They returned about nine o'clock, and enjoyed the moonlight and cooling breeze immensely. A new time card will go into effect on the B. & M. August 15. The time of the midnight train will be changed so they will meet at Lincoln at about one o'clock. The theatre train will not reach here until two o'clock in the morning.

Thomas Janson, 70 years of age, was sick with rheumatism and had a gage on his person, is the latest mysterious disappearance. He has not been seen by his friends for several weeks, and it is thought he has been murdered. His home is in Berlin, Mo. Judge Archer took a bath at the sanitarium yesterday and feels much better. As a democrat he has been cautioned about counting too much familiarity with water and not bathe too often lest he lose some of his popularity with the masses as a loyal, old-line democrat.

William Wynn, Jr. and family will start east in the course of ten days on an extended visit among relatives. Mr. Wynn will go into Michigan where he will visit his sisters and uncle, and his wife will go to Ohio to visit sisters, aunts and uncle. They will be gone about a month before returning. On the morning of Feb. 20, 1895, I was sick with rheumatism and had my bed until May 21st, when I got a bottle of Chamberlain's Pain Balm. The first application of it relieved me almost entirely from the pain and the second afforded complete relief. In a short time I was able to be up and about again.—A. T. MOREAUX, Laverne, Minn. Sold by all druggists.

The wife of a man residing in the third ward has been making trouble by using language that might properly be called "ruff" and calling the neighboring women vile names. A warrant was about being issued for her arrest, when the judge concluded to first send an officer to notify her what would be done, and at last accused everything was quiet. Roy Toney, a young man about 19 years of age, living near Berlin, got his foot caught in the master wheel of a horse power Tuesday, while thrashing near Amana, and had his left ankle crushed. Dr. Hungeate, Dr. Hillis of Berlin and Dr. Brendel of Avoca, were present and dressed the limb. They are trying to save the foot but feel very doubtful about the outcome.—Weeping Water Republican.

Opposed to the Fair. There is a strong disposition on the part of numerous tax payers to prevent the county commissioners making the usual appropriation for a county fair, and unless some steps are taken at once an appropriation of about \$700 will not be made. Injunction has been suggested as the proper step, and while we doubt that being effective, we are ready to join with others and raise a fund to contest the right of a few men to raid the county treasury upon pretense of holding a county fair. The amount to be appropriated is almost sufficient to buy all the exhibits that will be on the ground this year, and it is the nearest thing to robbery for a gang to get hold of \$700 of the people's money and squander it in paying "salaries and expense" to themselves for conducting such a ridiculous farce as this thing has been several years past. The Ledger, as well as most of the farmers in this part of the county, is decidedly in favor of putting forth some effort to prevent this county fair foolishness, better use the \$700 improving cemeteries, and have the county fair officials draw salaries as sections if they must be kept at the expense of the tax payers.—Union Ledger.

Uncle Timothy Clark is in today from his Weeping Water ledge, shaking hands with hosts of old-time friends.

Mrs. VanAves returned to her home at Lincoln this morning after a visit with her parents. Mr. and Mrs. W. H. Henson, south of town, are enjoying the exhibition today. John Kenson, of Stockton, California, departed for home this afternoon after a brief visit with his brother-in-law, Keese Walker and family. Will Open Monday. Plattsmouth's new bank, the Farmers Savings bank, will open for business next Monday morning under very favorable auspices. This will be a great opportunity for wage workers, not only to deposit their surplus cash in a safe, but to draw a neat interest on the same, as interest will be paid every thirty days to all who so desire. The bank starts out with ample capital, and that it will be managed on conservative lines goes without saying, when it is known that C. C. Parmele is manager of the institution.

As a place for small savings, as well as larger amounts, the new bank will be of great benefit, and will soon become one of the leading financial institutions of the city. Funds from \$1 up will draw interest if placed on deposit for thirty days. Everyone is welcome to the new bank at the Union Block corner, where all questions will be answered.

Firmen's Tournament. Fred A. Wood, manager of the National Firmen's Tournament to take place in Omaha, September 5 to 10, says that at least 100 companies will participate, and not less than 10,000 people will come. Several companies from Iowa, Kansas, Missouri, South Dakota, Illinois, Minnesota, New York and Pennsylvania are booked, and many crack companies will be present. The rates probable for the occasion are one cent a mile for a radius of 350 miles, and in parties of fifteen or more, one cent a mile from any part of the country.

Mr. Wood says the western states promise very large delegations, and at least 500 firmen will come from the far east. The responses, he says, far exceeds his expectation. Ten thousand dollars in prizes will be the drawing card.

A Bright Boy. An exchange gives the following as a school boy's idea of an editor: "The editor is one of the happiest mortals on earth. He can go to the circus afternoon and evening without paying a cent, and to inquests and hangings. He can go to the races, to picnics and strawberry festivals, gets walking excursions sent to him and sometimes gets ticked, not often, for he can take it back in the next issue, which he generally does. I never knew but one editor to get ticked. His paper boasts that day and he couldn't take things back. While other folks go to bed early the editor can sit up late and see all that is going on. When I am an editor I can stay out late at night. Railroads get up excursions for him. In politics he don't care much who he goes for if they are on his side. If they ain't he goes for them anyway. If I were asked which I would rather have, an education or a circus I would say let me be an editor."

Republican Float Convention. It is recommended that no proxies be allowed, but that the delegates present cast the full vote of their respective counties. I. W. TEBGARDEN, Chairman. H. C. FREEMAN, Secretary.

