Talk About Diamonds

Their brilliant glitter scarce out-rides the polish you can put on a Mu-zloff shoe. Good leather, well-tanned leather, that's the reason. It does more than shine—it wears. It fits. It "feels good" whether you walk across the street or across the continent. It's a shiner, a stayer, a soother. Costs money? Of course—not as much as you'd think, though. Put one on and give its tongue a chance to talk. You'll do the talking after you've worn a pair and we'll sell a lot more.

The Filling of Prescriptions..

Is the most important work of a good
drug store. The very lives of a com-
munity depend upon the care and in-
tegrity of the man who fills its pre-
scriptions. We use only the very best
and freshest drugs, and exercise most
painstaking care to prevent the possi-
bility of error.

A PLEASANT SURPRISE.

AN ENJOYABLE PARTY IS HELD IN
HONOR OF MISS CELIA SPECK.

Mr. and Mrs. V. V. Leonard Entertain a
Gathering of Their Friends—Lady
Falls in a Well.

The home of Mr. and Mrs. John
Lutz, near the power house, was the
scene last evening of a most enjoyable
surprise party, in honor of Miss Celia
Speck. About 8 o'clock the crowd
gathered at the home of Mr. and Mrs.
Chris Koehnke, and from there they
journeyed in a body to the Lutz resi-
dence. Miss Speck was taken quite
completely by surprise when the un-
expected guests put in an appearance,
but she cordially welcomed her
friends and made the best of the situ-
ation—proving herself to be a pleas-
ing entertainer. The evening was
spent in various social amusements,
which made the time seem to pass
only too fast. A bounteous supper
was also placed before the happy
guests and partaken of with relish.

The party was composed of about
sixteen young people, all of whom ex-
pressed themselves as having had a
most enjoyable social time. It was
quite late when the happy gathering
dispersed.

Elegantly Entertained.

Mr. and Mrs. V. V. Leonard entertain-
ed a large party of their friends at
their pleasant home on Sixth street
last evening. Mrs. Leonard was as-
sisted by her daughters and Miss
Rosa Wintersten. The guests were
most hospitably entertained and en-
joyed the elaborate luncheon which
was served about 10 o'clock.

Fell in a Well.

The wife of Chas. Truman, who
lives in the south part of town, is re-
ported to have fallen in a well this af-
ternoon and sustained serious injuries.
We were unable to learn the particu-
lars.

A Grist Mill Burned.

WEeping Water, Neb., Jan. 27.—
The three-story stone grist mill was
discovered to be on fire at 7 o'clock
this evening, and in an hour and a
half was entirely consumed. The fire
started in the basement and the origin
is not known. The mill had just been
remodeled at a cost of about \$3,500,
and was just getting in working or-
der. An application for insurance was
sent in last Wednesday, but the policy
has not yet been received.

The Greatest Discovery Yet.

W. M. Repine, editor Tiskitwa, Ill.,
"Chief," says: "We won't keep house
without Dr. King's New Discovery for
consumption, cough and colds. Ex-
perimented with many others, but
never got the true remedy until we
used Dr. King's New Discovery. No
other remedy can take its place in
our home, as in it we have a certain
and sure cure for coughs, colds,
Whooping cough, etc." It is idle to
experiment with other remedies,
even if they are urged on you as just
as good as Dr. King's New Discovery.
They are not so good, because this
remedy has a record of cures and be-
sides is guaranteed. It never fails to
satisfy. Trial bottles free at F. G.
Fricke's drug store.

A Clever Trick.

It certainly looks like it, but there
is really no trick about it. Anybody
can try it who has Lame Back and
Weak Kidneys, Malaria or nervous
troubles. We mean he can cure him-
self right away by taking Electric
Bitters. This medicine tones up the
whole system, acts as a stimulant to
the Liver and Kidneys, is a blood
purifier and nerve tonic. It cures
constipation, headache, fainting
spell, sleeplessness and melancholy.
It is purely vegetable, a mild laxative
and restores the system to its natural
vigor. Try Electric Bitters and be
convinced that they are a miracle
worker. Every bottle guaranteed.
Only 50c a bottle at F. G. Fricke &
Co's drug store.

Hardin Struck It Rich.

J. D. Hardin, well known in this
city where he has visited D. S. Guild,
has struck it rich in the Black Hills.
A paper there says:

"J. D. Hardin is destined to be one
of the multi-millionaires of the Black
Hills. He is now interested in seven
large mining companies, operating in
the Two-Bit district. The names of the
companies are: The Great North-
ern, Great Eastern, Chicago and
Two-Bit, the Hardin, Hardin Stand-
ard, the George Hearst and the Con-
solidated Hardin Mines, limited. All
of these large companies have forces
of men engaged in an exciting race
for the vein of ore. Last week Mr.
Hardin made a trip to the Hay Creek
coal fields in Wyoming, which are
situated about seventy-five miles
northwest of Deadwood. He was ac-
companied by a coal expert from Chi-
cago and his purpose could have been
nothing else than to examine this
great coal district looking to a future
supply of coal and coke for fuel. This
coal district could be easily reached
by the Northwestern road from Belle
Fourche. Indications are that the
great estate recently purchased by
the Hardin companies north of
Deadwood will be utilized for
smelters and reduction works for
the companies by Mr. Hardin.

