Rather Important Telegram from Dewey and Much Anxiety Regarding Their Treatment of Prisoners—Cadiz Fleet Not Troubling the Navy Department-Many Conflicting Rumors - Some Time of Grace for Carranza-Other War Notes.

Havana, June 7 .- United States warships opened fire at 8 o'clock yesterday morning against the fortifications at tiago de Cuba,

Hong Kong, June 7 .- Advices from Manila say it is officially declared there that four armed cruisers, with colliers and torpedo boats, and transport ships | peal to the people of this appreciative carrying 10,000 troops, have left Spain, nation to pay off this mortgage and buy proceeding for eastern waters.

Washington, June 7 .- After a lot of matters at the navy department, there port from Admiral Dewey, of important successes achieved by the insurgents at Manila. The report was to the effect that the Philippine rebels had won several victories over the Spaniards in Cavite province and taken many prisoners-nearly 2,000. The officials have betray as to Admiral Dewey's condition. | fire balloons... They were not seriously apprehensive of personal danger to the fleet, but an impression was gaining ground that the admiral had not maintained the same measures of success in his operations in fort. Now the report received goes to admirably; that he has succeeded in of conducting military operations the corruption of the insurgent leaders by the Spaniards, which appeared at one time to be threatening.

Solicitous About the Prisoners. There is some speculation here by anxious minds as to how the insurgents will treat the prisoners they have taken, who are more numerous, it is said, than all the captures made by the Cuban insurgents since their war began. This solicitude is because of the terrible tales circulated of the barbarous treatment of prisoners captured by the insurgents. It is sincerely hoped that Aguinaldo will see to it that this agreement is observed in the case of the 1,800 prisoners he now holds, for it is believed n official circles that the nations of the civilized world will hold the United States morally responsible for any great excesses that may be committed in the Philippines as a result of our action

Not Worried About the Cadiz Fleet. That Cadiz fleet which was reported to be doing strange things in the West Indies Sunday is not giving the naval officials any concern. They have learned through the state department that the Spanish ships were at Cadiz last Friday, so they could not well have been in the West Indies two days later. Up any news had reached there to show that troops had landed in force near made no concealment of their incredul-
