August Gorder weighed a ton when he walked down town this morning and he wore a smile that was worth

going miles to see. The reason was all because a new boy had arrived at his house this morning. Papa Gorder was so elated that he has been unable to work today, and a committee may have to sit up with him tonight.
Mrs. D. B. Smith and daughter went to Havelock this morning to see George, whose eye, we are glad to note, is not injured so seriously as was mentioned in yesterday's paper. Literary Notes.

The interiors of one thousand of the most attractive homes in the United States have been photographed by the Ladies' Home Journal. One hundred of the best of these pictures will be reproduced in that magazine. The first article of the series—"Inside of a Hundred Homes"—will appear in the October Journal. Bed-chambers, reception and dining rooms, bathrooms, halls and apartments of every kind will be pictured just as they are in daily use. Each picture contains dozens of suggestions. Every woman is interested in taking a peep into the most attractive homes in the land, to see how they are furnished and arranged. She wants to get practical hints and new ideas for furnishing her own. The houses photographed by the Journal are those occupied by persons of moderate income. Their interior arrangements shows what what little taste can accomplish with a little money and the touch of a woman's deft fingers. Homes in every state in the union—from Maine to California—were photographed for the Journal's unique and useful series.

An Interesting Baby.
B. H. Chambers and wife of Beaver City are here with their three-year-old baby, who has attracted attention wherever she has been. She weighs 127 pounds, or three pounds more than her mother. She measures nearly three feet around the upper part of her lower limbs, and her arms are proportionately large. She enjoys good health and eats less than many ordinary children of her age. She talks quite plain, but on account of her great weight is unable to walk alone. They will have a tent at the fair grounds, where a small admission fee is charged to see the wonderful Nebraska baby.

A Jolly Crowd.
A carryall composed of young ladies spent Sunday picnicking near Hesser's grove. All report a delightful time. Those who helped to make up the jolly crowd were Misses Ida Busche, Celia Speck, Fannie Niece, Maggie Carstens, Cora Frye, Frances Slavicek, Tillie Ohm, Marie Swoboda, Manie Koehake and Edna Pitz.

Special Notice.

He Was Film-Flamed.
John Benfer, who clerks at Asher Clark's, knows more than he did, and it only cost him \$4 to learn it. A seedy-looking stranger entered the store last evening a few minutes before closing time and after making a small purchase tendered a \$5 bill in payment. Benfer made the change for him, and after the man had gone he took another look at the bill, which proved to be a one instead of a five. The sneak was an expert, and had changed bills on the clerk, thus working the old film-flam game that is one of the easiest tricks in the world to work on a man that is not suspicious. Benfer notified the police at once, but they were unable to locate the fellow, who had a partner, and the chances are that they got out of town on a freight.

Old Favorites Return.
Several new members of the American Theatre company arrived this morning from the east to join that organization, which will give its first performance on Thursday evening, September 16.
The company is now rehearsing their opening bill, "Shadowed," and the management report that they are much pleased with people engaged, and promise our theatre-goers a rare treat during their three nights engagement.

Several members of the organization are well-known here from former visits, and have a host of friends in Plattsmouth who will turn out to give them a hearty reception on Thursday night.
Work of Chicken Thieves.
The Fourth ward seems to be infested with the most despicable characters in the shape of chicken thieves. A few weeks ago Edwin Bates lost nearly all his chickens and last night a man named Olson, living on Wintersteen hill, was visited by the pilfering snake and several of his chickens taken. The raid was made about 3 o'clock this morning and the two men were seen quite plainly as they were crossing the fence. A handy shotgun with a dose of good buckshot is the best remedy.

Tonight's Entertainment.
Tonight marks the opening of the theatrical season in Plattsmouth, the curtain to be first raised on a local production of "David Garrick" and "Lend Me Five Shillings," two of the most laughable high-class comedies ever written.
The cast has been so well written that there can be no doubt of the artistic, as well as the financial, success of the entertainment.

To the ladies of St. Luke's Episcopal church and to Mr. Nelson the indefatigable director of the production, will belong the credit of having first introduced to Plattsmouth audiences these classic English comedies, which have seldom or never been heretofore attempted outside of the metropolis. The entertainment is deserving of the liberal patronage of all lovers of pure, wholesome amusement.

AVOCA ITEMS.
A. Zimmerman while in town Monday of this week lost a valuable horse from acute colic.
Nearly two inches of rain fell here last Friday evening.
Sheriff Holloway was in town Monday of this week.

Mrs. Countryman, from Iowa, is visiting with her sister, Miss Phillips, south of town.
O. I. Axtell spent Sunday and Monday of this week in Lincoln.
Rev. Sage preaches here every Sunday from now on, in consequence of which the Christian church denomination will hold services at the town hall every alternate Sunday until their new building is completed.

Dr. Murray's Lecture.
Dr. Murray, the eloquent and scholarly divine, owing to the rain storm, did not deliver his lecture Friday evening, but will do so Monday evening next at the M. E. church. Dr. Murray will be remembered as the gentleman who delivered the High School commencement address here last June. The subject is "Abraham Lincoln," and, as no admission fee will be charged, the church will be filled to standing room.

The Fair This Week.
The Cass county fair, which begins today, seems destined to have favorable weather and ought to be a booming success. Horses with records as low as 2:04, the fastest ever seen on the track here, have been entered, and the promise of a good stock exhibit and good horticultural show is such that we believe the fair will be well worth attending. Today will be given over entirely to making entries and placing things in shape.

State Reunion G. A. R.
For the G. A. R. state reunion at Lincoln the Burlington route has made a rate of one fare for the round trip to Lincoln from all stations in Nebraska. Tickets will be on sale Sept. 13 and 18, and will be good to return until Sept. 20.

The Omaha Festivities.
Nearly one hundred people went to Omaha last evening and most of them paid obedience to the shrine of Ar-Sar-Ben. Those who looked on are laughing yet over the fun they had, and all declare the knights are great people, and the initiation as being oriental in its magnificence.

WE ARE NOW READY FOR FALL TRADE!

We went to New York on the Great Buyers' Excursion. The Greatest dry goods market in the world has furnished us with the greatest bargains in dry goods we have ever seen.

Our purchases for the coming season's trade have all been made, and the goods are here holding up beckoning hands, inviting your picking and choosing.

Such a gathering of dry goods and all that goes with dry goods was never seen in this town before.

The new customs tariff is advancing prices nearly all along the line, and we were lucky to make our purchases just in time.

The Low Prices will remain while the goods last. But the next few days will make big breaks in the assortments and it is a wise woman who comes early.

Remnants, Mill Ends, Remnants! Underwear Department...

A Lesson in Economy...

"Never Look a Gift Horse in the Mouth." The wise man who first said that took what he got for nothing and kept still. We invite criticism on the gifts that we offer.