Will Organize a Team. J. A. Murray, Lyman and Elias Kilduff of Cass County, and Charles Oshel, Mike McCool and Wm. Berfer of Carroll county, are organizing a team on the avenue last night, and showed up well for the first run in several years. "The boys will select twelve of the fastest men and organize for the purpose of taking a chance at the exposition prizes.

Spend August in the Black Hills. Go first to Hot Springs. There you can bathe, ride bicycle, climb mountains, dance and play tennis to your heart's content. If your limbs are stiff, your kidneys out of order or if you are troubled with eczema or any other form of skin disease, a month at Hot Springs will make a new man of you. Sylvan Lake and Spearfish are within a comparatively short distance of Hot Springs and everyone who visits the Black Hills should see them. Sylvan Lake is the prettiest and coolest summer resort in the west. Spearfish is reached after a railroad ride that ranks among the experiences of a lifetime. There is nothing like it anywhere else on the globe.

During August, the Burlington route will run two low rate excursions, one on the 9th, the other on the 26th of that month. Tickets will be sold at one fare for the round trip—half fares—and will be good to return at any time within thirty days. Organize a party. Arrange about your hotel accommodations at Hot Springs. Get your tickets from the Burlington agent, and pass the most delightful months in the year in the most delightful summerland on the continent.

Dangerous Drinking Water. Death lurks in impure water. It breeds diseases often in epidemic form. The first symptom is looseness of the bowels. These diseases are checked by taking Foley's Colic Cure, Fricke & Co. A man is on exhibition at the Hotel Plattsmouth who has not swallowed any food for two years. He chews his victuals and then blows them into his stomach through a rubber tube, which is inserted a little above the waistband of his trousers. Old papers for sale at this office.

"I think DeWitt's Witch Hazel Salve is the finest preparation on the market for piles." So writes John C. Durn, of Wheeling, Va. Try it and you will think the same. It also cures eczema and all skin diseases. F. G. Fricke. Subscribe for THE NEWS—the best paper in the city.

We Will Retain Manila.

HONG KONG, Aug. 5.—The following has been received by General Wildman: "Cavite, July 30.—I have read in the Journal that I am getting the 'big head,' and not believing as I promised you. In reply, I ask, why should Americans expect me to outline my policy, present and future, and fight blindly for her interests, when America will not be frank with me? Tell me this. 'Am I fighting for annexation, protection or independence? It is for America to say, not me. 'I can take Manila, as I have defeated the Spanish everywhere, but what would be the result? 'If America takes Manila, I can save my men and arms for what the future has in store for me. 'Now, good friend, believe me, I am not both fool and rogue. The interests of my people are as sacred to me as are the interests of your people to you. 'AGUINALDO."

Aginaldo More Friendly. MANILA, June 30.—[Via Hong Kong, Aug. 4.]—Aginaldo asks permission of Merritt to march his troops through Manila streets when that city falls. Merritt may consent, but the highest officers are friendly with the Americans and suggest the formation of Philippine regiments with American officers. This proposition is well received and offers a possible solution of the present difficulty.

American troops now occupy the trenches in front of Malate, the rebels having retired. The Astor battery and a battalion of the Third Infantry is now at the front. The Spanish lines within 1,000 yards of the Spanish lines. Fathers Donagan and Manpink, formerly of Merritt's staff, have gone to Manila to interview the highest officers and point out the utility of resistance.

Rough Riders Routed. TAMPA, Florida, August 4.—The detached troops of Roosevelt's Rough Riders camped near here were driven out of camp, routed and dispersed by a cloudburst just after the lunar eclipse. The rain was so heavy that the detache was terrific while it lasted. Five or six inches of water in their tents was more than the boys could stand and when the downpour ceased they turned loose and the camp surrounded with water, tents and gear. All camp fires were extinguished and the troop cook's tents were wrecked so that the cavalrymen found themselves supperless as well as bedless.

One Thing and Another

The Salvation Army which has labored faithfully at Nebraska City has given up in despair and left the town. Mrs. Herold wishes to announce that for the convenience of the members of the Women's Club, the badges have been left for sale with Mr. James Herold, at the store. The Indian day program at the exposition yesterday proved a great success, and a similar program will be given next Thursday when more Indians will be present. One Minute Cough Cure produces immediate results; when taken early it prevents consumption. And in later stages it furnishes prompt relief. F. G. Fricke & Co. Galia, the chairman of the pop state central committee, is likely to be crowded out. His relations to Dorgan in the penitentiary deal were unsavory, to say the least, and his personal life will not count for much under the circumstances. Sick headache, biliousness, constipation and all liver and stomach troubles can be quickly cured by using those famous little pills known as DeWitt's Little Early Risers. They are pleasant to take and never gripe. F. G. Fricke & Co. A bunch of cattle belonging to John McKeegan of Bancroft, were last Thursday attacked by a swarm of bees. Thirty head were driven over a fifty-foot bluff and two or three head were drowned. The eighteen head that were saved were aided by a ferryboat that happened near.—E. C. I desire to attest to the merits of Chamberlain's Cough Remedy as one of the best remedies and efficient preparations on the market. It broke an exceedingly dangerous cough for me in 24 hours, and in gratitude therefore I desire to inform you that I will never without it and you should be proud of the high esteem in which your remedies are held by people in general. It is the one remedy among ten thousand. Success to it.—O. R. DOWNEY, Editor Democrat, Albion, Ind. For sale by all druggists.

Patriotic. "John," said a Topeka wife to her husband, "I will quit drinking tea and save the wax if you do the same with beer." "Woman," responded John with cold severity, "do you think it is the part of patriotism to abandon your country in its time of peril?"—E. C. Electric Bitters. Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the summer, when exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often cured the most obstinate and bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, Headache, Indigestion, Constipation, Dizziness, and all other ailments.
