The merchants along the street are still busy getting the water out of their cellars, and caring for their damaged goods. Pearlman is still pulling furniture out of his cellar, and must have had an immense stock in there. He is storing it in the old Journal office.

An autograph letter from the late President Lincoln is seldom seen. Henry Snyder has one belonging to his father, which is on exhibition in his show window. It is very evident that Mr. Lincoln could talk better than he could write. The stationery is very plain, not even a printed letter head being used.

The city administration, according to Sam Chapman, is to blame for floods and all the ills that man is heir to. It's a pity some men will allow their spleen to make laughing stock of them. The city authorities of no town could have done more than Mayor Richey and his assistants have done in preventing losses and caring for property.

### AS THEY COME AND GO.

Yesterday was Fourth of July for the Sandwich Islands.  
Charley Grimes was a visitor to Fort Omaha this afternoon.  
Don't you forget the republican primaries to be held July 23.  
Judge Spurlock went out to York this morning for a few days vacation.  
Supt. Farley has been out in the county all week looking after school matters.  
T. W. Shryock and John Ahl, and daughter, are in the city today from Louisville.  
Mrs. W. L. Pickett, accompanied by her mother, arrived home from a visit at Evansville, Indiana.  
The body of the three-year-old son of Mr. Salacek of Havelock, was brought here on the noon train for interment.  
A. C. Wright, one of the substantial residents of Elmwood, was in the city today shaking hands with his many friends.  
Elder Dungan and wife returned home last evening from a weeks sojourn at Beatrice in attendance at the state convention.  
The pump men at the Fitzgerald block who were getting \$2.50 per day struck yesterday for higher wages, but we learn they had poor success.

WANTED—Trans-Mississippi exposition postage stamps used. Will pay ten cents per hundred.  
B. G. MERRILL,

Mrs. Atwood requests that the membership committee of the Woman's club be prepared to make their report at a called meeting, which will be announced next week.  
JENNIE P. SHIPMAN,  
Cor. Secretary.

A. C. Cartwright, who has been making his headquarters with John Tighe at Manly for some time, is in town on a brief visit. He thinks small grain crops have been ruined by the heavy rains in the eastern part of this county and in Otos.

The three conventions to be held here August 11, at 2:00 p. m., will have eighty-six delegates to each convention. Just where eighty-six silver republicans can be picked up in the entire district is a hard proposition, and the chances are that that part of the show will be poorly attended.

The method of taking the water out of the flooded cellars is called siphoning. A stream one-eighth the size of the one pumped out of the cellar is used to create a vacuum, and the water from the cellar flows out in a constant stream. The amount of city water used is not large.

The Pearl steam laundry has sent its work to Nebraska City, it is not able to run on account of the rain Wednesday night. We hope to be able to get laundry work returned Saturday, so we will not disappoint our patrons. The laundry will be in running order the first of the week.

The merchants along the street are still busy getting the water out of their cellars, and caring for their damaged goods. Pearlman is still pulling furniture out of his cellar, and must have had an immense stock in there. He is storing it in the old Journal office.

### W. R. C.

The members of the Relief Corps are requested to meet with Mrs. H. C. McMacken next Tuesday, July 12, at 2 o'clock p. m.

**Last Meeting**  
The last meeting of the Mozart Club will be held tomorrow evening, July 9, at the home of Miss Cagney. It is urgently requested that all members be present.

**Latest War News**  
The only item of interest today from the front is to the effect that Shafter will begin the bombardment of Santiago at noon tomorrow.

**D of R. No. 40**  
All members requested to be present at their hall at 2:00 p. m., Saturday afternoon, for the purpose of arranging for installation of officers.  
MRS. J. M. LEEK, N. G.

**Returns the Engine.**  
Mayor Richey today hauled the fire engine down to the B. & M. depot, loaded it on a flat car and shipped it back to Omaha, the system of siphoning the water from the cellars having been resorted to.

**A Little Personal Matter.**  
I. Pearlman's heavy losses by flood make him in sore need of money. If the farmers and town people would call and pay their bills, or a part of what they owe, he will give them a discount in order to raise some money. If your bill is not yet due it will pay you to come in and see him. Those whose bills are past due are especially requested to call in at once.

**A Thee Ringed Circus.**  
The populists, democrats and silver republican central committees, which met in Lincoln yesterday each called their separate conventions to meet in Plattsmouth August 11, when an attempt will be made to nominate a fusion candidate for congress from this district. Mat Gering thinks he has gained a point by the conventions coming here, but he may conclude differently later on.

**Death of John Johnson.**  
John Johnson, residing southwest of this city, died at noon today at the advanced age of eighty-four years. He came here from Holt county, Missouri, in 1863, and has resided on the same farm ever since. He leaves the following children: W. T. Johnson of Hemingford, Dick of Blair, Toby and Mrs. Berger of this county. The funeral will be held at Elkembury's cemetery tomorrow, but we could not learn the hour.

**Disinfect Your Cellars.**  
The result of the recent flood is liable to be an epidemic of typhoid or malarial fevers. Cellars filled with water cannot be dried out in a day, and poisonous gases are all the time rising from the ill-smelling pools. There is only one way to prevent the threatened trouble, and that is to purchase lime and cover the damp earth with it. It will destroy all disease breeding germs and leave your cellars nice and clean. The matter is of such vital importance that the city authorities should see that it is done, that the public health may be conserved.

**Obituary.**  
Miss Mary Volnagle, at the age of twenty-one years, departed this life Wednesday, July 6, after an illness dating back to last September. Her ailment was consumption, and she showed great patience and fortitude during her last illness. She was a member of the M. E. church at South Omaha, and died in full faith of a happy home in the other world. The funeral will be held at 2:30 p. m. Saturday, from the Evangelical Lutheran church, Rev. F. H. Freund officiating. Members of the A. O. U. W. and I. O. O. F., D. of R. and D. of H. are especially invited to attend. The deceased leaves three sisters and four brothers beside her loving parents, to mourn her loss.

The Hotel Riley escaped without a dollars damage from water, none having entered the building. A gushing spring of crystal water however broke out in the engine room and all efforts to shut it off have been unavailing. It will probably be connected with the sewer and may continue to run indefinitely. It is certainly a peculiar freak.

At Havelock the storm was much more furious and the downfall of rain more devastating than in Lincoln. All over Havelock cellars were filled. The office of the Havelock Times was wrecked and that paper will have to suspend publication until the damage can be repaired. The railroad yards and even the shops of the company were flooded and filled with mud and drifting debris, but open for work as usual in the morning. On each side of the track embankment the water was not less than eighteen inches deep and covered the field as far as one could see.—Journal.