She Marries a Piegan Indian.

GREAT FALLS, Mont., Jan.—Mrs.
Minnie Cushman, a white woman and
teacher in the Fort Shaw schools,
was clandestinely married to Garrott
White, a full-blood Piegan Indian, at
Dupuyer yesterday. The bride is a
daughter of C. C. Bateman, chaplain
of the United States army at Fort
Belknap, and formerly at Fort As-
saboine. She is a handsome brunette.

Two weeks ago the couple applied
for a marriage license here, but White
being a ward of the government, it
was refused. They then proceeded
to the Blackfoot agency, where
Major Fuller declined their marriage.
Today they drove to a ranch near
Dupuyer, where they were met by a
notary, and it is alleged that he under
a misrepresentation, secured them a
license. The ceremony was per-
formed by a justice of the peace.

Mrs. Cushman, by a former mar-
riage, has a daughter nine years of
age. She has deserted her post and
with her husband gone east on a
wedding tour.

An Empty Bluff.

Slippery Sam Chapman, while on
the bench as judge of the district
court, in an effort to help a man get
judgment against an insurance com-
pany, informed C. S. Polk, the attor-
ney for the insurance company, that
the court would convene on the fol-
lowing day to hand down some op-
inions, but that no hearings or trials
would be had. Mr. Polk foolishly
took the judge at his word and was
absent from the court room a few mi-
nutes. While away Chapman called up
the insurance case, overruled a motion
that had never been presented and
rendered judgment against the in-
surance company and immediately ad-
journing court for the term. It was a
great deal of just such contemptible
work as this that relieved Mr. Chap-
man of his position.

The insurance company has now
sued their attorney for damages in
the federal court. They have no cause
of action, and the matter is nothing
more than an empty bluff as later
proceedings will prove.

ARE RAISING A BIG HOWL.

KANSAS PAPERS KICKING BECAUSE
OF AN ADVANTAGE IN DISTANCE.

Claim Kansas City Enjoys the Advantage
Over Omaha of 200 Miles Distance
From the Gulf Port.

Kansas City papers are raising a
great howl against the action of the
Pittsburg & Gulf railroad and its
western connections in granting the
same rates to Missouri river points
on freight from Port Arthur as are
given the city by the Kaw, says the
Denver Times. They are loud in
imprecations at the road for not recog-
nizing the 200 miles' advantage in
distance from the gulf port which
Kansas City enjoys over Omaha, and
deep in their lamentations over the
alleged ingratitude for the Pittsburg
& Gulf management as regards past
favours bestowed upon it by Kansas
City shippers.

Some chickens are evidently coming
home to roost. If ever there was a
railroad-made metropolis Kansas City
is that one. Snatched from commer-
cial obscurity by the Missouri Pacific,
the Santa Fe and the Kansas Pacific,
the city has been buffeted upon dis-
criminations in freight rates such as
no other western point has ever en-
joyed. A 200 mile differential is as
nothing compared to the advantages
granted her by these roads and their
connections in western territory, en-
abling her wholesalers and manufac-
turers to enter and monopolize trade
naturally belonging wholly to other
points. Under such circumstances it
would appear as a trifle inconsistent
for Kansas City to denounce any-
body for traffic discriminations,
whether justifiable or not. But it is
always the petted and spoiled child
that complains loudest and longest
when it can no longer enjoy a mono-
poly of favor and attention, and there-
fore the walls of the Kansas City jour-
nals may be accepted as a natural
sequence of events.

The significance of the incident,
however, lies in the fact of the break-
ing up of the old order of things and
the establishment of new conditions
which promise at least an approxima-
tion of justice to transmissouri inter-
ests. With the opening of the new
gulf waterway, Kansas City, Chicago
and St. Louis will no longer be able to
monopolize business which legiti-
mately belongs to cities on the west of
the river. Under the new deal those
latter points will be able to claim and
hold their own, and railway lines in-
terested in the long haul will no
longer be able to prevent Denver from
reaping the benefits of her natural
location as a manufacturing and
wholesale center.

The wail from Kansas City will mark
the first of a series which will mark
the commercial and industrial em-
ancipation of the great northwest.

INFORMATION AND OPINIONS.

In all probability the block of stone
to be used in the "Arch of States" at
the Omaha Exposition will be com-
posed of onyx taken from the onyx
mine near Pringle, S. D. A block
four feet square and ten inches thick
can be gotten out, which would be
large enough for the purpose. A
number of shipments have recently
been made from the mine. The stone
has been used to veneer several store
fronts and slabs have been made for
soda fountains, for experiments as to
quality of stone. It is pronounced
genuine and will prove to be a valu-
able mine.
