CALL FOR COUNTY CONVENTION.

The Republicans of Cass county are hereby called to meet in convention at Weeping Water, Nebraska, on Saturday, July 30, 1898, at one o'clock p. m. for the purpose of placing in nomination candidates for the following offices, to-wit: County attorney, two members of the legislature, one senator, one member of the board of county commissioners from the third district; also to select 24 delegates to the state convention at Lincoln, August 10, at 10 o'clock a. m.; also 26 delegates to the first congressional convention at Lincoln, on August 3, at 8 p. m., and for the transaction of such other business as may properly come before the convention.

The committee recommended that there be no proxies recognized, but that the delegates present from each precinct or ward cast its full vote. The primaries to select delegates to said convention will be held on Saturday, July 23. Representation is based on the vote cast for C. W. Kaley, (regent for the state university in 1897,) being one delegate for each 15 votes or major fraction thereof, and one delegate at large for each precinct or ward:

THE call for a third term is not loud enough for the public to hear it, but it is said Gov. Holcomb can't sleep o' nights for the disturbance the call makes.

The new eastern squadron will consist of the battleships Iowa and Oregon, the protected cruiser Newark, and the auxiliary cruisers (carrying side armor) Dixie, Yankee, and Yosemite, the colliers Avondale, Cassius, Caesar, Leonidas and Justin, and the supply boat Deimonico.

TOM REED'S opposition to annexation of Hawaii was not endorsed by his district convention. There are times when a man has outgrown his surroundings that a sort of shrinking process is a good thing. Tom needed a slight diminution in his opinion of the infallibility of Mr. Reed, and he got it.

THE Beatrice Express is booming Peter Jansen for governor, creating a tiresome feeling among its readers. If Jansen ever did anything beside run for an office we haven't heard of it. Nebraska has plenty of more suitable men to select from than Jansen, and no time should be wasted on that class of candidates.

THE Nebraska City News says editorially: "With an abundance of labor to perform there is no one to hire. With an abundance of people wanting money the banks hold millions of idle capital. With a powerful nation, capable of creating its own money, it goes to ruin for want of it." What a patriot (?) to pick flaws and preach dissatisfaction without offering a remedy. If there are so many people wanting money, and there is an abundance of labor to be performed, it is very evident that those who want the money prefer to steal it rather than work for it, or tramp around and exist without work. A powerful Nation has never yet been of sufficient power to create values, or make something out of nothing. If the power to make money in any quantity existed, then it would be criminal to allow any paupers to exist. They should all be made rich every Saturday night by the government paymasters who are to be the agents of the creator of all wealth. Our neighbor is either very bilious, or else it is drifting into socialism.

THE RICHEST NATION
Mr. Michael G. Mulhall, the noted English statistician, is clearly of the opinion that no other nation compares

with ours in all the essential elements that go to make up aggregate wealth. He also notes the fact that while the most European countries have attained their growth, the United States is apparently on the threshold of an industrial development which it has never dreamed of before.

United States	\$81,750,000,000
Great Britain	59,000,000,000
France	47,000,000,000
Germany	40,200,000,000
Russia	32,125,000,000
Austria	22,500,000,000
Italy	15,800,000,000
Spain	11,300,000,000

These computations are based upon values as shown by real estate records, buildings, merchandise and railways as well as the circulating medium in each nation. As will be seen, our wealth is more than seven times greater than that of Spain, double that of Germany, two and a half times greater than Russia, nearly twice that of France, equal to the combined wealth of Russia, Italy, Austria and Spain, and \$22,720,000,000 larger than that of Great Britain.—Baltimore Herald

INFORMATION AND OPINIONS.

Blanco old boy, your turn comes next, take warning from Cervera and do the right thing before its too late.

If Admiral Camara ever gets to Manila and will look pleasant, Admiral Dawey will take a snap shot at him.—Fremont Tribune.

Emperor William, of Germany, who talks too much for what he has to say has been nicknamed "Billy the sudden" and Willie the previous."

