The German Lutherans expect to advertise for bids on the new church which they intend to build sometime in the near future. The church will occupy the site of the old Herald office, and will be 30x40 feet. The location is a nice one, and will add to the appearance of that part of the city.

Death of Maud Dearing.
The entire community was saddened today at hearing of the death of the bright and promising little daughter of Mr. and Mrs. W. H. Dearing which occurred near Sioux City at 9 o'clock this morning, where they had gone to consult a specialist. Her disease, diabetes, refused to submit to the best medical skill, and the sweet-faced, lovable child has gone to the better world. The interment will, no doubt, be made in this city, but the time can not be given today.

Tonight's Bill.
The Madison Square Comedy company will this evening present to our theatre-goers the sensational melodrama, "Mr. Rolston of Arizona." The company have already demonstrated the fact that they are the cleverest people engaged in the repertoire business anywhere about this section of the country, and will, no doubt, hold up their fine reputation in this place. On account of the immense crowd of last evening, Mr. White will provide over a hundred extra seats tonight, and every effort will be made to seat all. It would be better, however, for those who intend coming to purchase their seats in advance at Lehnhoff's, where a fine reserved seat may be had for 10 cents.

Again Crowded.
White's hall was last night packed to the doors with an enthusiastic audience. The piece put on by the Madison Square Comedy company, "Kathleen Mavourneen," and we may say we have never seen a better performance given by a repertoire company.

Miss DeVoss, as "Kathleen," captivated the audience and was thoroughly charming in the character. Miss Moore was equally clever in the part of "Terence O'Moore." He was particularly strong at the close of the third act and received round after round of applause for his fine work. Mr. Nelson as "Black Rod," gave us a very fine piece of character acting and the balance of the cast sustained their already good reputation. This evening the company will present the sensational melodrama "Mr. Rolston of Arizona."

Thompson Case Reversed.
The brakeman, Thompson, killed by the M. P. freight at Union while making a coupling, was known to several people here. His widow brought suit for damages, for herself and children, and the case was tried before Sam Chapman, who, in a high-handed manner, refused to allow it to go to the jury and entered an order of dismissal. An appeal was taken to the supreme court, which reverses the action of Judge Chapman and sends the case back here for trial.

Turners at St. Louis.

WILL TALK TO NEW YORK.

Telephone Connection Between Omaha and the Eastern Cities.
Telephonic connection between Omaha and New York City and Boston will be completed on August 1, says the Omaha Bee. This announcement was made by President C. E. Yost of the Nebraska Telephone company. The long distance line stretching half way across the continent from the gateway of the new world to the metropolis of the trans-Mississippi country, has been in operation between Chicago and the eastern cities for several years. It has been gradually extended westward, the intention being to make Omaha the western terminus for the present, at least. The line is now completed to a point about twenty miles this side of Davenport, Ia., and it is coming this way as rapidly as experienced workmen can set the poles and hang the wires.

President Yost says that it will be ready for business on August 1, and that the man who desires to transact business in New York can do so through the telephone as easily and as conveniently as he can talk to his friend in Lincoln or Hastings. Still, it is not probable that the line will be used very frequently by men who desire to call up New York just for the fun of the thing. The charges will be somewhat steep, amounting to about \$14 for a five-minute conversation. But even with the apparently high rates it is believed that the line will be used frequently by business men. The line from Chicago to New York is almost overburdened with business, although the charges are \$9 for a five-minute conversation.

One of the extensions will commence at Palmyra, in Otoe county, and will take in the towns of Douglas, Sterling, Smartville and Tecumseh. Another new line will commence at Elk Creek and run to Table Rock. From the latter point two branches will be built, one running to Pawnee City and the other to the towns of Humbolt, Dawson, Salem and Falls City. The towns of Pawnee City and Falls City will be the most important ones on this line.

Coughs Relieved at Once.
And every bit of relief is a part of a cure that will stay a cure. Use Ballard's Horehound Syrup and note how quickly you are cured and how well you feel afterward. Specific also for whooping cough and croup. John Coffin, Kirwin, Kans., says: "When I began to use Ballard's Horehound Syrup for consumption the doctor had said that I would die in a few days. Am now up and around. Have no more pain in chest or lungs." Price 25 and 50 Cts. No benefit, no pay. Sold by F. G. Fricke & Co.

The Episcopal Entertainment.
A splendid entertainment will be given at White's opera house on the evening of May 10 to secure funds for roofing the Episcopal church. Frank Lea Short and Miss Belle Kimball of Omaha, assisted by the best of our local talent, will present one of the best comedies extant. Cast of characters and extended mention will be made. You may expect the best entertainment of the year and not be disappointed.

When the spring time comes, "gentle Annie," like all other sensible persons, will cleanse the liver and renovate the system with DeWitt's Little Early Risers, famous little pills for the stomach all the year round. F. G. Fricke & Co.
