

INFORMATION AND OPINIONS.

Stephen Hobson, whose death occurred some time since, left but one bill unpaid which he had contracted and that was one of but a few cents. We venture there has not been an estate left in Mills county since its history began, upon which there were not more claims.—Glenwood Opinion.

Peter Edward Ruffner and Col. Fred Kroehler are talked of for chiefs of the commissary department of Field Marshall Klien's Cuban war column. Fred has a dislike for cannon and firearms and wants to fight with the commissary department and Col. Ruffner is "wid" him.

Snow fell on Saturday and Sunday last in Wisconsin and Michigan to the depth of twenty-two feet on a level. The railways are blocked and real winter is experienced while Nebraska is all smiles and sunshine. This state properly belongs in the banana belt.

THERE are hosts of people clamoring for war just now with Spain, and the bulk of these brave warriors would take the first train for Canada if war were really declared by the government. McKinley has tested war and been in many a hard fought battle; he knows what it means, and his wise, conservative course with reference to the Maine disaster is deserving of highest praise. Had the government gone off half cocked like critics, we would have been the laughing stock of the civilized world, with the uncertain standing of the French republic, which totters every time a big criminal trial is held. The European monarchies must notice that the American government, backed by 70,000,000 people is solid as a rock, and that it is not swayed like a reed by every passing breeze. When the time comes to take action and call Spain to time, it will be done with no flourish of trumpets, but with an iron hand which knows its power and with a firmness that commands respect even of our enemies. Let the board of naval officers make their investigation and if there be any testimony proving Spanish treachery, the old government will pay dearly for it, and that, too, without delay. The United States advocated autonomy, that is the independence of Cuba, which should bear the same relation to Spain as Canada to England. The Spaniards conceded this, but it has not been expected, and very soon another plan will be offered by the government looking to the absolute independence of the island.

FARMERS all know that new varieties of seeds for planting are often required to replace those that have run low in quality. Especially is this true of potatoes, which yield well for a few years and then fail. Messrs. Gunson, Brown & Co., the great seed propagators, of Rochester, N. Y., are prepared to furnish on order the very best varieties of new seeds of all kinds for the farm. Apply for samples and description to C. W. SHERMAN, Agt.

LINCOLN, NEB., Dec. 28, 1897.—MESSRS. SMITH & PARMELE, Plattsmouth, Neb.—Dear Sirs: I find enclosed \$1 for which please send two boxes of Dr. Black's RHEUMATIC CURE. This is a case of long standing. The above came to us unsolicited and goes to prove that DR. BLACK'S RHEUMATIC CURE is still at the head of the procession. We are preparing it in pill form, which makes it more pleasant to take than as formerly made in liquid form.
