WASHINGTON, May 7 .- Notwithstanding the fact that everybody for several days past has been in momentary expectation of cable advices from Commodore Dewey, the town was thrown into the wildest excitement at breakfast time this morning by the issue of extra papers, announcing the arrival of the McCulloch at Hong Kong with dispatches for the government from Commodore Dewey. The publication of newspaper dispatches telling of the terzible mortality among the Spanish and the escape of the American forces, the men and ships, from various injury added to the excitement and to the intense satisfaction with which the long expected news was received.

There was an instant rush of newsnumber and the impetuosity of the lated, promptly closed and locked their only six Americans were injured." doors against invasion. Brings the Official Cablegram. About half past nine Manager Marean of the Western Union Telegraph company, appeared at the department, bringing with him a sheet comprising four lines of the mysterious jargon which makes up the naval cipher. He handed this directly to Secretary Long, who gazed at it for a moment and turned it over to Lieutenant Whittlesey, one of the cipher experts of the navigation bureau, for translation into English. Then the secretary made a pretense of sitting down at his desk to transact other business, but it was plain to be seen that in spirit he had joined the anxious crowd of newspaper men who thronged the reception rooms waiting for the news.
