The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure Send for list of testimonials.

A Little Personal Matter.

I. Pearlman's heavy losses by flood make him in sore need of money. If the farmers and town people would call and pay their bills, or a part of what they owe, he will give them a discount in order to raise some money. If your bill is not yet due it will pay you to come in and see him. Those whose bills are past due are especially requested to call in at once.

Sick headache, biliousness, constipation and all liver and stomach troubles can be quickly cured by using those famous little pills known as DeWitt's Little Early Risers. They are pleasant to take and never gripe. F. G. Fricke.

A torpid liver robs you of ambition and ruins your health. DeWitt's Little Early Risers cleanse the liver, cure constipation and all stomach and liver troubles. F. G. Fricke & Co.

It was thawing beautifully out in front of Bach's store this morning, and Judge Archer expects to come down town without his overcoat tomorrow if the weather continues mild.

Col. J. P. G. X. Hildebrand, one of the old line newspaper men who continues to hustle, was in town today talking politics with the paperats. He thinks Weir would be the right man for governor, but any old thing would, if it wore the right label.

Wash Young, usually quiet and mild-mannered, was taking steps ten feet long when in town Saturday, and wore a smile to match. We enquired the cause of his hilarity and learned a new boy, No. 2, had arrived at his house that morning.

Geo. W. Berge, the pop of Lancaster, who has the congressional 'bee' in his bonnet is doing some work on the quiet which will make our friend Mathew think something like the deluge of July 6, had struck him when the congressional convention meets here August 11.

John Robbins is probably getting into trouble again, and that dreamy, far-away look in his eyes is not for nothing. We saw him buying the finest box of candy in town at Weidman's Sunday, which no doubt was promptly sent as a love missive to a fortunate fair one.

It is rumored about the machine shop that J. N. Summers has been transferred to Wymore, and that Joe Hawksworth comes here to take his place as foreman. Joe is not only a first class machinist, but he is deservedly popular among the men. The many friends of Mr. and Mrs. Summers will greatly regret their departure from our city.

Ed Spencer who is with the Second Nebraska at Chickamauga developed so much skill in target practice that he has been taken from the ranks and made a sharp shooter. From a letter his father received from him yesterday it is learned that all the boys are enjoying splendid health, and they are under orders to go to the front at once. Their destiny will probably be Porto Rico.

Adolph Vogtmann rested in jail last night on complaint of his brother, who charged him with breaking open his trunk and stealing his watch. Apolph was drunk and when taken before Judge Archer today, only the charge of drunkenness was prefered, and he was fined $5.00 and costs, which he will lay out in jail. Adolph had a term in the reform school, which didn't do him much good.

Some of the boys who were witnesses of Col. Sherman's water episode say the NEWS report is not exactly correct, and that C. W. was standing up in water not over four and one-half feet deep when he thought he was drowning, and that Col. Huckins was blowing like a porpoise in water he could wade with ease. The onlookers say the journalists were unduly excited, but such statements may have been the result of petty jealousies, and we shall refuse to believe them. Another version is to the effect that when Col. Sherman got to thinking over all the mean things he had done he collapsed and would surely have drowned, only for prompt help.

AS THEY COME AND GO

Supt. Hawksworth went to Lincoln this morning.

J. S. Hartshorn of Louisville is in town today on business.

A. L. Tibblin of Wyoming Water was attending to business at the court house this afternoon.

McGinnis Churchill, of Murray, has gone to Davenport, Nebraska, on a visit to his brothers.

Julius Huffman departed this morning for Missoula, Montana, to work on the Northern Pacific.

Mr. and Mrs. I. N. Bowen started last night for a week's visit to Omaha and Plattsmouth.—Alliance Grip.

P. E. Ruffner and wife went to Council Bluffs this morning to attend the funeral of their niece, Mrs. Hillary.

Frank Graaf and Geo. Kelley, prosperous farmers from near Murray, were transacting business in the city today.

Col. Cole of the Nonconformist, the national organ of the populists, which was lately moved to Omaha, was in city today looking after the interest of his paper.

E. J. Burkett, candidate for congress before the coming republican convention, was in the city today shaking hands with his friends, and forming new acquaintances.

R. W. Hayes went to Omaha this morning with a model, or pattern, which Bob Hays made him of his pasturing trough, and he will have some iron ones made if they are not too expensive.

Charles Crabill and Mike Sampson expect to start for South Dekota to put in the summer in the harvest fields. They will take a team and drive through, stopping wherever they find work.

Liberality of Water Company.

