Discussion on the Cuban Resolutions Leads to Blows.

SENATE DISCUSSING THEM NOW

No Final Action Yet Reached—Exciting Scenes in Both Branches—House Declares for War—A Complete Resume of City News

WASHINGTON, April 13.—At 6 o'clock this afternoon the house of representatives, after a long and stormy debate, adopted, by a vote of 322 to 18, the majority report of the house committee on foreign affairs relating to the Cuban situation. The report as adopted is as follows:

"Whereas, The government of Spain for three years past has been waging war on the island of Cuba against a revolution by the inhabitants thereof, without making any substantial progress toward the suppression of said revolution and has conducted the warfare in a manner contrary to the laws of nations, by methods inhuman and uncivilized, causing the death by starvation of more than 200,000 innocent noncombatants, the victims being for the most part helpless women and children, inflicting intolerable injury to the commercial interests of the United States, involving the destruction of the lives and property of many of our citizens, entailing the expenditure of millions of dollars in patrolling our coasts and policing the high seas in order to maintain our neutrality, and

"Whereas, This long series of losses, injuries and burdens for which Spain is responsible, has culminated in the destruction of the United States battleship Maine in the harbor of Havana, and in the death of 266 of our seamen.

"Resolved, That the president is hereby authorized and directed to intervene at once to stop the war in Cuba to the end and with the purpose of securing permanent peace and order there and establishing by the free action of the people thereof a stable and independent government of their own in the island of Cuba; and the president is hereby authorized and empowered to use the land and naval forces of the United States to execute the purpose of this resolution."

The negative votes were cast as follows:

Democrats—Adamson (Ga.), Brantley (Ga.), Bankhead (Ala.), Brewer (Ala.), Clayton (Ala.), Cox (Tenn.), Elliott (S. C.), Griggs (Ga.), Howard (Ga.), Lester (Ga.), Lewis (Ga.), Maddox (Ga.), Strait (S. C.), Tate (Ga.) and Taylor (Ala.)

Republicans—Johnson (Ind.), Boutelle (Me.) and Lord (Cal.)

Populists—Simpson (Kan.)

The discussion in the house was heated to white heat, the lie was passed between a democratic member from Georgia and a republican member from Pennsylvania. This lead to blows and a fight ensued in which nearly 100 members participated. Great excitement prevailed on the floor and in the crowded galleries.

WASHINGTON, April 14, 3:00 p. m.—[Special to the NEWS]—The exciting scenes in the house yesterday are being partially re-enacted in the senate today where resolutions drafted by the foreign relations are being discussed. The discussion is very animated and much excitement prevails. Up to this hour no vote has been reached on the resolution, though there is little doubt but that it will carry before adjournment tonight.

A Talk to the English History Class.

Last evening was wet and dark, the streets were almost impassable but the English History class was too enthusiastic to be kept at home by such small trifles as rain and mud. The class and members of the P. E. O. society were cordially invited to the home of Mr. and Mrs. Houseworth there to listen to a talk given by Mr. Rawls on the subject of "Queen Elizabeth." Considering the trend of the times and knowing the intense interest now centered in Spain, her people and her possessions, Mr. Rawls first spoke of Spain and the manner in which that country has always dealt with the people and countries that have been so unfortunate as to come under her dominion.

He also reminded us that "Good Queen Bess" was invited to share the throne of Philip 2nd and when refused sent his invincible armada to capture the haughty queen and her country, but God blew his winds, and they were scattered and the armada was known no more, while our English ancestors have sent down to us a feeling of distrust and dislike for all that pertains in Spain.

Mr. Rawls gave the political view of Elizabeth's reign and with it many original and helpful ideas for the careful consideration of the class. Those present were so pleased with the talk that they prevailed upon Mr. Rawls to give another in the near future, having for his subject "Queen Victoria and her Times." No one who was present last evening will miss hearing him on that occasion and will bring others with them to enjoy an interesting and thoughtful paper.

After some delightful music contributed by Mrs. Wagner and Mr. Hill Wescott the company dispersed feeling that it was an evening profitable and pleasantly spent.

It is the one remedy among ten thousand. Success to it.—O. R. DOWNEY, Editor Democrat, Albion, Ind. For sale by all druggists.

Ready for Business.

The Platte Mutual Insurance company just organized in this city, today received the state auditor's certificate and is now prepared to write insurance. Frank Wiles, the wide awake secretary will push the business and we can safely predict a big business for the company with such an energetic young man as Mr. Wiles to look after its interests. We would urge upon all property owners, as they need fire insurance, to patronize the home institution. The insurance is safe, cheap and obviates the necessity of sending thousands of dollars away from home each year to increase the income of foreign money lenders. The new company will soon take rank as one of the leading and most substantial institutions in the state.

B. & M. Improvements.

The B. & M. is again making improvements in its road here and this time it is a steel bridge over the Cheyenne river to take the place of the wooden one now in use. Some of the steel plate girders are already in the yard being unloaded and the others will soon follow and will be put in place as soon as possible. The present bridge is 700 feet long, but the new one will not be over half that length as it will consist of five sixty foot plate girders and one thirty foot approach span.—Edgemont express.

Foley's Honey and Tar.

Col. F. H. Lemon associate editor of the Nonconformist the national populist organ, recently moved from Indianapolis to Omaha, is in the city looking after the interests of his paper. Mr. Lemon is a very pleasant gentleman and no doubt will meet many friends in this country.

A man stands on chance of being elected to the mayorship of a city unless he enjoys the confidence and esteem of his neighbors. Geo. W. Humphrey is the popular mayor of Swanton, Ohio, and under date of Jan. 17, 1896, he writes as follows: "This is to certify to our appreciation of Chamberlain's Cough Remedy. My family and neighbors have tested it, and we know it is an excellent remedy for coughs and colds.—GEORGE W. HUMPHREY." Sold by all druggists.

Ed Fitzgerald will soon be a plutocrat. He purchased a nice residence property a few months ago where he lives and today he bought the lively barn with house near by and lots at corner of Sixth and Vine streets paying Mrs. C. M. Holmes the neat sum of \$1,000 cash. He can now improve the barn and make a handsome corner out of the premises.

It is, or should be, the highest aim of every merchant to please his customer; and that the wide-awake drug firm of Meyers & Ebleman, Sterling, Ill., is doing so, is proven by the following, from Mr. Ebleman: "It is my sixteen years, experience in the drug business I have never seen or sold or tried a medicine that gave as good satisfaction as Chamberlain's Colic, Cholera and Diarrhoea Remedy." Sold by all druggist.

The C. E. society of the Christian church will give an ice cream social at the residence of C. R. Todd, west of town, Thursday April 14th.
