About Trousers..

AS A RULE, Trousers beat

the Coat and Vest to a finish by several months. That's what makes this Extra-Trousers season. It's considered quite the thing, too. Coat and Vest alike, Trousers different.

A NEW PAIR OF TROUSERS, with that old Coat and Vest, which are yet too good to throw away, would make the whole look almost like a new Suit. An extra pair of Trousers is a good thing to have around the house, for Trousers need rest as well as a man; and then, do you ever think what would happen if the pair in use should get lost or stolen? We sell the DUTCHESS TROUSERS that fit and hang well, and never lose their identity; \$1.50, \$2.00 and up to \$3.00, and the best trousers you ever saw for the money.

Most everybody wants DUTCH-ESS TROUSERS because they are warranted.

We pay money for Buttons that don't stick and for Seams that rip.

We are on the threshold of a new season. Goods are arriving. Shall be pleased to show you the new styles.