It wouldn't be fair to send the cruiser "Yankee" with Watson to Spain. Their ideas of the Yankees have already undergone several changes.

Roosevelts rough riders don't seem to be doing much riding, but they fight like a stack of wild cats and give the Spaniards a definition of what a rough house is like.

Sagasta remarks that the 100,000 Spanish troops in Cuba will never surrender. But there are 10,000,000 Americans of fighting age who say they will have to. The result is not hard to guess.

It was Admiral Cervera who made a grandiloquent speech to his seamen before starting for western waters to annihilate the American fleet and lay waste the coast of New England. The poor old man must feel bitterly humiliated now. He has no more orations to make. He appears to be a superior sort of Spaniard. He is not entirely selfish, but devotes some thought to his men.—Ex.

Just a little while ago the Spanish ship Vizcaya visited these shores. It was at the time of the excitement over the Maine disaster. Captain Eulate spent several days at New York, and then went away and told the Spaniards that there was no discipline on board American war vessels, and that we didn't know anything about navigation or the management of guns. Now the captain's ship lies on a junk heap and the captain himself is a prisoner. He might be persuaded, while on board an American vessel, to give us a few pointers on the management of guns.—Ex.

The Krag-Jorgensen seems to have come to stay. Its terrible power of destruction were amply revealed in the fighting of Friday and Saturday. And it was noteworthy that our Second regiment had hardly begun firing Wednesday afternoon before it was ordered to stop, the smoke from the Springfield rifles making too good a target for the enemy. The Springfield was a great gun in its time, and soldiers who have used it part from it with regret, but its day is past. The sooner it is replaced everywhere by the new magazine rifles the better.—Springfield Republican.

EXPOSITION NOTES.

From the Bee.
A temporary stoppage in the sewer near the Press building during the rain Wednesday afternoon caused the entire street to be covered with water to a depth of a foot or more and people bound to or from the north tract were obliged to wade through this water. Many men and women attempted the feat, wading through the water and creating all kinds of fun for the on-lookers in the adjoining buildings. Several camera fiends seized the opportunity for catching snap shots and the bad humor of the waders was greatly augmented by the knowledge that they were being put on record in their ridiculous plight.

Commissioner Lesson of New Mexico is arranging to have the fruit growers of his state send three or four carloads of grapes later in the season to be distributed among the exposition crowds. He has already secured the assurance of one carload and expects to secure others before the grape season opens.

If you want to smoke the best try Wael Bros. Gut Heil. The finest 5 cent cigar made.

I desire to attest to the merits of Chamberlain's Cough Remedy as one of the most valuable and efficient preparations on the market. It broke an exceedingly dangerous cough for me in 24 hours, and in gratitude therefor, I desire to inform you that I will never be without it and you should feel proud of the high esteem in which your Remedies are held by people in general. It is the one remedy among ten thousand. Success to it.—O. R. DOWNEY, Editor Democrat, Albion, Ind. For sale by all druggists.

Win your battles against disease by acting promptly. One Minute Cough Cure produces immediate result when taken early it prevents consumption. And in later stages it furnishes prompt relief. F. G. Fricke.

A man stands no chance of being elected to the mayorship of a city unless he enjoys the confidence and esteem of his neighbors. Geo. W. Humphrey is the popular mayor of Swanton, Ohio, and under date of Jan. 17, 1898, he writes as follows: "This is to certify to our appreciation of Chamberlain's Cough Remedy. My family and neighbors have tested it, and we know it is an excellent remedy for coughs and colds.—GEORGE W. HUMPHREY." Sold by all druggists.

On the morning of Feb. 20, 1895, I was sick with rheumatism, and lay in bed until May 21st, when I got a bottle of Chamberlain's Pain Balm. The first application of it relieved me almost entirely from the pain and the second afforded complete relief. In a short time I was able to be up and about again.—A. T. MOREAUX, Luverne, Minn.
