Thousands of persons have been cured of piles by using DeWitt's Witch Hazel Salve. It heals promptly and gives immediate relief. F. G. Fricke.  
Those who attended the exposition yesterday speak in the highest terms of the entertainment afforded from the musical program. The Illinois day festivities were also of special interest to many visitors.  
Our report of Womans club committees was not quite correct yesterday. It should have read Mesdames Shipman and Straight from the north side, and Mesdames James Herold and C. E. Wescott from the south side.  
Count Castellane should teach the Spaniards some new points on honor. They might learn from him how to get out from under the American war cloud, and preserve that precious heritage we have read so much about.  
The much talked of Indian congress at Omaha is finally a go, the government having appropriated \$45,000 to defray the expense. Indians of all shades and tribes will be present, and quite a crowd of people are expected

to be drawn thither on account of it. Most Nebraskans have seen Indians enough and will not be greatly interested in the event.  
Germany must take a back seat until we are through remembering the Maine. Then if she wants to take a fall out of Uncle Sam she will find him ready to show her a rough house.  
—Ex.  
Andy Dill and Bennett Chrisweiser are reported to have eaten so much at a wedding dinner today that they were unable to get around for a while. The boys have good appetites and know a feast when it comes their way.  
"I think DeWitt's Witch Hazel Salve is the finest preparation on the market for piles." So writes John C. Dunn, of Wheeling, Va. Try it and you will think the same. It also cures eczema and all skin diseases. F. G. Fricke.  
Those who failed to hear the drummer boy of Shiloh last night missed the treat of a life time. The entertainment was under the management of Rev. E. A. Campbell, and he kindly passed in all the volunteers free both evenings.  
A London paper says that Admiral Corvera is an amiable and accomplished gentleman, who at home is quite a society favorite. It is the same way in Cuba. Though he isn't going out very much nowadays, he is very much sought after.—Ex.  
E. B. Banks, of Lewisville, Texas, writes that one box of DeWitt's Witch Hazel Salve was worth \$50,000 to him. It cured his piles of ten years standing. He advises others to try it. It also cures eczema, skin diseases and obstinate sores. F. G. Fricke.  
The Knights and Ladies of Security are going out to Todd's at the poor farm Thursday evening. They expect to start from the Riley corner about 7:30. Carryalls will be provided at a cost of fifteen cents for the round trip. A pleasant evening is anticipated.  
We are sole agents in Plattsmouth for Eastmans' solio papers, solio solution, developing powder and everything for the amateur photographer. There is no better camera made than Kodaks. There is only one kodak, Eastmans. LEHNHOFF BROS.  
Peter Nord, the Platte river ferryman, is putting in a third boat, and stretches a cable entirely across the river below the bridge, so that he can cross teams at all times, whether the water is high or low. He has purchased J. W. Thomas's interest and is now sole owner of the Platte ferry.  
The new M. P. train which will be put on either next Sunday, or the Sunday following, will leave Plattsmouth for Omaha about 9 o'clock a. m., and returning from Omaha, will reach Plattsmouth about 7:30 in the afternoon. This will give the M. P. a share of the exposition business which it has not heretofore enjoyed.  
The Missouri Pacific railroad is shortly to put on a day local train between Kansas City and Omaha. It will pass through this city about 8 o'clock every morning, and return about the same time in the evening. The regular train running now will not stop at all small stations, as now, and will thus be enabled to make better time—Nebraska City News.  
While unloading a car of cattle at the stock yards last evening, which Patterson & Kunsman had bought in Omaha, one of the "beef critters" got away and chased the men around and up the trees at a lively rate. It finally struck out and tried to cross the river, wading the muddy flat at the depot and was finally captured near the river more dead than alive. No one was hurt, though several close calls were had.  
Commencing some time in the next week or ten days Omaha will become the western terminal point of the Northwestern railroad system. All passenger trains which have heretofore had their terminus in Council Bluffs will cross the Missouri river over the Union Pacific bridge and come into the Union Pacific depot, and the trains which have started eastward from Council Bluffs will start from this city.—Bee.  
The Woman's Exchange owing to the hot weather, and the further fact that so many of the ladies have company at home to entertain during the exposition, will be closed until autumn. The Exchange has been quite a source of revenue for the church society, but the work of the ladies in charge has been very exacting, and they deserve great credit for the success which has attended their efforts. As soon as cooler weather comes the Exchange will again be opened.  
Reduced in Price.  
Beginning Monday June 20, the EVENING NEWS will be reduced in price to ten cents per week. The size of the paper will remain the same and the paper will continue to print all the news.

Leaguers Attention.  
The business and social meeting of the Epworth League to be held Friday evening of this week at the home of Miss Birdella Smith, west of the high school, should be largely attended, as the annual election of officers will occur at that time.

