The News observes that the Otoe county agricultural society is advertising the county fair in such papers as have not condemned the taxing of the people to help sustain the fair.

The News is opposed to giving a bonus to any fair, and particularly when they are no better than the ones of Nemaha, Otoe and Cass counties.—Nebraska City News.

The Plattsmouth Journal, the only democratic paper in the county, is getting out the tax list. The board of commissioners is supposed to consist of one democrat and two republicans but it doesn't. George Young is responsible for the Journal doing the work, and the republican papers and republican voters of his district will take care of him when the time comes, and don't you forget it.

The university bulletins issued by the agricultural experiment station in connection with the state university are of great value, being the most practical dissertation on the subjects treated we have ever seen in print.

They cover a wide sphere, from bugology to tree planting, and if you want one send to the U. S. Experiment Station, Lincoln, Nebraska.

Judge B. S. Ramsey arrived at noon and this afternoon convened court. He has as yet not decided whether he will adjourn court or not, but most likely he will as ten of the leading attorneys have petitioned for an adjournment and the county attorney is confined to his bed by illness so that no criminal cases can be tried until he is up again.—Nebraska City News.

Coincident with the presence in New York of a lineal descendant of Baron Munchausen, the New York Times gets off the following without fracturing a rib: "Seven years ago a calf tore a man's vest from a back yard fence, where it was hanging, chewed up the garment and swallowed a gold watch that was in the pocket. A few weeks ago the calf, now a full grown animal, was slaughtered for beef, and the watch was found in such a position between the lungs that the process of respiration, closing and filling the lungs, had kept the stem-winder wound up and the watch had lost only four minutes in seven years."

Letter Wheat Deal Closed.

CHICAGO, Ill., Sept. 8.—Joseph Leiter is now free from all debts growing out of his big wheat deal. The banks who assisted him have been reimbursed, and the 14,000,000 bushels of wheat the young plunger held at the time of his collapse have been disposed of.

"The last settlement has just been made and I am out of the thing entirely," said Joseph Leiter today. "All my wheat is sold. Mr. Armour and Mr. Peavey were chiefly instrumental in disposing of my cash wheat in this country. Nearly all the wheat I had in the United States was sold here, and the wheat stocks in Europe were disposed of there.

"As to the outcome, it would not be in touch with the facts to say that I was fortunate. When I realized that the campaign could not be continued I made up my mind to give all my time to satisfying the claims of my creditors. My father came to my aid, and has borne the burden with me. The banks have been paid, and all other creditors have been satisfied. It is my intention to see that my father does not have to sacrifice anything because of my wheat venture. I am devoting all my efforts to paying him for what he has done.

"The statement made some time ago that the wheat sold to the people in France was thrown back on my hands is not true. No wheat was returned to me except what they bought."

Mr. Leiter will not tell what his losses amounted to, but the general estimate is around \$10,000,000.

President Harper has announced that Mrs. Emmons Blaine's gift of \$250,000 to the University of Chicago, to establish a college for teachers, will be put to use at once and the new department will be opened October 1.

The Chief Burgess of Milesburg, Pa., says DeWitt's Little Early Risers are the best pills he ever used in his family during forty years of house-keeping. They cure constipation, sick headache and stomach and liver troubles. Small in size but great in results. F. G. Fricke.

About Trousers..

AS A RULE, Trousers beat

the Coat and Vest to a finish by several months. That's what makes this Extra-Trousers season. It's considered quite the thing, too. Coat and Vest alike, Trousers different.

A NEW PAIR OF TROUSERS, with that old Coat and Vest, which are yet too good to throw away, would make the whole look almost like a new Suit. An extra pair of Trousers is a good thing to have around the house, for Trousers need rest as well as a man; and then, do you ever think what would happen if the pair in use should get lost or stolen? We sell the DUTCHESS TROUSERS that fit and hang well, and never lose their identity; \$1.50, \$2.00 and up to \$3.00, and the best trousers you ever saw for the money.

Most everybody wants DUTCH-ESS TROUSERS because they are warranted.

We pay money for Buttons that don't stick and for Seams that rip.

We are on the threshold of a new season. Goods are arriving. Shall be pleased to show you the new styles.
