A team belonging to one of the Hennings boys, ran away on Main street the other evening and as they were making the sparks fly from the stove pavement at a 2:10 gait, John Uruha's hired man rushed out and at the peril of his life made a catch that did him proud. **A Generous Donation.**  
We are pleased to note the generous donations of flower plants and bulbs received in early spring from W. J. Hesser's famous green houses. Through the exceeding kindness of our old friend, whose merited prominence and distinction—for the most extensive green houses and finest collection and rarest variety of palms in all the west, has leaped over the boundary of his own state lines and placed him in honored competition with our whole great country. This kindly gentleman made it possible for Robert Resher, who was a member of the Mother's Jewels' Home for over six years, and now a faithful employee of Mr. Hesser, to make this magnificent donation. Robert took his vacation so as to spend the Fourth of July with us and again brought us a fine collection of rare palms. He used to say, while a small boy in the Home, "I hope I will be able some day to help the Home, if I am able I will." Robert has made his words good and has brought to this—to him "Dear old home"—the first fruits of his offerings.—Quarterly Greetings.  
**A Lively Camp.**  
The lieutenant governor of Illinois is the national head consul of the Modern Woodmen. The headquarters of the order for years have been at Fulton, Ill., where we have been informed a building was given to the order. Rock Island offered tempting inducements to have headquarters transferred to that town which were finally accepted. This enraged the Fulonites who grew desperate and when the officers of the M. W. A. went to remove the records, a mob was raised and the governor had to issue an order calling on the militia before any semblance of order was restored.  
**Santanelli.**  
Interest in the wonderful hypnotic power of Santanelli, who is holding forth at White's opera house in a week's engagement, continues unabated. Tonight he will have an entire change of program and the house will again be filled with interested people. The marvelous power of the man is shown by hypnotizing boys in front of a audience who follow every suggestion he sees fit to make. Tonight and Saturday night will close Santanelli's engagement, and Beatrice will enjoy his presence next week.  
**Instantly Killed.**  
The many friends of the Knott's boys who used to reside here, will be sorry to learn of the sudden death of Gordon, the printer, next in age to Joe, the youngest of the family, which occurred in Iowa one day last week. Full details of the occurrence have not been obtained, and it is only known that in some way he was kicked by a horse, and that he died instantly as a result of the injuries sustained.  
**Frauenverein Social.**  
The Frauenverein social at the pleasant home of Mr. and Mrs. Henry Zuckewitter last evening was well attended and an enjoyable time is reported. The ladies proved hospitable entertainers, fully sustaining their reputation previously earned. The refreshments were nice and a neat sum was realized for the benefit of the church.

**The Largest Poultry Farm.**  
Farm Poultry says that Isaac Wilbur of Little Compton, R. I., has the largest poultry farm in the world. He ships from 130,000 to 150,000 dozen of eggs a year. He keeps his fowls on the colony plan, housing about 40 in a house 8 by 10 or 8 by 12 feet in size, these houses being about 150 feet apart, set out in long rows over the gently sloping fields. He has 100 of these houses, scattered over the three or four fields. The food is loaded into a low wagon, which is driven about to each house in turn, the attendant feeding as he goes. At the afternoon feeding the eggs are collected. The fowls are fed twice a day. The morning food is a mash of cooked vegetables and mixed meals. This mash is made up the afternoon of the day before. The afternoon feed is whole corn the year round.  
**New York Chess Women.**  
The Women's Chess club of New York is regarded with much interest, as it is the first incorporated chess club started for women in this country. The incorporators are Miss Eliza Campbell Foot, Miss Jean L. Nesbit, Miss Emily Somers Haines, Mrs. Winthrop Parizer and Miss Sophie Lowyer. The chess season begins the first Tuesday in November and ends the last Tuesday in April, 24 meetings being held during the season. Altogether the idea of a woman's chess club has proved most successful. The membership is not large, as comparatively few women play the game, but the club is growing.—New York Sun.  
**In the library of Lambeth palace there is the shell of a tortoise which was brought there in 1628 and which lived until 1730. Another, in Fulham palace, procured by Bishop Laud in 1628, died in 1738, and one at Peterborough lived 230 years.**  
**Pearl Steam Laundry.**  
B. F. Goodman has his new laundry fully equipped with latest devices, now in running order, and asks a share of your patronage. His work is his best advertisement, and if you try the new laundry there will be no longer any excuse for sending goods away. Nothing too good for our patrons is our motto. Work called for and delivered.  
It is not what a manufacturer says about his own medicine that cures a patient, but what the medicine does. Ballard's Horehound Syrup does the work and does it well. It cures coughs and colds in a day. It's healing, soothing and quieting. 25 & 50c.  
**Cheap Rates to Kansas City.**  
The M. P. Ry. will sell tickets at one fare for the round trip to Kansas City on account of carnival and Priests of Pallas parade, October 3 to 9 inclusive, good to return till October 10. For further particulars enquire of C. F. Stoutenborough, agent.