Supt. Pollock of the water company allowed over $200 worth of water to be used by the city in sprinkling our streets, and cleaning the city sewers, for which the city would have had to pay but for the liberality of the company, which can not be shown more clearly than in the kindly letter written by the treasurer and manager to Mr. Pollock, which we append below:

ROCHESTER, N. H., July 11, 1898.
T. E. POLLOCK, Esq., Supt.
My Dear Sir:—I not only your letter of recent date, and by the papers you have sent me, of the loss your city has sustained through the flood caused by the cloud burst. I also notice that you are using an extra amount of water in cleaning up and sprinkling out certain low sewer work. You need not have an any fill in the city this extra amount of water used, as it would seem to me your city must necessarily be to considerable expense in order to repair the damages, and we are very willing to remit, at no charge, what assistance we can in the matter through the use of the water.
Yours Truly. H. M. PLUMMER, Treasurer.

Off to the Front.

The first battalion of the Third regiment, consisting of companies A, D, C and D, passed through this city on the Missouri Pacific at about 8:30 last evening. The second battalion passed through on the Burlington in two trains, following No. 12, which passes through here at 8:25. There were immense crowds at the depots to see the boys, who seemed to be feeling well and cheered the spectators on the platforms.

Col. Bryan was aboard the last train and made his appearance upon the platform. Some of his admirers proposed three cheers for the colonel, but he promptly requested that nothing of the kind be done, but that three cheers be given for the Third regiment and the boys at the front, which was given with a will by both the soldiers and citizens.

How They Celebrate at Murray.

Fred Crosser and Niley Hyde, of Murray, felt so good over the fall of Santiago that they concluded to celebrate. They got a gasoline launch which had a little gasoline left in it and lighting a cannon fire cracker it was dropped through the bung hole. A big crowd had gathered on the street, and pretty soon sparks were seen fizzing out through the bung and an instant later an explosion occurred which shook the town, and pieces of the barrel were sent high in the air. The explosion was so loud and frightful that the people lost no time in getting away, and our informant who lives at Murray, says he thinks some of them are running yet.

A Sad Case.

Mr. J. L. Hartshorn passed through here on his way to Corning, Iowa, where his wife is with her folks. Tomorrow Mrs. Hartshorn expects to have an operation performed which seems to baffle the medical fraternity. Mrs. Hartshorn has been suffering from a cancer on the brain, and it is expected an operation will be required to remove it. Little hope of her recovery is entertained. They have the sympathy of the many friends here and at Louisville.

A Close Call.

The newspaper fraternity came near losing two of its brightest members in the Missouri river last night. It seems, contrary to democratic custom, Col. Sherman and Col. Huckins went down to the river to take a bath, shortly after getting in the cool water where the current was whirling and the things the dog was going to perform the rescue, or the mere act of it, the Colonel found himself in the current and in the middle of the river. He was not a swimmer, but he struck out, and he called for assistance. Just as Sherman was going down your Alcalde Gaba came to his assistance and soon brought him ashore. Huckins got out without assistance. Mr. Sherman was entirely played out and was not able to express himself for some time.

Beautiful Easter flowers, at Fahey & Hayes.

Florida is the land of flowers. Easter lily, sweet lily, Dr. Long the florist has them, in some places, that grow to a blossom white as the snow and as large as a saucer, and yet not as large as the cabbages in Holland and exported to market. It takes seventeen days to get a bulb to Europe, but of late years the Dutch have learned how to force them and bring them with ease. They make lovely home plants and we sell them at fifteen. Any one who cannot take two or three of these lily bulbs and have them to growing in time to pay postage. You are interested we come to tell it, as I can get more when I return to Florida next fall.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often abated long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Fifty cents and $1 bottles at F. G. Fricke's drug store. 1

EIGHT MILE GROVE.

Mrs. Geo. Metz of Weeping Water is visiting in this vicinity.

Since our big rains, corn is growing immensely and is producing stalks which are similar to pond weed.

Threshers say, where last a big spring wheat field, and great bunch, that now no two kernels were of it are to be seen, I know knows anything about.

Mrs. Hughes went to Weeping Water last Saturday to at 'nd the S. D. Advent Sabbath School and reports that they have a very interesting school.

Reapers are humming in every direction with the same old tune that they had twenty years ago, they are coming on a different scale and have ribbon and notes.

The editor of the Bryan City, Pa. Globe, writes: "One Minute Cough Cure is rightly named. It cured my children after all other remedies failed." It cures coughs, colds and all throat and lung troubles. F. G. Fricke.

The Rain Storm.
