LIVE STOCK SHOW AT OMAHA.

Prospects for an Unusually Big Exhibit at the Trans-Mississippi Exposition.

There is at this time every indication that the live stock show at the Trans-Mississippi Exposition will rank among the very largest and finest ever given in the country. It will offer almost universal opportunity for those who wish to improve their flocks and herds to see the best stock the world contains to gain information of great value. The exhibition will also offer exceptional opportunity for those who have improved stock for sale to advertise their productions and to make the acquaintance of likely purchasers.

The live stock exhibit is divided into six classes. Of these the poultry exhibit will be given first—from September 10 to September 30. On Monday, October 3, the exhibit of cattle, horses (in which class are included jacks, jennets and mules), sheep and swine will open, to continue until October 20; and the fat stock will be shown October 13 to 20 inclusive.

All animals must be on the grounds of the exposition not later than the opening date of the division to which they belong, except that, in the general division of cattle, hogs, sheep and horses, animals which have been on exhibit at state or county fairs and are obtained in transit will be admitted to the grounds as late as 8:00 a. m. October 6.

Full freight rates must be paid on all exhibits shipped to the exposition, but animals which do not change ownership will be returned free under the usual exhibition certificate arrangement.

Terminal charges have been modified and a single fee includes a switching charge for transferring carload lots into the grounds and also assistance in unloading and drayage on feed and necessary show paraphernalia from cars to stock barns. Less than carload lots may be billed to Omaha local depots, and on these a small charge will be made for delivery to the show grounds.

A New Road Material.

Martin Dodge, an attaché of the agricultural department, is at the exposition to put in an exhibit for the department that will attract great attention among farmers. The department has tested the plan thoroughly and has found that a system of flat steel plate rails is of immense advantage in transporting produce over country roads. The plan is to set the rails, with an upper surface of about five inches, in cement and to fill the intervening space with concrete. There is a flange on the inner side to hold the wheel on the track and the width of the rail is sufficient to accommodate the tire of any ordinary farm wagon. The wagon is thus enabled to roll along over the rails in the fashion of a street car and may be propelled with a small fraction of the power usually necessary. The arguments used by Mr. Dodge in support of this system are: First, that with steel at one cent a pound, the method is as cheap as a macadam pavement would be; second, that its durability is much greater, and, as there is no perishable material used in the construction, the trackage is practically indestructible, and third, that a much smaller motive force is necessary, as it is estimated that over the usual country road two to four times its weight is the load of an ordinary animal.

Mr. Dodge will lay 510 feet of this track on the exposition grounds to demonstrate the construction, running west on Twentieth street. He is accompanied by E. J. Harrison, also of the agricultural department, who is an expert in road making. Mr. Harrison has already discovered unsuspected paving material in this state and will illustrate the most approved methods in road formation from materials already known to be accessible.

Name Commissioners Today.

MADRID, Sep. 15.—The queen regent presided at the cabinet council today. Senor Sagasta outlined the situation, and said that the government had received no reply from the United States to its repatriation of Spaniards in the Philippines. According to reports from Manila, one-third of the prisoners of General Aguinaldo have died of bad treatment. The peace commission will be appointed tomorrow.

The Daily Mail says: "The politicians, for the most part, favor an entire renunciation of the Philippines in exchange for economic advantages."

A company of gay troubadours en-masque sang very pleasantly Wednesday evening at the homes of many people about town. Their striking costumes attracted no little attention, among them being a good Pluto, a clown, a dude, Columbia, an old maid and three others making eight in all. They visited the following places and sang beautifully: George and H. N. Dovey, F. E. White, C. F. Stoutenborough, Mrs. Humphrey, Hotel Riley, Mrs. McElwain, Byron Clark, Westcott's Atwood's D. C. Morgan and "Dad" Karnes at the B. & M. depot.

The Future.

"Yes, sir," said the veteran, "that was way back in 1898. On the glorious 3d of July we were lying in front of Santiago and the bullets were just—"

"John!" screamed his wife, "Dewey's playing with your razor."

"Yes, sir, as I said, the bullets were just a-popping like rain. I was flat on my—"

"John," said the voice from the inner room, "Schley won't leave the cat be."

"I was flat on my face," resumed the veteran, "when I saw one of our boys drop over, and—"

"John, Shafter has run outdoors."

"As I said, I saw him drop with four holes in his forehead, and would you believe—"

"John, won't you whip Sampson for being naughty?"

"Would you believe it, sir, before he died he asked me for a—"

"John, please come to Hobson, he won't be quiet."

"Yes, sir, he asked for a chew of tobacco. But before I could get it for him a shell struck—"

"John, Miles is beating Olympia."

"Oh! drat them children. Wait a moment, sir, and I'll finish the story."

Teacher's Examination.

The time fixed by law for county examination for teacher's certificates, is the third Saturday of each month, but inasmuch as it is practically impossible to complete the examination in one day, the Friday preceding the third Saturday of each month will also be given for examination, thus making two days each month instead of one.

The internal revenue collector at Omaha states that it is not necessary to place a revenue stamp on teacher's certificates, or on orders issued by the directors, or the annual report of the directors, or on the teacher's contract, but revenue stamps to the amount of fifty cents are required on district treasurer's bond filed with the county clerk.