**THE INVADING ARMY.**  
Largest Fleet Ever Sent Out By the United States.  
A CABLE STATION OF OUR OWN  
The Cable at Guantanamo Repaired and News Direct to Washington May Be Sent By Americans—Other Local Happenings.  
Off Santiago, June 26.—The United States fleet of transports and convoys, comprising thirty-six vessels, all told, arrived off Sampson's fleet, ten miles off Santiago, at 12:10 o'clock this afternoon.  
The army is now ready to land.  
The question of a landing place is being discussed at the present moment by Shafter and Sampson. It will be ten miles above or ten miles below Santiago, or possibly at Guantanamo, where the marines hold the key to the road to Santiago. The distance from Guantanamo to Santiago by road is forty miles.  
The arrival of the transports' fleet was seen by the Spanish from Morro castle. A salute to the army was fired by the flagship New York.  
Cable Working.  
WASHINGTON, D. C. June 21.—The navy department received a cablegram direct from Guantanamo this morning stating that the cable was working satisfactorily from that point. Secretary Alger, just as he was starting for the cabinet meeting, received a cable from General Shafter giving full report of progress of disembarkation. Alger carried the message to the cabinet meeting.  
Company B.  
From Dr. Hall, who assisted in the examination of fifty-seven of the members of company B, we are favored with the following interesting data:  
Average age, 24 years and four months.  
Average weight, 141½ pounds.  
Average height, 5 feet 8½ inches.  
Forced expiration, 324.  
Forced inspiration, 367.  
The company average will not vary much from the above. The boys are a sturdy lot, though it would seem a trifle light. But if they are to campaign in the tropics the light men will be far the best.  
Capt. Sheldon and First Lieutenant Allen have been putting the recruits through some hard drills, and they show great improvement over the first work they did. Fort Omaha is not quite in readiness for them, and it is possible that they may not have to go until Thursday. They are all stopping at the Perkins House and Hotel Plattsmouth, and make the lower end of Main street have a lively appearance of evenings. No orders of any kind had been received from the adjutant general up to three o'clock this afternoon. Five new recruits came in today from Weeping Water, and others have enlisted from the city, so that 112 have now successfully passed the medical examination.  
The officers of the company had a musket drill in the court house this afternoon. Sergeant Woodruff was the drill master, he being very thorough in the manual of arms, having recently completed a three years course at the State University.  
A Sick Race.  
Several days ago a fellow who looked like he might be a farmer, called at Tucker's millinery store and gave his name as Smith. He claimed to have brought in a load of grain, which he had sold to C. Heisel and he wanted to buy a hat. After much dicker and plenty of talk about the kind of a hat his mother wanted, he secured one valued at \$2.25.  
He only had a check from Mr. Heisel for \$9.25, and as the bank had closed he could not get his money, and he hoped Miss Tucker would cash the check for him which she did, without a thought of Smith being a smooth fraud, giving him \$7.00 in money and the hat. When the check was presented for payment a day or two afterward it was quickly discovered that Mr. Heisel had never signed the check, and Miss Tucker was loser. The villain was safely out of reach, and no effort has been made to apprehend him.  
Reunion of John Brown's Friends.  
TIPTON, I. T., June 20.—A unique reunion was held yesterday at Springdale, in the southern part of Cedar county, the occasion being a gathering of the friends of old John Brown, near the little town where he and his band of abolitionists spent one winter preparatory to their movement to free the slaves. The reunion was on the farm of William M. Xon, where John Brown died his man. A number of men who knew John Brown and were his friends forty years ago were present.—Ex.  
J. W. Thomas says his fruit crop will be larger than ever this year, he expects to harvest forty bushels of cherries, one hundred fifty bushels of blackberries, several hundred bushels of apples, a few peaches and a few plums, the latter being a light crop this year. He thinks the cherries will be a sign in a few days as they are ripening so fast.  
A torpid over-crowd of ambition and rules your health. DeWitt's Little Early Bile's cure the liver, cure constipation and all stomach and liver troubles. F. G. Fricke & Co.

**AS THEY COME AND GO.**  
Cliff Wescott was on the sick list today.  
Mrs. Frank Vermilyea has been enjoying a visit from her brother.  
C. S. Polk and Miss Ella Eikenberry were exposition visitors last evening.  
Sheriff Wheeler returned this morning from a business trip out into the country.  
Dr. Cook is improving, but he is not yet able to be out and attend to his business.  
L. B. Copenhaver went out to Palmyra to day to attend his cousin's wedding.  
Milo L. Briggs is mixing a little medicine with some of the prominent state populist candidates in Omaha today.  
Jacob Gruber, one of the solid farmers residing northwest of Union, was in the city today on business and made THE NEWS a pleasant call.  
Mr. and Mrs. C. A. Rawls joined the former three brothers on the early train this morning and accompanied them to Omaha for a day at the exposition.  
Clarence E. Tefft the Avoca attorney was in the city today, and took out a wedding license that will authorize his marriage to Miss Caroline Sheldon. We had supposed Clarence was cut out for a bachelor, but we stand corrected and extend congratulations in advance.  
\$500 For Good Guessing.  
The Nebraska Farmer has inaugurated for its subscribers a unique guessing scheme on the possible number of paid admissions to the Trans-Mississippi exposition, now running at Omaha.  
\$100 will be paid for the first nearest guess.  
\$50 each for next two nearest guesses.  
\$10 each for next ten nearest guesses.  
\$2 each for next fifty nearest guesses.  
\$1 each for next 100 nearest guesses.  
One guess may be made with each yearly subscription paid in advance at regular price, one dollar, so that everyone guessing will get the Nebraska Farmer one year and have a chance besides to get from one dollar to one hundred dollars, and there will be 163 persons who will get these cash premiums.  
For sample copies, terms to agents and full particulars, address NEBRASKA FARMER CO., 1511 Dodge St., Omaha, Neb.  
Bob Moore of Lafayette, Ind., says that for constipation he has found DeWitt's Little Early Bile's to be perfect. They never gripe. Try them for stomach and liver troubles. F. G. Fricke.

He Pitted Them.  
Tramps sometimes try to indulge in witticisms, according to the story of a lady on Euclid place.  
This lady has very little sympathy with Henry Willie, so that when a knight of the road knocked she told him that she had nothing to give.  
"No meat?" he persisted.  
"No."  
"No fire?"  
"No."  
"No bread?"  
"No."  
"Well, could you give me a basket?" he asked finally.

How He Was Floored.  
"What's the matter with Holland? I hear he's laid up."  
"Yes; he bought his wife a chafing dish a couple of weeks ago."

"Oh, it wasn't anything that he ate. She hit him over the head with it."—New York World.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure, in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
