HE WANTED TO PREACH.

But Was Adjudged Insane and Placed Under Restraint.

August Schuode, aged 22, who has been working on the Rock Island out in the west end of the county, and boarding in Alvo, was taken violently insane yesterday morning.

Schuode was rooming with another man who was working with him, and at three o'clock in the morning, his room mate was awakened by a yell from Schuode, and thinking that he had a night mare, tried to pacify him, whereupon Young Schuode seized a piece of furniture and hurled it at his partner, missing him but knocking out a window through which he forced his room mate and compelled him to stay outside in his night clothes until morning.

When it was light Constable Waugh and a posse of four men were required to subdue him. He tried to convince them he was preaching, and had a bible in his hand and kept talking to his hearers all the time telling them to repent and flee from the wrath to come. His home is at Grand Island, and his brother, who had been telegraphed for came and took him home last night. He seemed pacified to some extent when he saw his brother.

Sick of the Third.

The sick reports from the Third regiment continue to show that the men with Colonel Bryan are in a sickly condition. Yesterday a telegram was received stating that on Wednesday 101 men were sick in the hospital and eighty-four sick in quarters. Twenty-one were reporting to the hospital for medicine. Before the telegram was dispatched, nineteen additional sick had been sent to the hospital, making a total of 120. Colonel Bryan reports that there have been fewer new cases of sickness since moving to Pablo beach. He is preparing to send more sick home.

In response to a telegram asking Chief Surgeon Giffen how many sick of the Second in the Sternberg hospital would be ready to be transported north, the reply came that none could be moved at present. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

About Trousers..

AS A RULE, Trousers beat the Coat and Vest to a finish by several months. That's what makes this Extra-Trousers season. It's considered quite the thing, too. Coat and Vest alike, Trousers different.

A NEW PAIR OF TROUSERS, with that old Coat and Vest, which are yet too good to throw away, would make the whole look almost like a new Suit. An extra pair of Trousers is a good thing to have around the house, for Trousers need rest as well as a man; and then, do you ever think what would happen if the pair in use should get lost or stolen? We sell the DUTCHESS TROUSERS that fit and hang well, and never lose their identity; \$1.50, \$2.00 and up to \$3.00, and the best trousers you ever saw for the money.

Most everybody wants DUTCHESS TROUSERS because they are warranted.

We pay money for Buttons that don't stick and for Seams that rip.

We are on the threshold of a new season. Goods are arriving. Shall be pleased to show you the new styles.
