrong, and the right was, therefore, easily ascertainable. It must have cost Mr. Morton a considerable sum of cash to have all the English classics translated and printed in the Missouri language, but he is one of those young men who spare no expense when they know that they can bring joy to the bosom of fellow-citizens.

To the Public.
All persons, renters and owners of property, are hereby requested to remove all filth and refuse matter from their lots, also alley and street adjacent thereto, before May 1, 1897, after which date a rigid inspection of all property will be enforced and all parties who have not complied with this order will be prosecuted for violation of the city health ordinance. All refuse matter must be hauled to the river dump grounds. On and after May 1 the slaughtering of any animals within the corporate limits of the city will not be permitted—ordinances No. 27 and 54 provide, upon conviction, a penalty of \$5 to \$100, for each violation of the ordinances.

The board of health respectfully asks the co-operation of all citizens in keeping their premises clean, thus preventing the origin and spread of disease.

JNO. A. GUTSCHIE, Chairman,
E. D. CUMMINS, M. D., Sec'y.,
Board of Health.

A Painful Accident.
Wednesday afternoon while out working on bridge repairs near town, Mr. Sheely allowed a heavy oak timber, through which a sharp pointed spike was protruding, to fall on his right foot. The ugly spike struck a little back of the great toe and was forced through the foot, producing a most painful wound, and one that is often considered dangerous. He came to town and had Dr. Humphrey dress the wound, and is getting along nicely.

Electric Bitters.
Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often abated long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. 50c and \$1 per bottle at F. G. Fricke's drug store.

THINK THE WORST YET TO COME.

New Orleans Fighting the Floods Against a Strong Handicap.

NEW ORLEANS, April 22.—At midnight the city gauge showed 19.3 feet above low water, and at the present rate of rise the early prediction of twenty feet will probably be realized. The crest of the flood wave is now supposed to be below Vicksburg, and with a clear track unobscured by crevasses, will reach here in three or four days. Even with good weather the strain will be terrific, and a study of the weather chart shows that rain is almost certain to come. Escape with a solid front below the present Louisiana breaks will be a miracle, even aided by the magnificent work of the levee defenders, who are still fighting as fiercely as if the battle had not been on night and day for a month.

Yesterday's fight was much fiercer than ever before. In St. Bernard, just below the city, two levees were on the verge of tumbling in. The whole section was argued and every man responded. They are still working and a crevasse has been avoided by building practically new levees.

At Pike's Peak levee in St. James, across the river, the parish was not only aroused, but the Texas & Pacific carried a lot of men and material, and twenty-four hours' work avoided a catastrophe, for forty feet of the levee had sloughed off. A crevasse there would have done twice as much damage as the Mississippi breaks. On Bonne Terre, on this side of the river, an army has been at work a week. A crevasse there would remove all possible danger to New Orleans. The citizens have largely augmented the levee board's force in New Orleans and 1,000 men are at work. Today there was a conference between the citizens and officers and it is proposed to guarantee enough money to raise the long cordons of banks around the city. Mayor Flower has ordered not to spare houses or streets in securing earth or room wherever extra work is needed to insure safety. So far only one house has been torn down, but the work has only begun.

Will Organize a Bicycle Club.
An effort is being put forth to organize an up-to-date bicycle club in this city for the purpose of putting the one-third mile track at the fair grounds in shape, and making regular evening and Sunday runs. This will, no doubt, prove of benefit to all concerned. A meeting will be held one evening next week with the object of completing the organization.

DID

It ever occur to you, gentle reader, that when those harbingers of spring—the twittering robin and the cackling hen—are heard in the land it is to remind

YOU
of the approach of spring—that delightful season of the year when your wife ties her hair up in a "coil," tumbles the furniture out in the yard, tears up the carpets and tells you to

SEE
a paper hanger, forthwith, and send him down to Snyder's Drug store for samples from that elegant stock of Wall Paper? This year she will insist that

M'KINLEY
is President and prosperity is about to dawn, the premises must be slicked up in honor of the dawn. Preliminary to the improvements to be

INAUGURATED
she will again remind you of the extensive and varied stock of modern-design Wall Papers she has seen at

SNYDER'S
and you will go there and buy and be happy ever afterwards.
